We're delighted to collaborate with The Mowbray, Chimney House & Victoria to provide them with beautiful seasonal flowers for their wedding and events within their iconic venues.

As our seasonal blooms beautifully enhance the tables styled by their team alongside your delicious banquet, consider exploring our full range of floral services to create a cohesive look throughout your event.

We can provide bespoke personal flowers such as bouquets, buttonholes, and corsages which will seamlessly coordinate with the venue's arrangements. Additionally, we offer a variety of venue decorations, including installations and arrangements, to ensure every floral detail is perfectly matched and harmonised.

Sustainability

We grow our cut flowers in Holmesfield on just over an acre.

We grow alongside nature, conscious of the resources we use and avoiding harmful chemicals.

We have adopted sustainable practices and methods in our floristry from the beginning, not only to reduce our environmental impact but also to minimise waste.
