

# Mukund Toro

BE (E&T), PGCBM, PMP

## Professional Background

Mukund has over 25+ years of professional experience in Software & Telecommunication, that includes R&D companies like Centre for Development of Telematics and global companies such as Motorola and Novell. He started his career as an Engineer and subsequently, he performed the roles of Project Manager, Program Manager and Director (Engineering).

## Training and Consulting

After working for over two and half decades in various corporates, Mukund made a lateral switch to his passion for Project Management Training and Consulting.

Mukund has trained and mentored professionals from companies including Aditya Birla, Fullerton, iWave, Marico, Mindtree, Motorola, Nagravision, PRGX, Ramyam Infotech, Sony, United States Agency for International Development. He is also associated as expert with Manipal Academy of Global Education, Simplilearn, Practical Methods, RefineM (USA) and KnowledgeWorks.

Mukund has trained over 4000 project managers and still counting. His participants come from several cities in India and from across the globe to include USA, UK, Argentina, Canada, Middle East, Afghanistan, Mongolia, Singapore, Australia.

Mukund has designed and delivered bespoke project management training based on customer's specific requirements. He also delivers PMP® preparation training. He is at home with classroom method as well as webinars.

## Other Engagements

Mukund is a familiar face in PMI Bangalore chapter and also part of the PM OpenSpace initiative. He has delivered several talks at the Bangalore chapter and other forums. Besides Mukund is an active contributor on LinkedIn.

Mukund is a member of Toastmasters and is inching close to becoming a Competent Communicator.

Mukund has travelled across the globe extensively for business including countries such as US, UK, Canada, France, Australia, Afghanistan.
