CAWD NEWSLETTER

HELLO & WELCOME!

We are thrilled to welcome you all to the first edition of Central Assiniboine Watershed District's Newsletter. We have created this Newsletter to share any projects highlighting the management of water and the environmental resources used to promote a healthier watershed for everyone! Each edition will keep you informed on the work we are doing at the District.

OUR CREW

We take immense pride in our team at Central Assiniboine Watershed District, where each member plays a crucial role in driving our projects. Guiding our team is Neil Zalluski, our district Manager, who brings over 14 years of experience to CAWD. Our office runs smoothly under the efficient management of Tracy Lockhart, our Financial Administrator.

Ashley Schultz, our Project Works Supervisor since 2023, works on all small dams, low level crossings and erosion projects! Hailey Gardham has been serving as the GROW/PWCP Coordinator since 2022. She coordinates all GROW initiatives and is the go-to person for any questions related to PWCP projects!
