Zoom: N/A

Meeting called to order at 10am.

Discussion: Perimeter fencing for bale grazing

GROW Proposals: Buffer

GROW-B6-2025 – Paul Gaultier / Ken Turner

Alan Armstrong buffer enhancement on SE-14-13-19-W1 with land classes 2+5. The producer is wanting to plant a shelterbelt to his hayfield. The project will be proposed to cover the cost of the trees (\$495), cost of plastic mulch (\$225) and a maintenance cost (\$100). The project will be a 10-year project totaling to \$820.00 in the first year.

Carried

GROW Proposals: Wetlands

GROW-W15-2025 – Paul Gaultier / Mitchell McPherson

Rheal Bernard Wetlands conservation on NW-15-09-07-W1 and SW-15-09-07-W1 with land classes 2,3,4. The producer is wanting to conserve 9.12 acres of class 1+2 wetlands for a 10-year agreement at an annual rate of \$151.59/acre totaling to \$13,852.00 over the 10 years.

Carried

Adjourn: Ken Turner / Ted Snure
