

GREYSTONE

Flowers

Megan & Vicky
Flower Farmers & Florists

Wedding Flowers all year round
British Flowers available throughout
April to October

www.greystoneflowers.co.uk

We're delighted to collaborate with The Mowbray, Chimney House & Victoria to provide them with beautiful seasonal flowers for their wedding and events within their iconic venues.

As our seasonal blooms beautifully enhance the tables styled by the team at Victoria alongside your delicious banquet, consider exploring our full range of floral services to create a cohesive look throughout your event.

We can provide bespoke personal flowers such as bouquets, buttonholes, and corsages which will seamlessly coordinate with the venue's arrangements. Additionally, we offer a variety of venue decorations, including installations and arrangements, to ensure every floral detail is perfectly matched and harmonised.

Sustainability

We grow our cut flowers in Holmesfield on just over an acre.

We grow alongside nature, conscious of the resources we use and avoiding harmful chemicals.

We have adopted sustainable practices and methods in our floristry from the beginning, not only to reduce our environmental impact but also to minimise waste.

Additional items can be added to any package, please enquire for a bespoke proposal.

We offer a complimentary consultation to couples to discuss our exclusive packages available for Victoria and to create a bespoke proposal tailored just for you.

We would love to work with you to design your flowers, working with British flowers throughout our growing season, and bring your vision to life.
