

## Cloudera has the largest partner ecosystem.

More partners. More choice. With the largest ecosystem of experts that develop, integrate, and deploy technology on Hadoop, Cloudera can guarantee the best solution for your business.

When you work with Cloudera, you work with the leaders and innovators in big data.

## Those who think “data first,” think Cloudera.

The ability to use unlimited data in unlimited ways is transforming entire businesses. That’s why many of the world’s leading organizations trust Cloudera to help them answer the biggest questions. And solve the toughest business challenges.

We help all our customers unlock the hidden value in all their data. Because when you ask bigger questions, you get bigger answers. And that makes anything possible.

Let your data tell a different story.

# With the right data, you can do just about anything.

Imagine what your business could do if all your data were collected in one centralized, secure, fully-governed place that any department could access anytime, anywhere. Cloudera makes it possible—with the modern platform for data management and analytics.

With Cloudera, your existing data can be used in new ways. And, with entirely new business solutions in mind. Giving your organization the opportunity to tell its story like never before.

Partner with Cloudera, and you will never think about data the same way again.

Cloudera is changing the way organizations capitalize on data.

Cloudera Enterprise is the world's fastest, easiest, and most secure data platform built on Apache Hadoop™.

With Cloudera Enterprise you can efficiently capture, store, process, and analyze vast amounts of data. Making it easy to solve your most challenging business problems quickly, securely, and at lower cost.

Data has changed. Your data strategy needs to change too.

## The world's most popular Hadoop solution.

Cloudera has been leading the Apache Hadoop movement from the start.

With a foundation of 100% open source software, Cloudera's platform delivers more flexibility, more cost control, and better results for your business.

## Where can you see all your data taking you?

Data is more critical than ever. As is the need to gain significant value from its insights. Our professional services team has more experience helping customers succeed with Hadoop than anyone else.

Move from pilot to production quickly, painlessly, and at lower cost with Cloudera Professional Services.

## No one knows Hadoop like Cloudera.

Tap into the knowledge of Cloudera's support experts and achieve more uptime, better performance, faster case resolution, and proactive issue avoidance and prevention.

Our worldwide team of skilled Hadoop experts is the first, and only, proactive and predictive support for Hadoop—representing the industry's largest, most experienced support team dedicated solely to your success.
