

Meet Your Child Care Provider

Welcome to the Helping Hands Family!!! We are so excited to have your family with us!!! My name is Sandra and I will be caring for your child. I'm so happy to get to spend some time with your child and get to know them. We are going to have an amazing time!!

About HHELUCU

Helping Hands Early Learning Child Care started in March 2012. There was no name at that time. Just a mom who couldn't handle her child being sick every single week he was at daycare. This was a "temporary option" until my own children started school. After a little while, the name Sandra's Playtime was put on. We continued to grow and I realized that I loved working with children on a personal level that I wouldn't get to have in a larger centre. In 2016, it was time for a change. Enter Helping Hands Child Care. In the last few years, there have been variations of this but the core was still the same. Then in 2024, once I realized that we definitely have at least another 5 years going, I was ready to really focus on being more of an educational experience. With that we are now Helping Hands Early Learning Child Care. I have been working hard on developing and creating play based educational activities for the children. I believe that this is 100% the best version of HHELUCU that has ever existed!

About Me

I was born in February 1986. I graduated from Jane Norman College in Truro in 2006 with my ECE diploma and again in 2007 with my Special Education certificate. I then went to CBU for BACS. I am a mom of 3. My oldest son was born in 2010, my second son was born in 2013, and my daughter was born in 2024. I have been with my non-husband hubby since 2009. You will see all of them around the house. All the children that I have cared for love them all. My hubby actually joined me in the child care business for 2 years. He still helps out whenever he can.

My Favourites
