

The cages are arranged:

A

B

C

D

Note to Exhibitors: it is the exhibitor's responsibility to ensure that the song cages chosen are of a condition and style which can be stably stacked 4 high.

The cages are stacked 4 high. The top cage has a card or board covering it. The cages are stacked A to D from top to bottom. The feed containers or drawers go to the Judge's left. The spectators would normally sit on the opposite side of the staging table from the Judge.

Always bring your birds in clean cages, clean paper, and bring plenty of food and water for your birds for the entire stay of the show.
