

BESPOKE QUARTER

MADE^{TO}FIT

Welcome to Bespoke Quarter.

We're the go-to jewellery manufacturer for the trade of Birmingham and beyond. Founded in 2021 after over 30 years in the business, we've combined traditional jewellery manufacturing with the latest technology and a winning team to create a modern, streamlined and reliable business.

We specialise in designing and producing popular designs and totally bespoke jewellery. From design to final polish and despatch, we have the right resource and facilities in our custom designed workshop to turn your customers orders into beautifully stunning treasures, quickly and efficiently.

This catalogue includes some of the more popular patterns we produce. If there's outside of the ordinary, or if you want to talk through a customer's job, get in touch with one of our experts today for a no obligation quote.

Our Services	50

Bespoke Quarter are members of the National Association of Jewellers and all of our pieces are created in the UK, continuing a long history of jewellery craftsmanship and design in Birmingham, England.

BESPOKE QUARTER. THE PERFECT FIT, BEAUTIFULLY CRAFTED.

Every piece we produce is different,
and it's the finer detail that makes a
difference when creating the perfect ring.

Every bespoke piece we produce for
the Trade at our headquarters in the
Jewellery Quarter, Birmingham is
beautifully created and crafted to
last a lifetime.

Founded in 2021 after over 30 years in the
business, we're delighting our customers
by combining traditional jewellery
craftsmanship with the latest technology
and a winning team to create a modern,
streamlined and reliable business.

Our multi-skilled team is based right in
the heart of the Jewellery Quarter on
Warstone Lane. We've custom designed
and developed our studio and workshop
in a historical location, bringing this 19th
Century building back to it's original
purpose and breathing creativity and
passion into our teams. We've got
everything in-house to design and
produce your customers orders from
concept to completion seamlessly.

We make the jewellery, that will make
your customers eyes sparkle.

MADE FIT

MADE to FIT ensures a perfect fit for your stone, every time.

Stock mounts traditionally come in set sizes, whereas no two stones are ever the same! Even a fraction of a millimetre between the two can mean an awkward, less-than-perfect fit.

With MADE to Fit, we produce every mount bespoke to the exact size of your stone. This assures you of a snug fit and a beautiful finish every time.

TRULY BESPOKE

At Bespoke Quarter we specialise in truly bespoke, one-off pieces, perfect for those that want to give something unique and everlasting.

We will expertly blend creativity and technical know-how to bring your idea to life and create the perfect one of a kind piece for your customer.

TRULY BESPOKE

ETERNITY RINGS

Our Made to Fit service extends to our bespoke Eternity Ring range. As we produce each mount bespoke, you are not limited by carat weight, stone size or coverage, so your customer can have their exact design which will last a eternity.

All we need to design and produce your eternity ring is ring width, carat weight and coverage, we'll do the rest!

OUR SERVICES

Concepts

We love bold new designs and welcome fresh ideas. If a client has a new concept, our highly experienced designers can work with them to create beautiful new pieces.

CAD

Our CAD designers have the technical and artistic expertise to make a client's vision a reality. Rigorously testing the structural integrity and durability of a design to ensure every new piece will last. We're also able to provide a 3D render of a ring once it's designed.

3D Printing

Once approved, 3D renders are translated into models, allowing us to check every part of the design – and offering clients another opportunity for approval. We'll then craft a wax of the ring for the casting stage.

Sourcing

Bespoke jewellery demands the highest quality stones and bullion. We've built strong relationships with many of the finest precious metal and stone providers in the UK and offshore.

Casting

For high quality casting and prompt delivery, we work closely with local casting companies. Checking each casting carefully throughout the process.

Mounting

Our in-house mounters are skilled in all metals, from silver to platinum, to ensure every piece of jewellery is perfect for your clients.

Setting

The setting stage is where true fit is found. Our highly experienced setters combine traditional and modern techniques to ensure stone and setting come together beautifully.

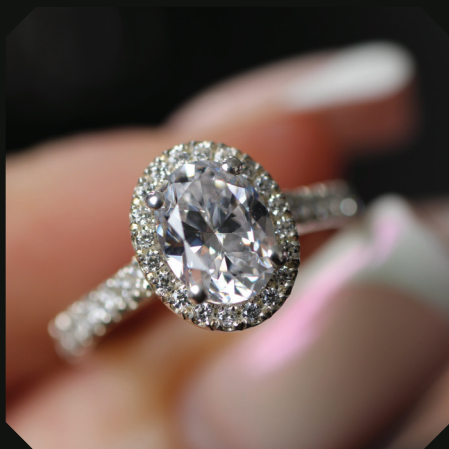

Polishing

We pride ourselves in ensuring every ring is presented at its absolute best. That's why each one is thoroughly polished before delivery.
