We have consultants and experts and temporary needs and recruit for your permanent needs.

*Use CHERYLLA's RECRUITMENT to your office and IT environment, in a safe and professional way, so you can focus on the main tasks*

## ALWAYS THE RIGHT STAFFING

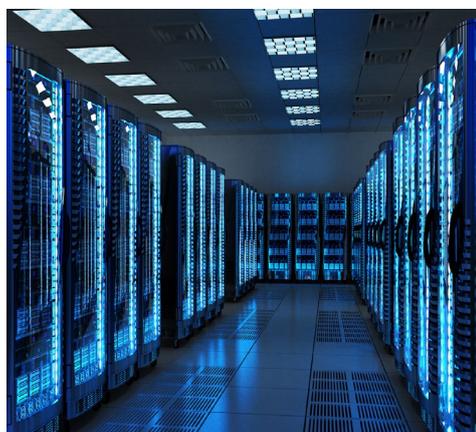

Hiring staff is a smart and cost-effective solution to a temporary staffing need, with shorter or longer duration, or when you need a temporary relief. CHERYLLAS takes employer responsibility in both up-and-down. CHERYLLAS can help you keep down fixed costs, maintain the operation and quality of work.

Agency/economic benefits: By having lower basic staffing and instead hiring staff from CHERYLLAS as the workload increases, you can reduce fixed costs.

Quick solutions We have an extensive candidate bank covering many business areas. By having active dialogue with our candidates, the right person can be picked up as soon as a staffing need arises. We take care of the practicalities and you only pay for efficient working hours. Easier to manage staff. You arrange the tasks and we take responsibility for the staff! We take care of recruitment, personnel responsibility, salaries, holiday pay, sick pay, skills development, insurance.

Examples of roles we provide:

• Network Technicians	• CTO
• Database Administrator	• CISM
