COMMUNITY BBQ IN FORREST

CAWD hosted a free community BBQ in the Forrest community park, drawing a great crowd on July 30th! Guests from across the RM of Elton stopped by, making it an awesome chance to connect with residents and share updates on district programming.

Thanks to generous donations, \$70 was raised in support of the MAW Bursary, helping support future leaders in watershed stewardship. The event also featured a door prize giveaway, adding a fun highlight to the day.

A big thank-you to everyone who joined us and helped make the BBQ a success!

SUNFLO DAIRY FIELD DAY HIGHLIGHTS!

Neil and Hailey attended the Manitoba Regenerative Dairy Program's field day on August 5 at Sunflo Dairy near Holland, where producers, researchers, advisors, and industry partners gathered for a full day of learning.

Participants toured Sunflo's grazing systems, took in presentations on pasture and grazing management, and connected with others working to advance regen dairy production across Manitoba.

The event offered valuable discussion, demonstrations, and plenty of time for networking over lunch. It was a great opportunity to learn from producers and to strengthen relationships across the dairy and ag community!
