

Zachary Tworek 903-814-8412 [ztworek@gmail.com](mailto:ztworek@gmail.com)

University of North Texas BFA New Media Art History Minor

Politechnika Warszawa Photonic Engineering Program 2015-2017

My practice includes generating reactive installations while taking inspiration from machine learning and practical engineering. As an artist I am invested in how human machine interfaces can create complexities in our day to day interactions. I am dedicated to creating data driven interactive experiences with Python Programming Language and Computer Aided Design softwares
