

# TCB CONSTRUCTION

## COMPANY PROFILE

We are  
unwavering  
in our  
commitments  
to our  
employees,  
safety, and our  
clients

TCB Construction is an open-shop operating company, serving as a facilities and integrity contractor specializing in electromechanical services for small infrastructure projects across the maintenance, repair, and upgrade sectors.

Founded in 2025 and headquartered in Liberty, Texas, TCB Construction is designed for rapid mobilization and cost-effective execution in non-union environments. While prioritizing safety, quality, and efficiency, TCB leverages highly skilled, OQ-certified craft labor, experienced project management teams, and deep industry expertise to deliver safe, reliable, and solutions-focused construction services.

TCB's operational reach crosses the Gulf Coast and Texas industrial corridor, delivering disciplined field execution and scalable industrial service capabilities in support of mission-critical assets.

# Safety

TCB Construction is dedicated to a standard of health and safety excellence, meeting quality with safety every time. As such, our safety program is one of the most rigorous in the industry. At TCB, safety is at the core of everything we do.

## Our Safety Culture

01

### Established Programs

Proven systems built from decades of industry leadership.

02

### Training

Program and field work focused training from credentialed trainers.

03

### Proactive Safety

Hazards identified, controlled, and communicated – before they happen.

04

### Employee Engagement

Safety ownership starts with every individual, every day.

05

### Behavioral Based Analytics

Real-time insight into trends that drive leading performance.

06

### Consortium Membership

Active participant with prequalification systems.

# FACILITY CONSTRUCTION SERVICES

## Areas of Expertise

- Compressor Stations
- Pump Stations
- Meter Stations
- Gas Processing Plants
- Solar Farms
- Tank Batteries
- CNG and LNG Facilities
- Station Upgrades
- Turbine and Fuel Gas System Install
- Data Centers

# FACILITY CONSTRUCTION SERVICES

## Areas of Expertise

- Compressor Stations
- Pump Stations
- Meter Stations
- Gas Processing Plants
- Solar Farms
- Tank Batteries
- CNG and LNG Facilities
- Station Upgrades
- Turbine and Fuel Gas System Install
- Data Centers

# PIPELINE CONSTRUCTION SERVICES

## Areas of Expertise

- New Pipeline Installation
- Take up & Re-lay
- Valve Stations
- Line Lowering
- Steel, Poly, Flex Steel, Zap, Lock Installation
- HDDs & Crossing Replacements
- Sand Blasting and Painting
- Hydro Static Testing
- Embedded Maintenance Crews
- Civil Construction
- Compressor/Meter/Pump Station Construction
- ILI/Make Piggable Projects

# INTEGRITY MAINTENANCE SERVICES

## Areas of Expertise

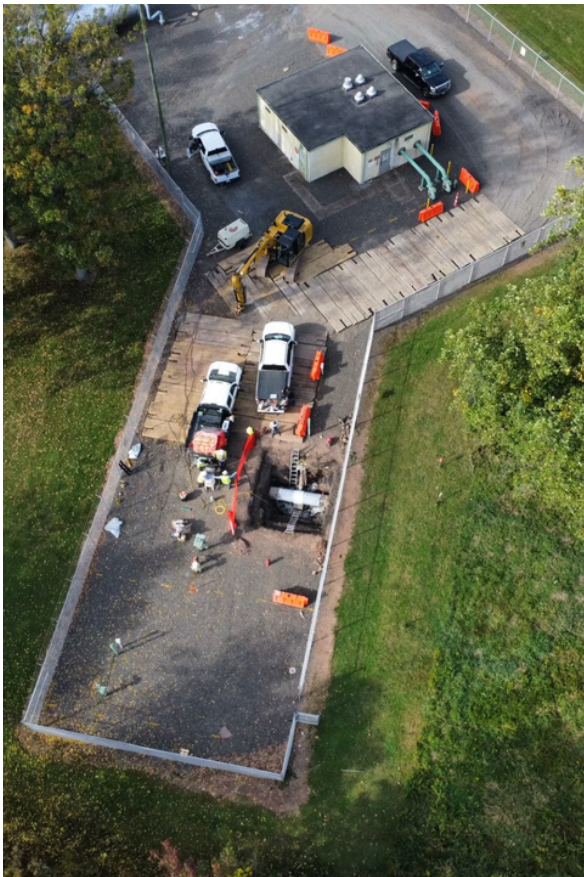

- Integrity Digs/ Anomaly Investigations
- Pipeline Repairs, Replacement, and Lowering
- Welding Sleeves, I-Wrap, and Clock Spring Installation
- Casing Repairs
- Emergency Response
- Pipeline/ ROW Rerouting
- Creek/ River/ Road Crossing
- Terminal and Facility Maintenance and Upgrades
- Coating Repairs
- ROW Maintenance and Vegetation Control
- In-Line Inspection (ILI) Launching, Receiving, Tracking, and Interpretation
- Hydro Excavation and Hydrostatic Testing
- Embedded Maintenance Crews

# PROJECT MANAGEMENT SERVICES

## Areas of Expertise

- Project Development
- Engineering Procurement
- Program Management
- Constructability Review
- Construction Management

### **TC Energy - PM3 Reversal**

Pikeville, KY

Scope - Greenfield Meter Station Installation and Pipeline Hydro

### **Enterprise Products - Sellers Rd 10" Replacement**

Houston, TX

Scope - PL Section Replacement & HDD

### **Enterprise Products - Terminals**

Orange, TX

Scope - Civil Parking Lot Construction

### **CITGO Petroleum - Chiltipin Creek HDD**

Taft, TX

Scope - 6,000 - 8" HDD under Chiltipin Creek

### **CITGO Petroleum - Luling Mechanical**

Luling, TX

Scope - Combination Greenfield/Brownfield Truck Rack/Terminal Build

### **Vision RNG - Tunnel Hill PL**

New Lexington, OH

Scope - 3 miles 12" Steep Terrain HDPE Dual Lay Pipeline

### **OCI Beaumont - ExxonMobil Meter Skid Project, EPC**

Beaumont, TX

Scope - Fabrication & Installation of meter skid for the OCI methanol pipeline feed to ExxonMobil. Executed during a 3-week turnaround tied-in during 48-hour outage

# Featured Projects

## **Enserv Natural Gas - HDD Interconnect & Meter Skid Install**

Cameron, LA

Scope - EPC Fabricate a trailer mounted pressure reduction skid for temporary service to supply natural gas to generators. 800' & 600' HDD PL Interconnects

## **TC Energy - MXP Slip Repairs**

Ripley, WV

Scope - Steep Terrain Slip Repair and Remediation

## **Tallgrass - Herford Ranch Compressor Station**

Colorado

Scope - Greenfield Compressor Station

## **VisionRNG - Seneca Pipeline**

Fostoria, OH

Scope - 1 mile 12" HDPE Dual Lay Pipeline

## **Tallgrass - Sequestration Hub Site Grading**

Car, Wyoming

Scope- Site Grading Project in Preparation for New Build Compressor Station

## **Plains All American, LP - Carlsbad Station**

Carlsbad, NM

Scope - Mechanical/Civil Station Modifications

## **MS Solar 2, LLC - Solar Farm Civil**

Sumerall, MS

Scope - Erosion Control and Site Grading of Existing Solar Farm Facility

11135 Highway 146 N  
Liberty, TX 77575
