

SUN-PAK® H₂O

Introductory Trial Program Solar-Powered Generator and Refrigerated Water Station

Trial Program Benefits:

- No Risk – Try SUN-PAK H₂O at your facility with no purchase obligation.
- Eliminate Bottled Water Costs – Reduce or remove annual bottled water spending.
- Sustainability Impact – Cut plastic waste and CO₂ emissions while enhancing your environmental credentials.
- Member Satisfaction – Offer cold water in high-traffic areas such as tee boxes and the turn.
- New Sponsorship Revenue – Sell ad space to local businesses or club sponsors during the trial.

What's Included:

- One SUN-PAK H₂O unit (delivered and set up at your facility)
- Initial training for staff on use and maintenance
- Custom branded signage or digital display setup (optional)
- End-of-trial performance summary (usage data, estimated savings, and potential ad revenue)

Try the SUN-PAK with an exclusive trial

Learn more and reserve your spot at
[SUN-PAK.com/Trial](https://www.SUN-PAK.com/Trial) or call (844) 909-9095.

Next Steps After the Trial

At the end of the trial, you can:

- Purchase the unit at special early-adopter pricing.
- Lease the unit with flexible monthly terms.
- Return the unit with no further obligation.
