

# NOT MY CIRCUS

Instructions in case you need them:

**The Center is You!**

(Based on the teaching “My job is me!”)

**“Not my Circus;  
not my Monkeys  
Worksheet”**

2nd circle is reserved for husbands, wives, your person, children, parents and pets.

3rd circle is divided into most important people outside of our house.

Example: nieces and nephews / best friends / brothers and sisters and their wives and husbands / people you don't see that much but would morn if they were not in your life / in-laws

Bottom left circle – Mother Earth

Bottom right circle – groups that you belong to / the job that pays your bills / charity organizations that you can't live without.

Top right circle – people that you know in other Countries or States

Example: Social media besties that make you smile when you see their posts.

The rule of \*thumb: If you get on a Save the World Kick; you have to check your worksheet first!

If that person is not on the worksheet, then you must follow “Restraint of pen and tongue and \*thumb!”

Which circles back to Not My Circus; Not my Monkeys.  
**DO NOT ENGAGE!**

\*Thumb recently added because of texting. LOL
