

Last Days In Paradise

(Written in Copenhagen 2017- from the album Extinguisher)

There were warning signs.
There were warning signs in hindsight, hindsight.

Blinded by blonde legs on bikes,
flying by, flying by.

It's the last few days in paradise.
On the whole, I'd say it's been nice.
If a little over priced.
Well life goes on.

As I say farewell, there's a ball and chain
to take with me, take with me.
In the colours of the flag,
just in case I try to forget, to forget.

It's the last few days in paradise.
On the whole, I'd say it's been nice.
If a little over priced.
Well life goes on.

There were warning signs. There were warning signs
It's the last few days in paradise.
On the whole, I'd say it's been nice.
If a little over priced.
Well life goes on.
