STEP 2

DE EXTREMADURA
Spanish Government University

The Spanish Ministry
of Health & Education

evaluates your foreign medical
degree against Spanish
academic standards.

DOCUMENTS REQUIRED FOR THE HOMOLOGATION

- 1 Official B2 level Certification in Spanish language
- 2 MBBS Degree
- 3 MBBS Transcript / Marksheet
- 4 MBBS Curriculum (Study Plan)
- 5 Valid Passport

Well-prepared
documents
speed up the
process and
improve outcomes.

MATHEMATICAL ELIGIBILITY REQUIREMENTS

To avoid outright rejection, your MBBS degree must meet these 3 baseline requirements:

1. TIME

Minimum of
5 years
of academic study.

2. WORKLOAD

At least
5,500 hours
of documented face-to-face
(presencial) theoretical
and practical teaching.

3. HANDS-ON EXPOSURE

Minimum of
1,350 hours
in supervised clinical
rotation (rotatorio
clínico / internship).

EVALUATION OUTCOMES & SAFETY NETS

If there are minor gaps, you can compensate up to 15% using external professional experience or secondary degrees. Final decision depends on the remaining deficit:

FAVORABLE REPORT (DIRECT APPROVAL)

Deficit < 3.5%
(under 192 hours)

Your degree is
approved
immediately.

CONDITIONAL FAVORABLE REPORT (CONDITIONAL APPROVAL)

Deficit 3.5% – 25%
(up to 1,375 hours)

You must complete
complementary training
(training supplements,
aptitude tests or unpaid
hospital rotations).

UNFAVORABLE REPORT (REJECTION)

Deficit > 25%
(more than 1,375 hours)

The core structural
deficit exceeds the
acceptable limit.

STRATEGIC NOTE

Homologation is the legal gateway to
practice medicine in Spain and a mandatory
requirement before taking the MIR exam.

Your degree. Our process. One step closer to your **Medical Career** in Europe.

The final candidate to secure a residency position answered only **58 questions correctly**. This shows how crucial accuracy is with negative marking.

WHY IT MATTERS

By moving to a Work/Residence Permit in Year 2, you are no longer under the 10% quota restriction.

Only 10% of total Medical PG seats in Spain are reserved for Non-European candidates.

THE GOOD NEWS: THERE IS A WAY TO AVOID THIS CAP!

By meeting specific legal & administrative requirements, you can bypass the 10% quota and compete for **100% of the seats** available.

INCREASE YOUR CHANCES BY 90%

By bypassing the quota, you significantly improve your opportunity to secure a residency seat in Spain.

THE SOLUTION: BYPASS THE QUOTA

Enter the general selection pool alongside Spanish citizens by holding a **Residence & Work Permit** instead of a Student Visa.
