

Central Assiniboine Watershed District Grow Questionnaire

Name: _____

Phone Number: _____

Email: _____

Project Legal Description: Qrt. _____ Sec. _____ Twp. _____ Rge. _____

Project Scope:		
Grow Activity: Water Retention		
Would you like a small dam to be built?	Yes	No
Would you want to re size a culvert, make a berm or control tile? Project cannot drain so no tile drainage, or surface drains for draining lands.	Yes	No
Grow Activity: Wetland Conservation, Enhancement, or Restoration		
Do you have existing class 1 or 2 wetlands on crop land?	Yes	No
Do you have pastures with wetlands?	Yes	No
Have your wetlands been drained?	Yes	No
Interested in conserving class 1-2 wetlands? (still able to crop through them)	Yes	No
Would you be interested in enhancing any wetlands?	Yes	No
Would you like to Re-establish a perennial upland buffer around any wetlands?	Yes	No
Do you want to fence off a wetland?	Yes	No
Are you interested in an offsite watering system?	Yes	No
Would you be grazing this piece of land, or getting bales off?	Yes	No
If so, how many bales or grazing days would you anticipate?		
Restoration? (plugged surface drains, re-establishing natural topographic contours)	Yes	No
Grow Activity: Riparian Area Management		
Does this land have and existing buffer or is this a new project? (buffer strip is the area between a wet area and the dry crop land)	Yes	No
Would you be interested in enhancing the existing riparian area?	Yes	No

Interested in fencing for optimizing grazing impacts? Or Implementing "AMP Grazing".	Yes	No
Alternative watering systems?	Yes	No
Do you want to improve stream crossings?	Yes	No
Would you be interested in stabilizing banks to prevent erosion?	Yes	No
Would you be interested in a restoration project?	Yes	No
Would you like to plant trees or shrubs? Or complete other projects to improve riparian health and function?	Yes	No
Grow Activity: Buffer Establishment – shelterbelts, multi species buffer strips		
Are you interested in creating/planting new buffer strips on private land? (Could include a period of maintenance e.g. weeding, mulching, watering)	Yes	No
Would you be interested in grassed waterways?	Yes	No
Would you like salinity seed or perennial cover?	Salinity	Perennial
Are you interested in enhancing existing buffers on private lands?	Yes	No
Would you like to expand existing buffers by adding new rows or inter planting to increase species diversity?	Yes	No
Would you like to restore degraded buffers?	Yes	No
Are you wanting to re-establish buffer vegetation?	Yes	No
Do you want to prune and or remove dead or diseased trees?	Yes	No
Grow Activity: Upland area conservation, enhancement, or restoration		
Is it existing native prairie?	Yes	No
Interested in a woodlot management plan?	Yes	No
Are there erosion issues?	Yes	No
Do you have Fencing?	Yes	No
If so, would you want to cross fence to make paddocks?	Yes	No
Would you need a watering system to make the project work?	Yes	No
Do you graze the upland area?	Yes	No
How many days do you graze it for?		

How many cow/calf pairs?	
What is your Grazing plan?	
Are you interested in taking cropland out of production and putting it to perennial cover/hay?	
If so would you cut/bale/hay the area ?	Yes No
Would you graze the area with livestock?	Yes No
Is the upland area a treed area?	Yes No
What is the land rent in the area for similar style land?	

List The legal descriptions you are interested in signing up below and mark if you are the owner or if you rent the land.

Water system Questionnaire Upland/Riparian	
What type of livestock is this for?	
How many head of livestock/cattle would be using this watering system?	
Do you have rotational grazing?	Yes No
What is your grazing plan? Provide additional notes pages if needed.	
Do you have existing paddocks?	Yes No
Would you be willing to put up paddocks?	Yes No
Do you have existing creeks, rivers, sloughs, dugouts	Yes No
Are you willing to fence off slough, creeks, river in return for a watering system?	Yes No
How long of a fence (Meter/KM/Miles/FT) would you need to protect the waterway?	
What would be the estimated fencing cost? Materials + labor at \$25/hr	\$
What type of watering system?	All season - Summer
In need of a well with the watering system?	Yes No
Do you already have an existing well?	Yes No
Interested in pipeline with watering system?	Yes No
Interested in a wet well with motion eye system?	Yes No
Do you have an area holding back water that we can trench to for a wet well?	Yes No

Project Legal Description: Qrt. _____ Sec. _____ Twp. _____ Rge. _____

Notes:

- For Fencing The watershed district would look into paying for all interior fencing (paddocks/riparian fencing/wetland fencing) and the producer is responsible to put the fence up as in kind.
- Water system may also be covered by the watershed district.
