PROFILE

Dedicated, multi skilled carpenter/builder with 5+ years of hands-on experience in a multitude of working environments. Now specialized, but not limited to, intricate carpentry involving complex and creative conceptual designs and builds. Capable of managing or working alongside diverse teams with an uncompromising commitment to delivering quality work in line with the brief.

EXPERIENCE

Freelance- set and event carpenter/maker

June 2022 - present
Proved my ability to work effectively under pressure and adapt to evolving projects in fast-paced production environments. Repeatedly trusted by multiple established companies on large scale jobs both in the UK and abroad. My diverse skill set and reliability has earned me the reputation as an effective, valued member of any team in both a workshop environment and on site. My eclectic portfolio proves my versatility.

TRIG construction- owner/operator

June 2021 - June 2022
Founded and managed a small construction company, working on both residential and commercial construction projects. Managed all aspects of company operations, including financial management and administrative functions, to ensure smooth business operations and profitability. Oversaw project planning, scheduling, execution, budgeting and quality of delivery. Working alongside a team of sub-contracting professionals, which provided a safe environment for me to cement my skill set in multiple trades.

Freelance- General builder

July 2019 - June 2021

Fabulous Fan Fayre- Waiter

October 2018 – May 2020
