

EDP welcomes the commercial division of Sal's Propane to our family of companies as we expand in Southern California.

Sal's Propane has served the greater Los Angeles area since 1984 and adds to EDP's local presence. "EDP has an honorable history and reputation. They were fair and consistent from the initial offer to beyond closing — a company I could trust for my family, employees and customers," said Sal Balsamo, longtime operator and son of founder John Balsamo.
