

SUBJECT: Kauai Dance House Scholarship Fund 2026-27

Aloha from Kauai Dance House,

On behalf of the dancers, families, and staff at Kauai Dance House, we are reaching out to local businesses, organizations, and individuals to partner with us in supporting our Dance Scholarship Fund for our upcoming 2026-27 season.

Each year, Kauai Dance House offers a limited number of tuition scholarships to students who demonstrate dedication and a love for dance but need financial assistance in order to participate. These scholarships help ensure that passionate young dancers can continue training, building confidence, and participating in performances alongside their peers.

Your partnership directly helps local youth participate in dance while also providing meaningful visibility for your business among hundreds of Kauai families.

What Partners Receive

Partners will receive recognition throughout the season, including:

- Your name, business name or logo displayed on the Kauai Dance House website
- Recognition in performance programs for our major shows
- Acknowledgement in our studio email marketing (sent to 1000+ Kauai families)
- Recognition on Kauai Dance House social media (3,000+ followers)
- Two complimentary tickets to each major performance during the sponsorship period

Business Spotlight

Partners at the \$500 level and above will also receive a Business Spotlight post on our social media channels highlighting their business and thanking them for supporting youth dance in our community.

Please note: Kauai Dance House is a for-profit organization, so sponsorships are not tax-deductible donations. Many businesses choose to categorize this as a marketing or promotional expense.

Supporting Youth Through Dance

Throughout the year, Kauai Dance House presents performances featuring students of all ages. These events bring together families from across the island and showcase the creativity, dedication, and growth of our dancers.

Through the Partnership Program, we are able to help ensure that financial barriers do not prevent students from participating in dance and the positive community it provides. We hope you will consider partnering with Kauai Dance House to help make dance accessible to more students in our community. We truly appreciate your support and encourage you to share this opportunity with others who may also be interested in supporting local youth through the arts.

With Aloha,

Rebecca Owen
