Inspired Designs

A life-long affection of vintage furnishings coupled with a fascination of mechanical antiques serves as inspiration for our product designs. To bolster product ideation, we explore new product concepts through ongoing field research and online market intelligence. Our endless pursuit of unique furniture allows us to provide customers with an abundance of fresh designs.

Materials

- Solid hardwoods
- Rugged finishes
- Solid cast iron

FURNITURE

INSPIRED BY

ICONIC INDUSTRIAL THEMES

We'd love for you to visit our website or showroom. Our collections feature many unique industrial-themed items, including drafting desks, dining tables, bar stools and more.

VINTAGE INDUSTRIAL THEME

Inspired by steam-powered locomotives, machine-age devices and 19th-century manufacturing, our vintage themes are perfect for interior designers and decorators looking to add additional character to homes, restaurants or offices. Our Steampunk dining tables, for example, come with heavy reclaimed wood tops and solid cast iron bases with cogs and gears galore.

Rustic Deco Wholesale

Rustic Deco's new wholesale platform offers a great selection of mid-century modern and vintage industrial furnishings for both home and commercial settings. We're pleased to now offer our popular vintage-industrial themes with exclusive pricing options to professional decorators and brick-and-mortar retailers.
