Hyde Syte Tactic's Advanced Patrol Rifle Course (APRC) has been developed to set the bar. This course has been designed to set up Law Enforcement Officer's for success when using their AR/M4 platform. Officers will advance their skills from basic patrol rifle and apply realistic applications to what they will encounter on the streets.

The APRC will sustain experienced Officers who already carry. From quick reloads, moving and shooting, shooting from cover, around vehicles and shooting while under stress, this course will set Officers up for survival and enhance their skillsets as a Patrol or SWAT Rifle Operators.

Instructed by current 24 year SWAT Sergeant, 30 year Special Forces Firearms Instructor/Operator and State LESB Firearms Instructor, Trevor DeBoer.
