FORLLE'd

Expert in anti-ageing from Japan

FORLLE'D FACIALS

Forlle'd, is a luxury Japanese Formula skincare brand, which uses Nobel Prize winning technology to develop low molecular substances which create the basis of Forlle'd products. Its patented low molecular Hyaluronic Acid is clinically proven to penetrate down to the dermal layer without the need of injections. Once in Albania, you can experience Forlle'd only at Queen Teuta SPA at Adriatik Hotel.

DEEP CLEANSING & DETOXIFICATION

This deep-cleansing treatment ensures exceptional results for every age and skin type. Tailored to meet your specific skincare needs, extractions are combined with the most exceptional skin care products. Lasting a luxurious hour and a half, enjoy face, neck and shoulder massage, while active products help to refresh your complexion – an exceptional experience, which delivers outstanding results. This treatment ensures delicate but deep cleansing and detoxification of oily acne and blackhead prone skin. It efficiently controls the sebaceous gland hyper-function, regulates and normalizes the glands' function, strengthens the skin's natural defenses and restores the skin's mineral and water balance.
