

# Get Connected

Generac's bestselling line of home standby generators, **the Guardian Series**, now come equipped with Wi-Fi®. When you connect your Wi-Fi enabled generator with our Mobile Link™ service, it gives you—and your dealer\*—the ability to proactively monitor your generator's status in real-time, 24/7 for enhanced peace-of-mind. No more surprises when you need your generator most.

## Save money.

Your Wi-Fi generator taps into your home network—a more cost-effective option than using cellular networks, also eliminating the need to purchase additional hardware.

## Save time and headaches.

Our Mobile Link service connects with your Wi-Fi generator to provide real-time status updates. No more surprises when you need your generator the most.

## Get faster service with a Dealer-Managed plan.

Your dealer can provide quicker service or maintenance with frontline access to your generator's information.

## Improved ownership experience.

Having proactive information about your generator (24/7, 365 days a year) allows you and your dealer\* to act quickly when a problem occurs—before or during an outage.
