ABOUT US

Founded in 2024 and based in Dubai, UAE, Vizcraft is a creative 3D visualization studio established by two passionate designers with over 12 years of experience in the industry. Our roots are in architectural visualization and crafting photorealistic environments that bring blueprints to life.

But we don't stop there.

Vizcraft is actively expanding into interior design and commercial product visualization, driven by a desire to explore new creative territories. We combine technical precision with artistic vision to turn ideas into immersive visual experiences. Whether it's a skyline-defining tower or a product ready for launch, our goal is to make the invisible, visible.

WHAT WE DO

3D Architectural Visualization

Interior Renders

Product Visualization

Graphic Design

Animations & Video Editing

Our Collabs -

OUR CREATIVE PROCESS

Every Vizcraft project blends precision and creativity, guided by a flexible process built around the client's vision.

Discovery	Concept Development	3D Modeling	Lighting & Materials	Review & Feedback	Final Render	Delivery
We listen first, understanding your vision, goals, and creative direction.	Moodboards and early layouts explore design paths aligned with your brand.	Detailed, precise models built to reflect your design intent.	Photoreal lighting, textures, and mood bring the scene to life.	We refine with your input ensuring alignment every step of the way.	High-resolution visuals with professional-grade post-production.	On-time handoff, in your preferred format ready to use and share.

What we need

AutoCad Files - 3D Models - Reference Images - Materials - Furniture Schedule - Landscape Plan

ARCHVIZ EXTERIOR

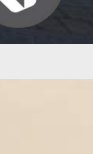

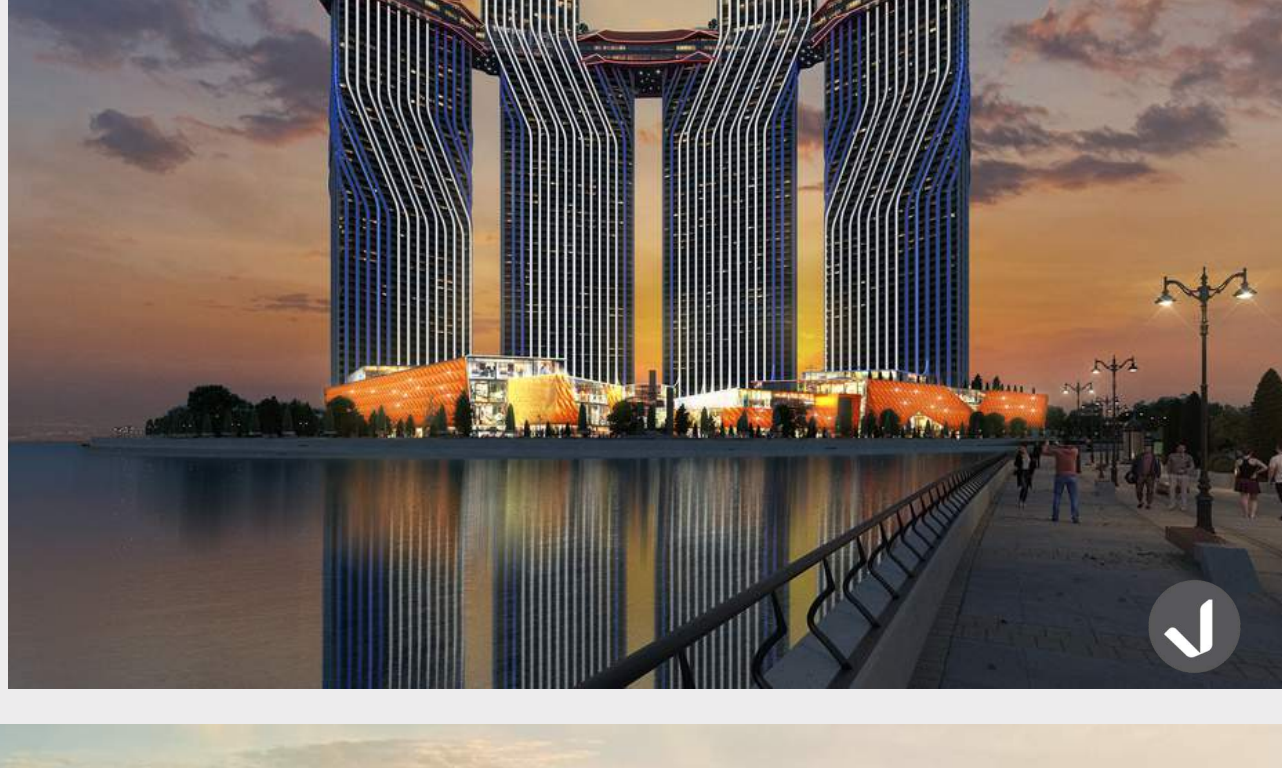

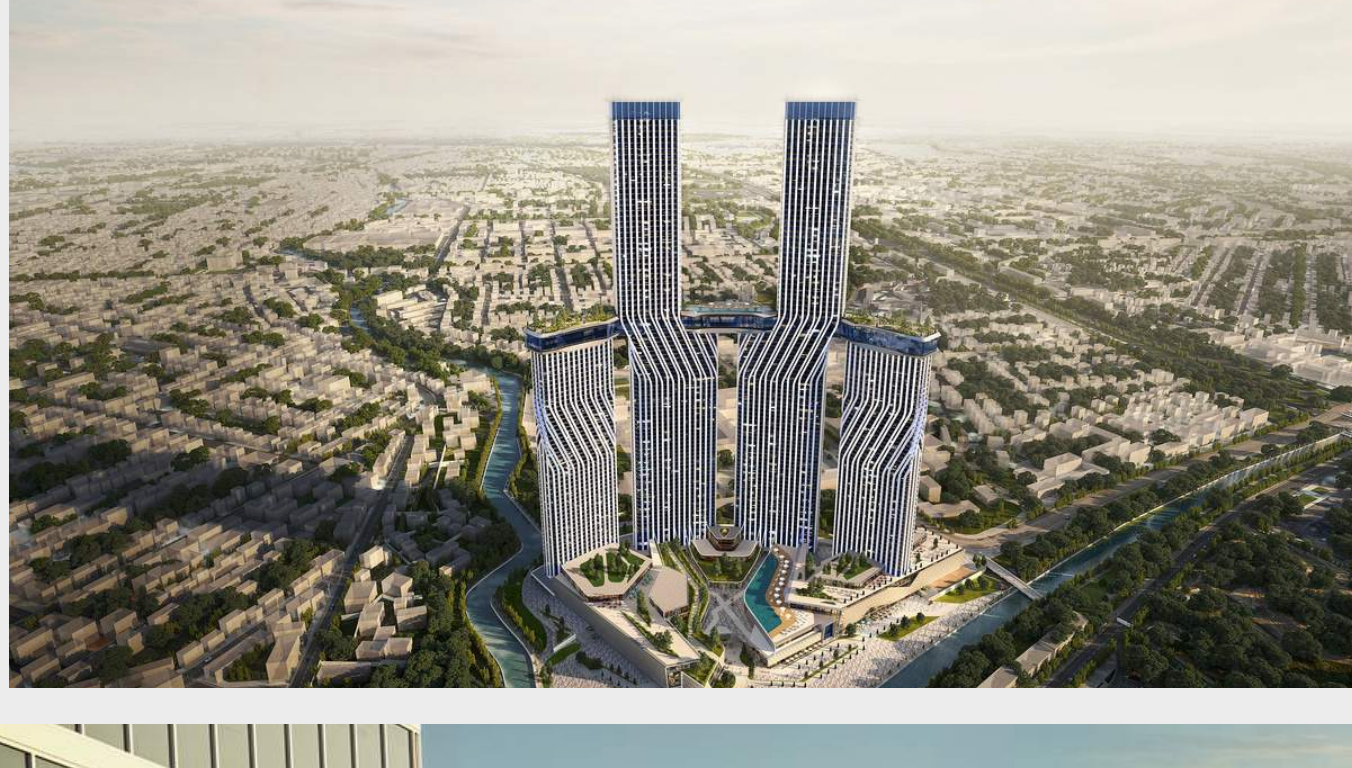

Environment created by our passionate team of 3D Crafters.
Azizi Riviera Master plan community
- Dubai, UAE

Danube - Entrance Drop-off Area
- Dubai, UAE

HAO Architects - Casa Grand
- Deira Islands, Dubai, UAE

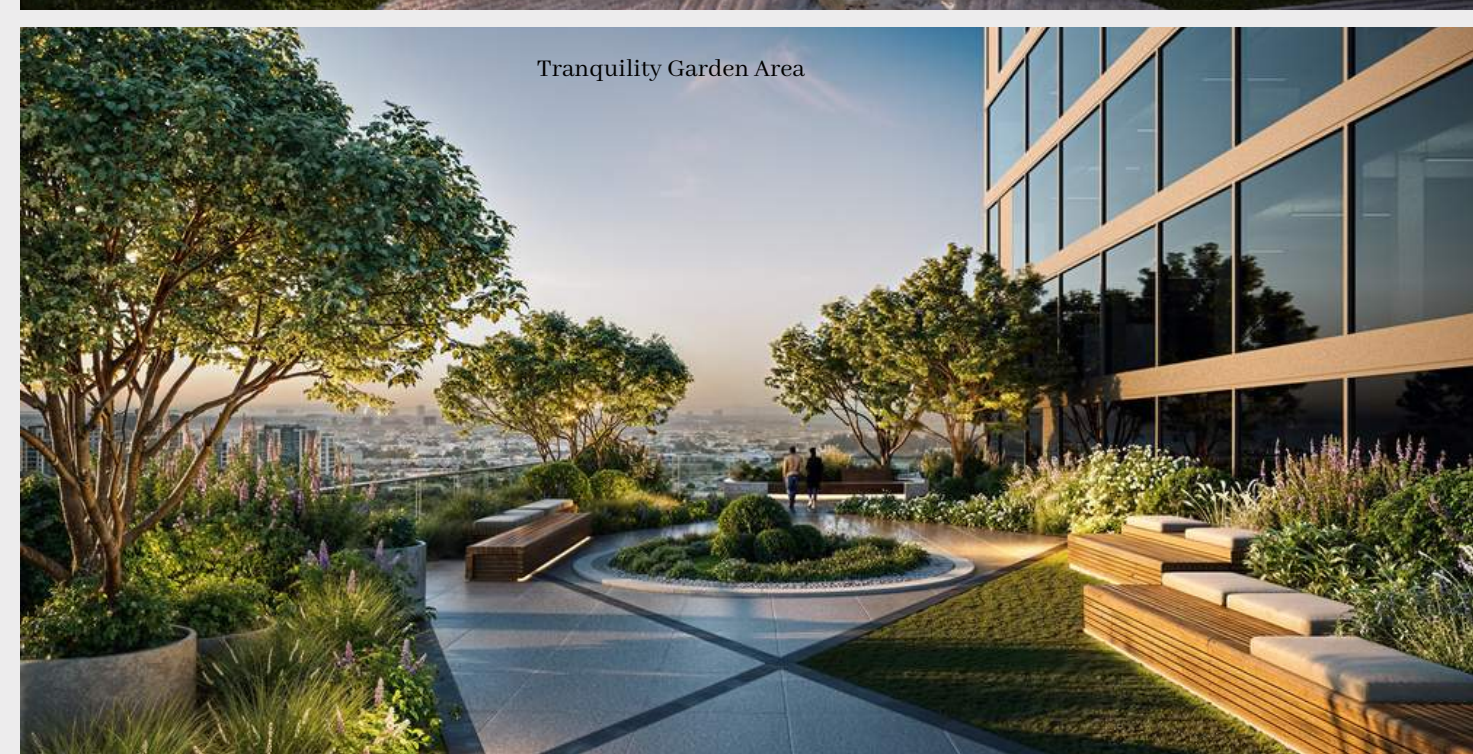

Podium facilities - Water Kneip Therapy
- Dubai, UAE

Japanese Meditation Garden Area

Tranquility Garden Area

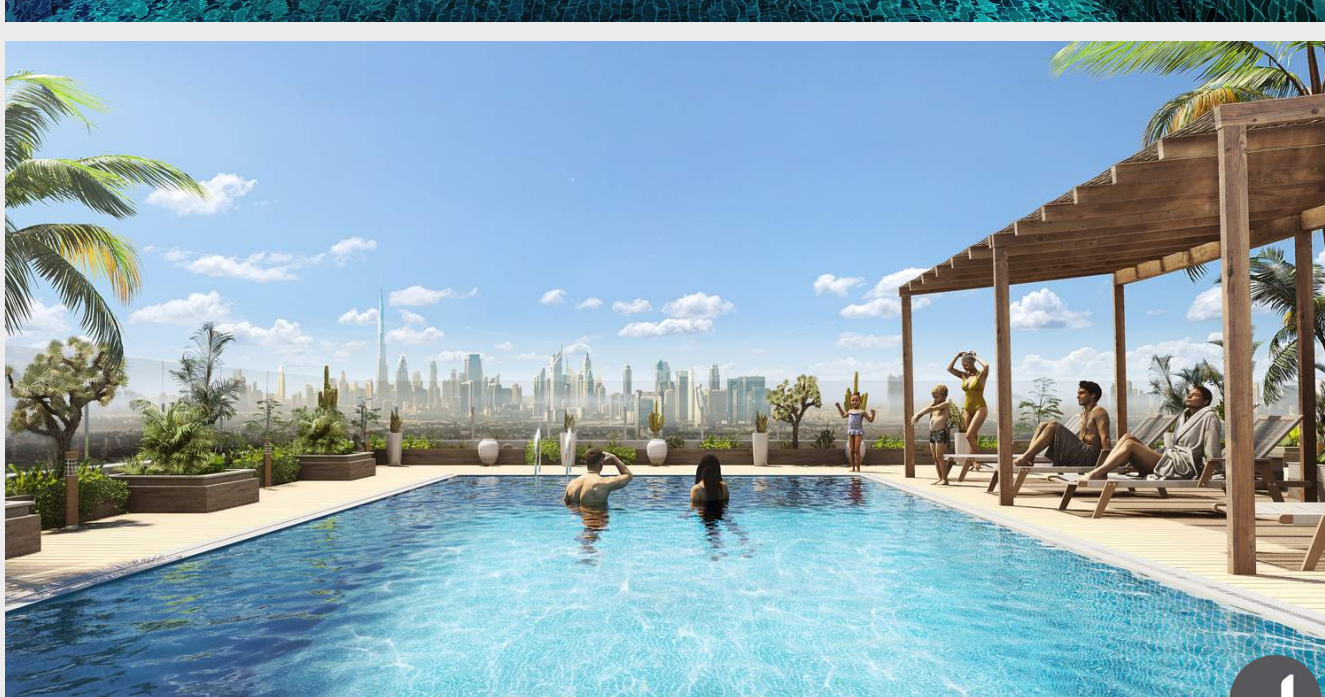

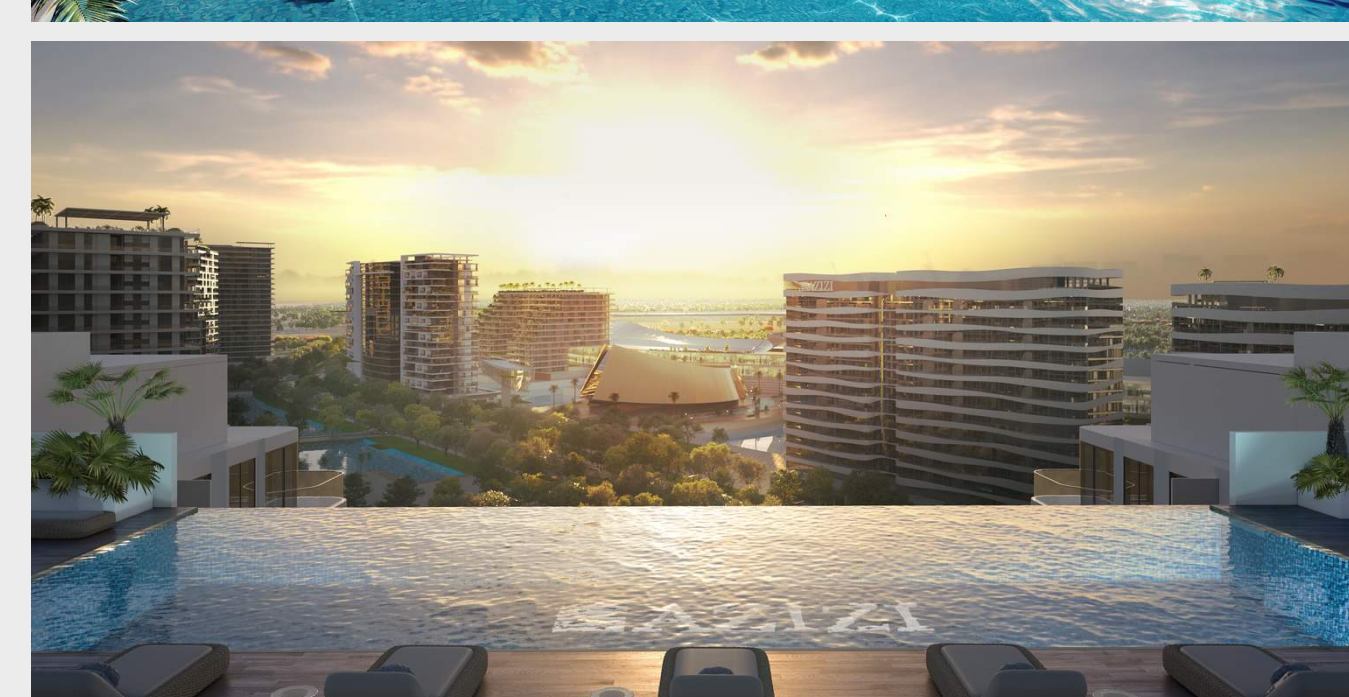

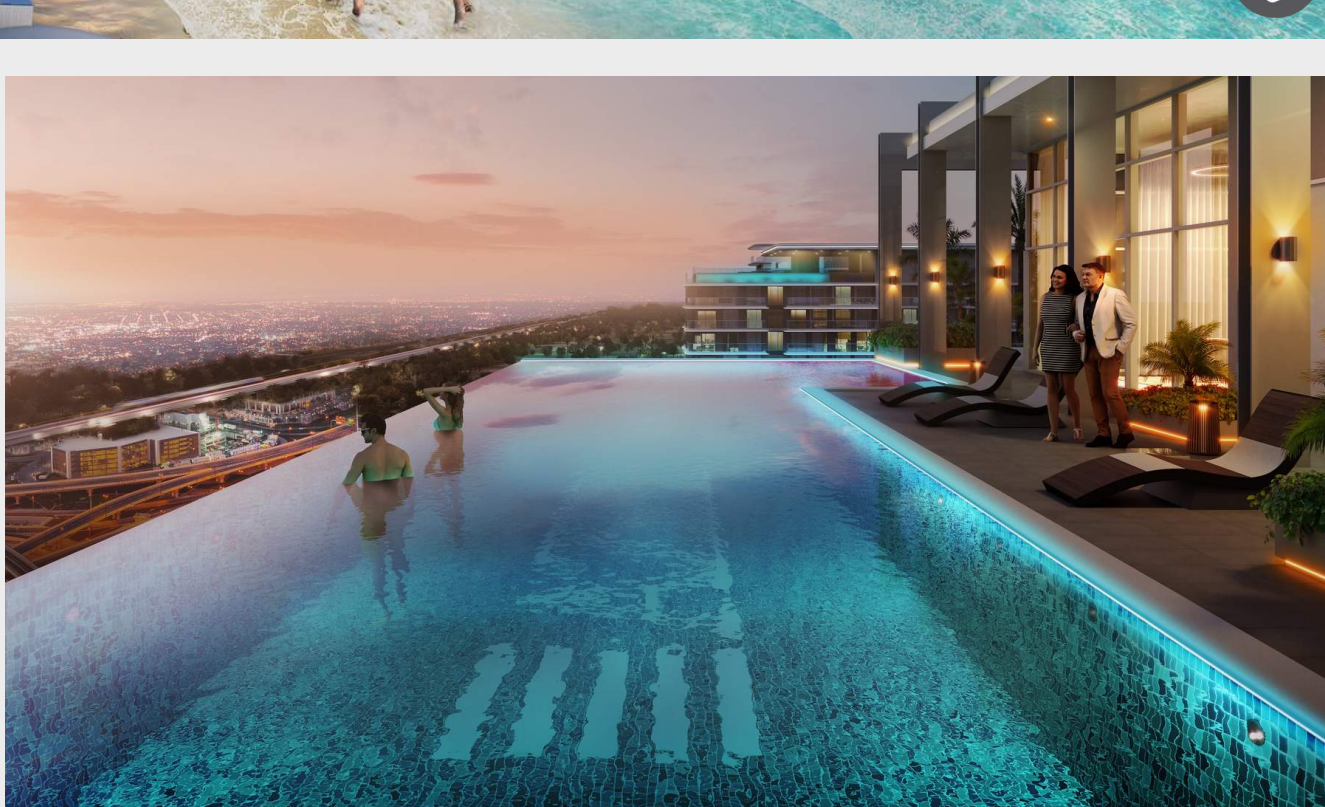

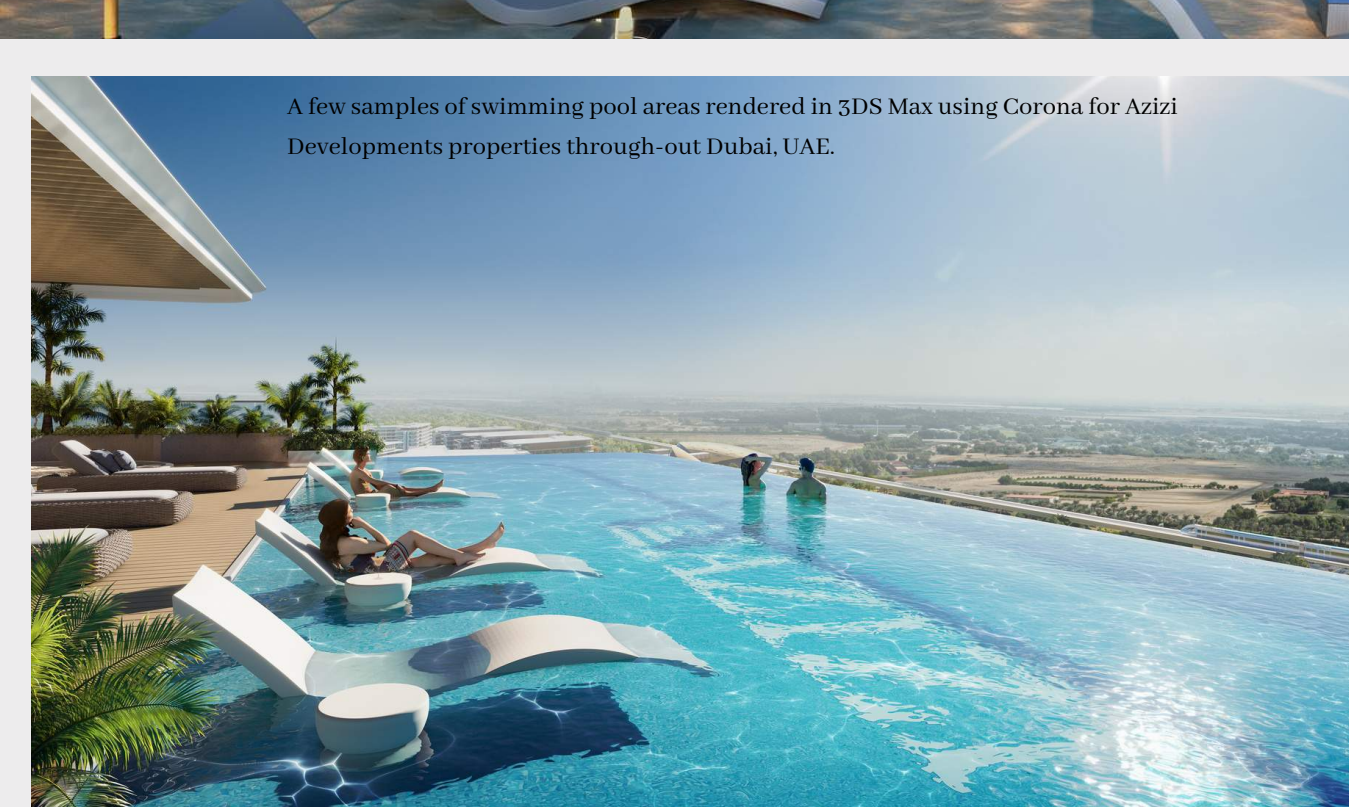

Azizi Venice - Beach Waterfront
- Dubai South, UAE

Azizi Venice - Beach Waterfront
- Dubai South, UAE

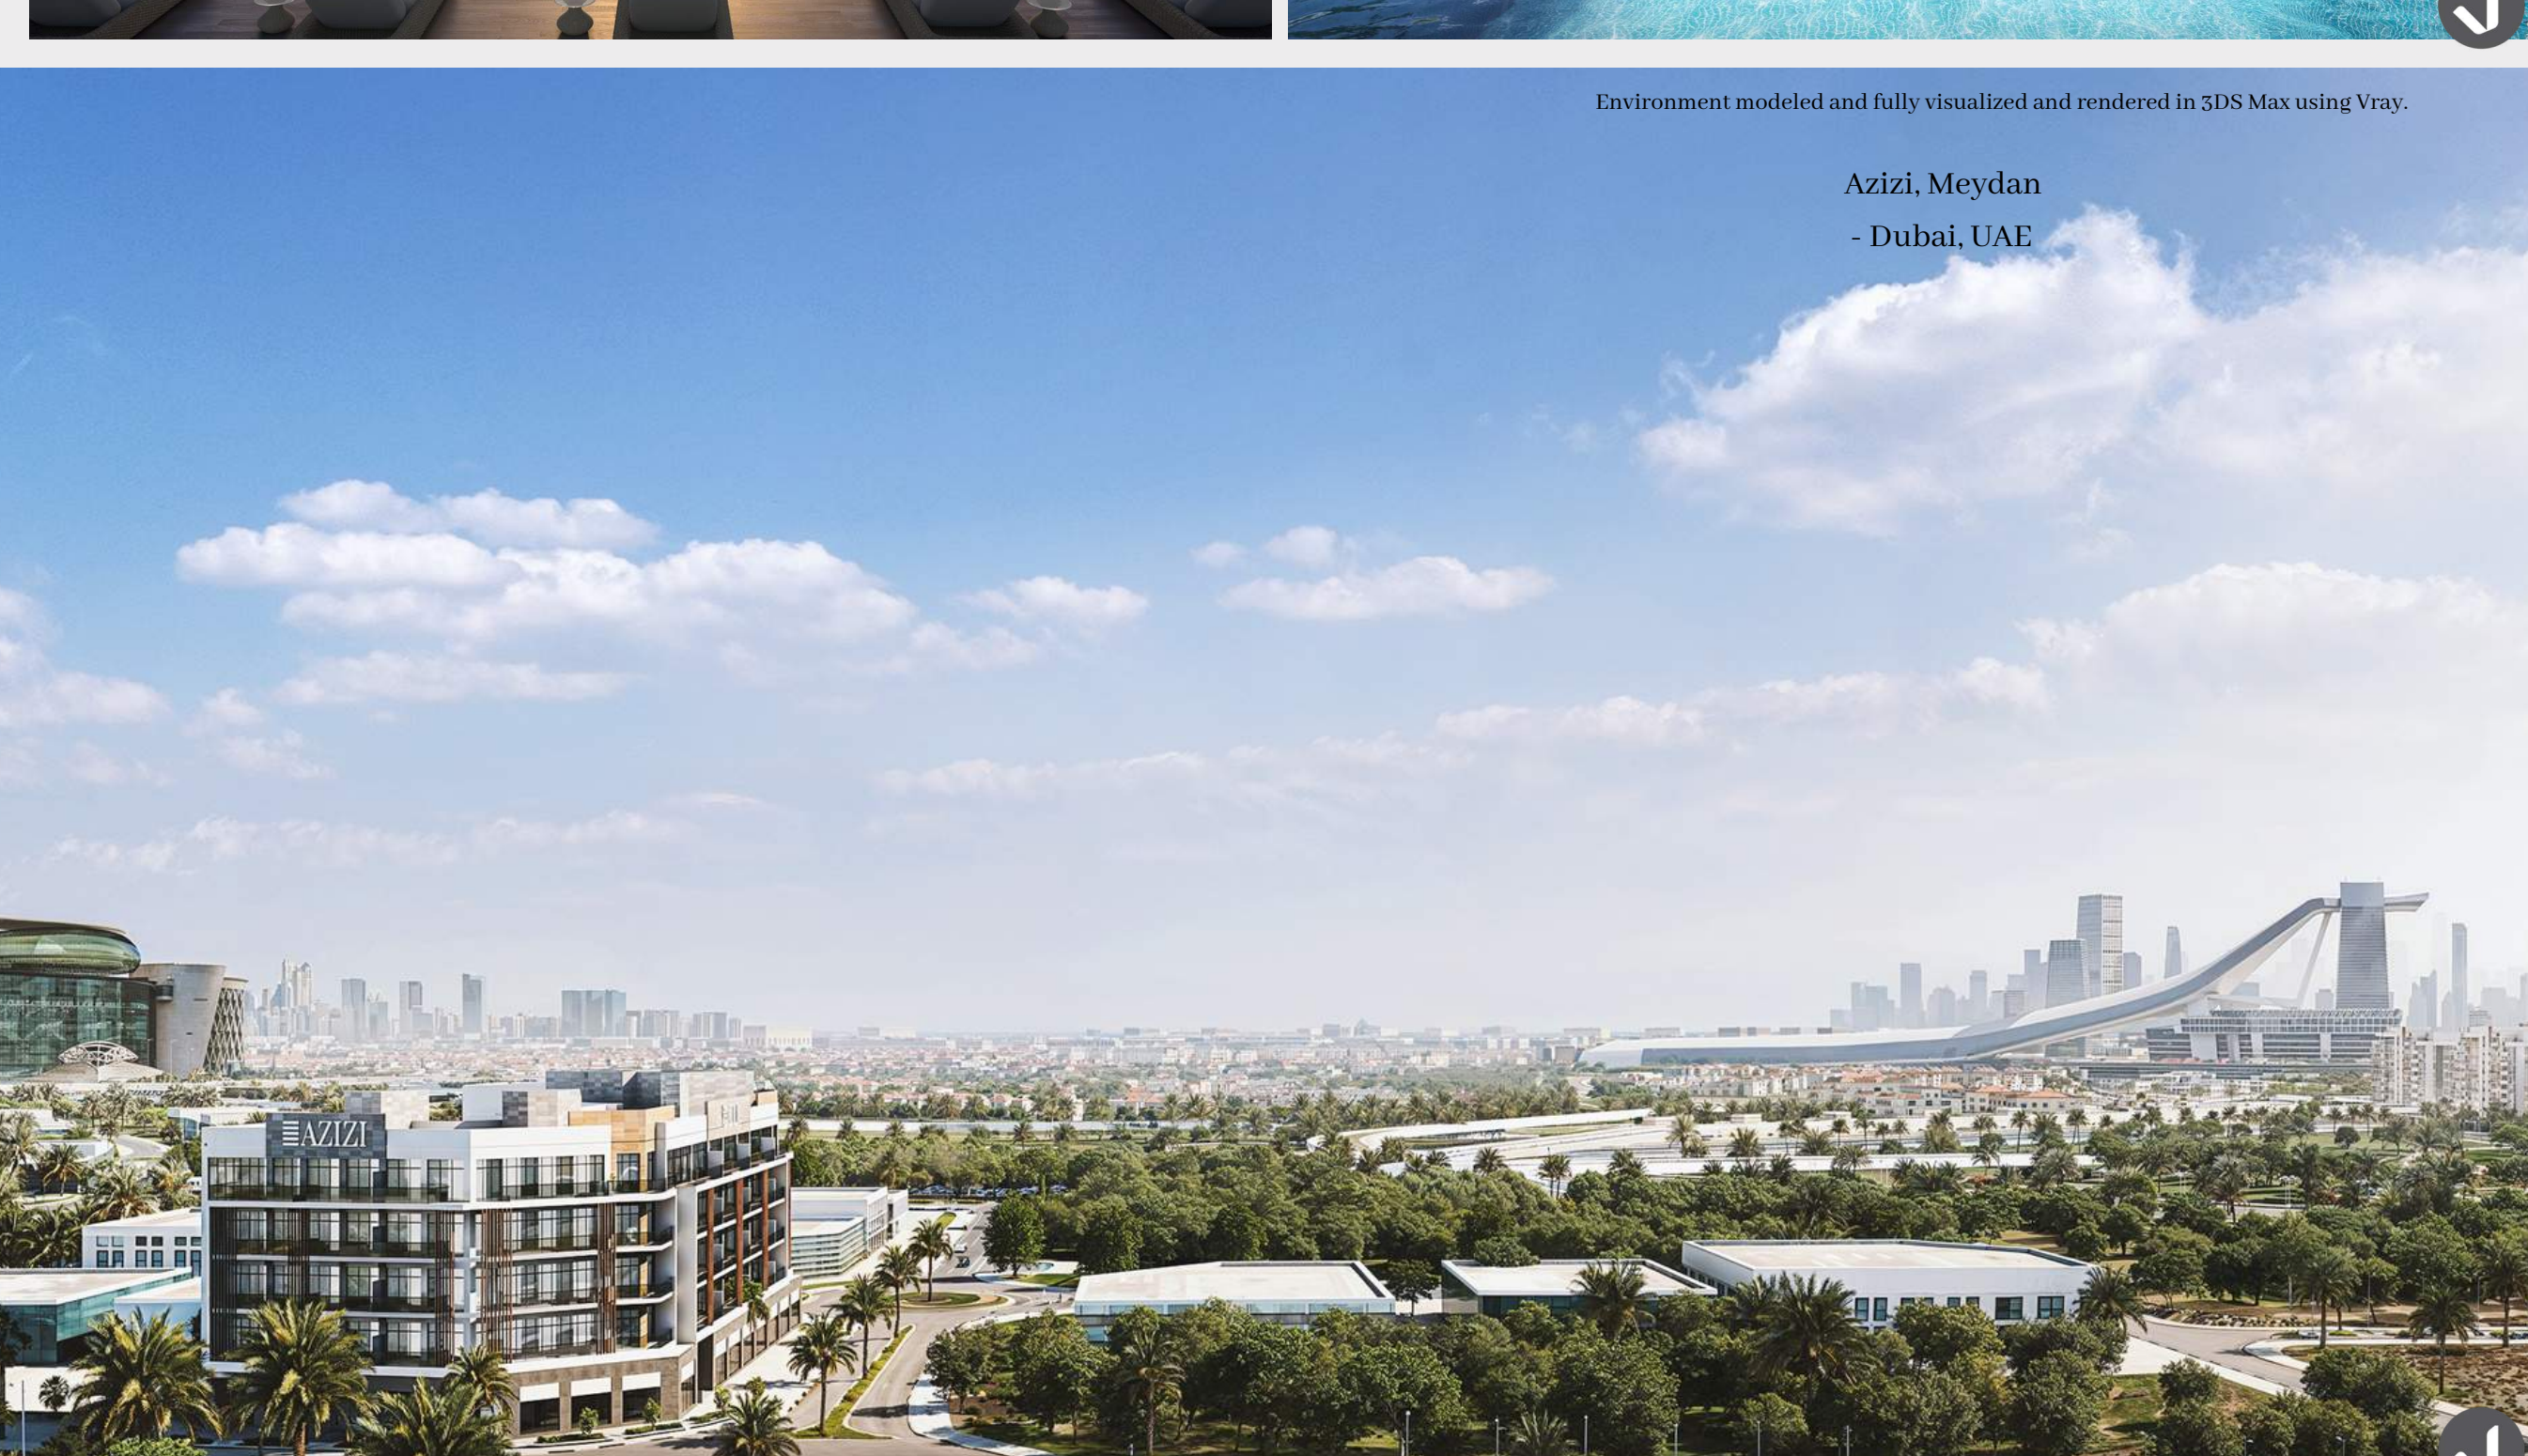

A few samples of swimming pool areas rendered in 3DS Max using Corona for Azizi Developments properties through-out Dubai, UAE.

Environment modeled and fully visualized and rendered in 3DS Max using Vray.

Azizi, Meydan
- Dubai, UAE

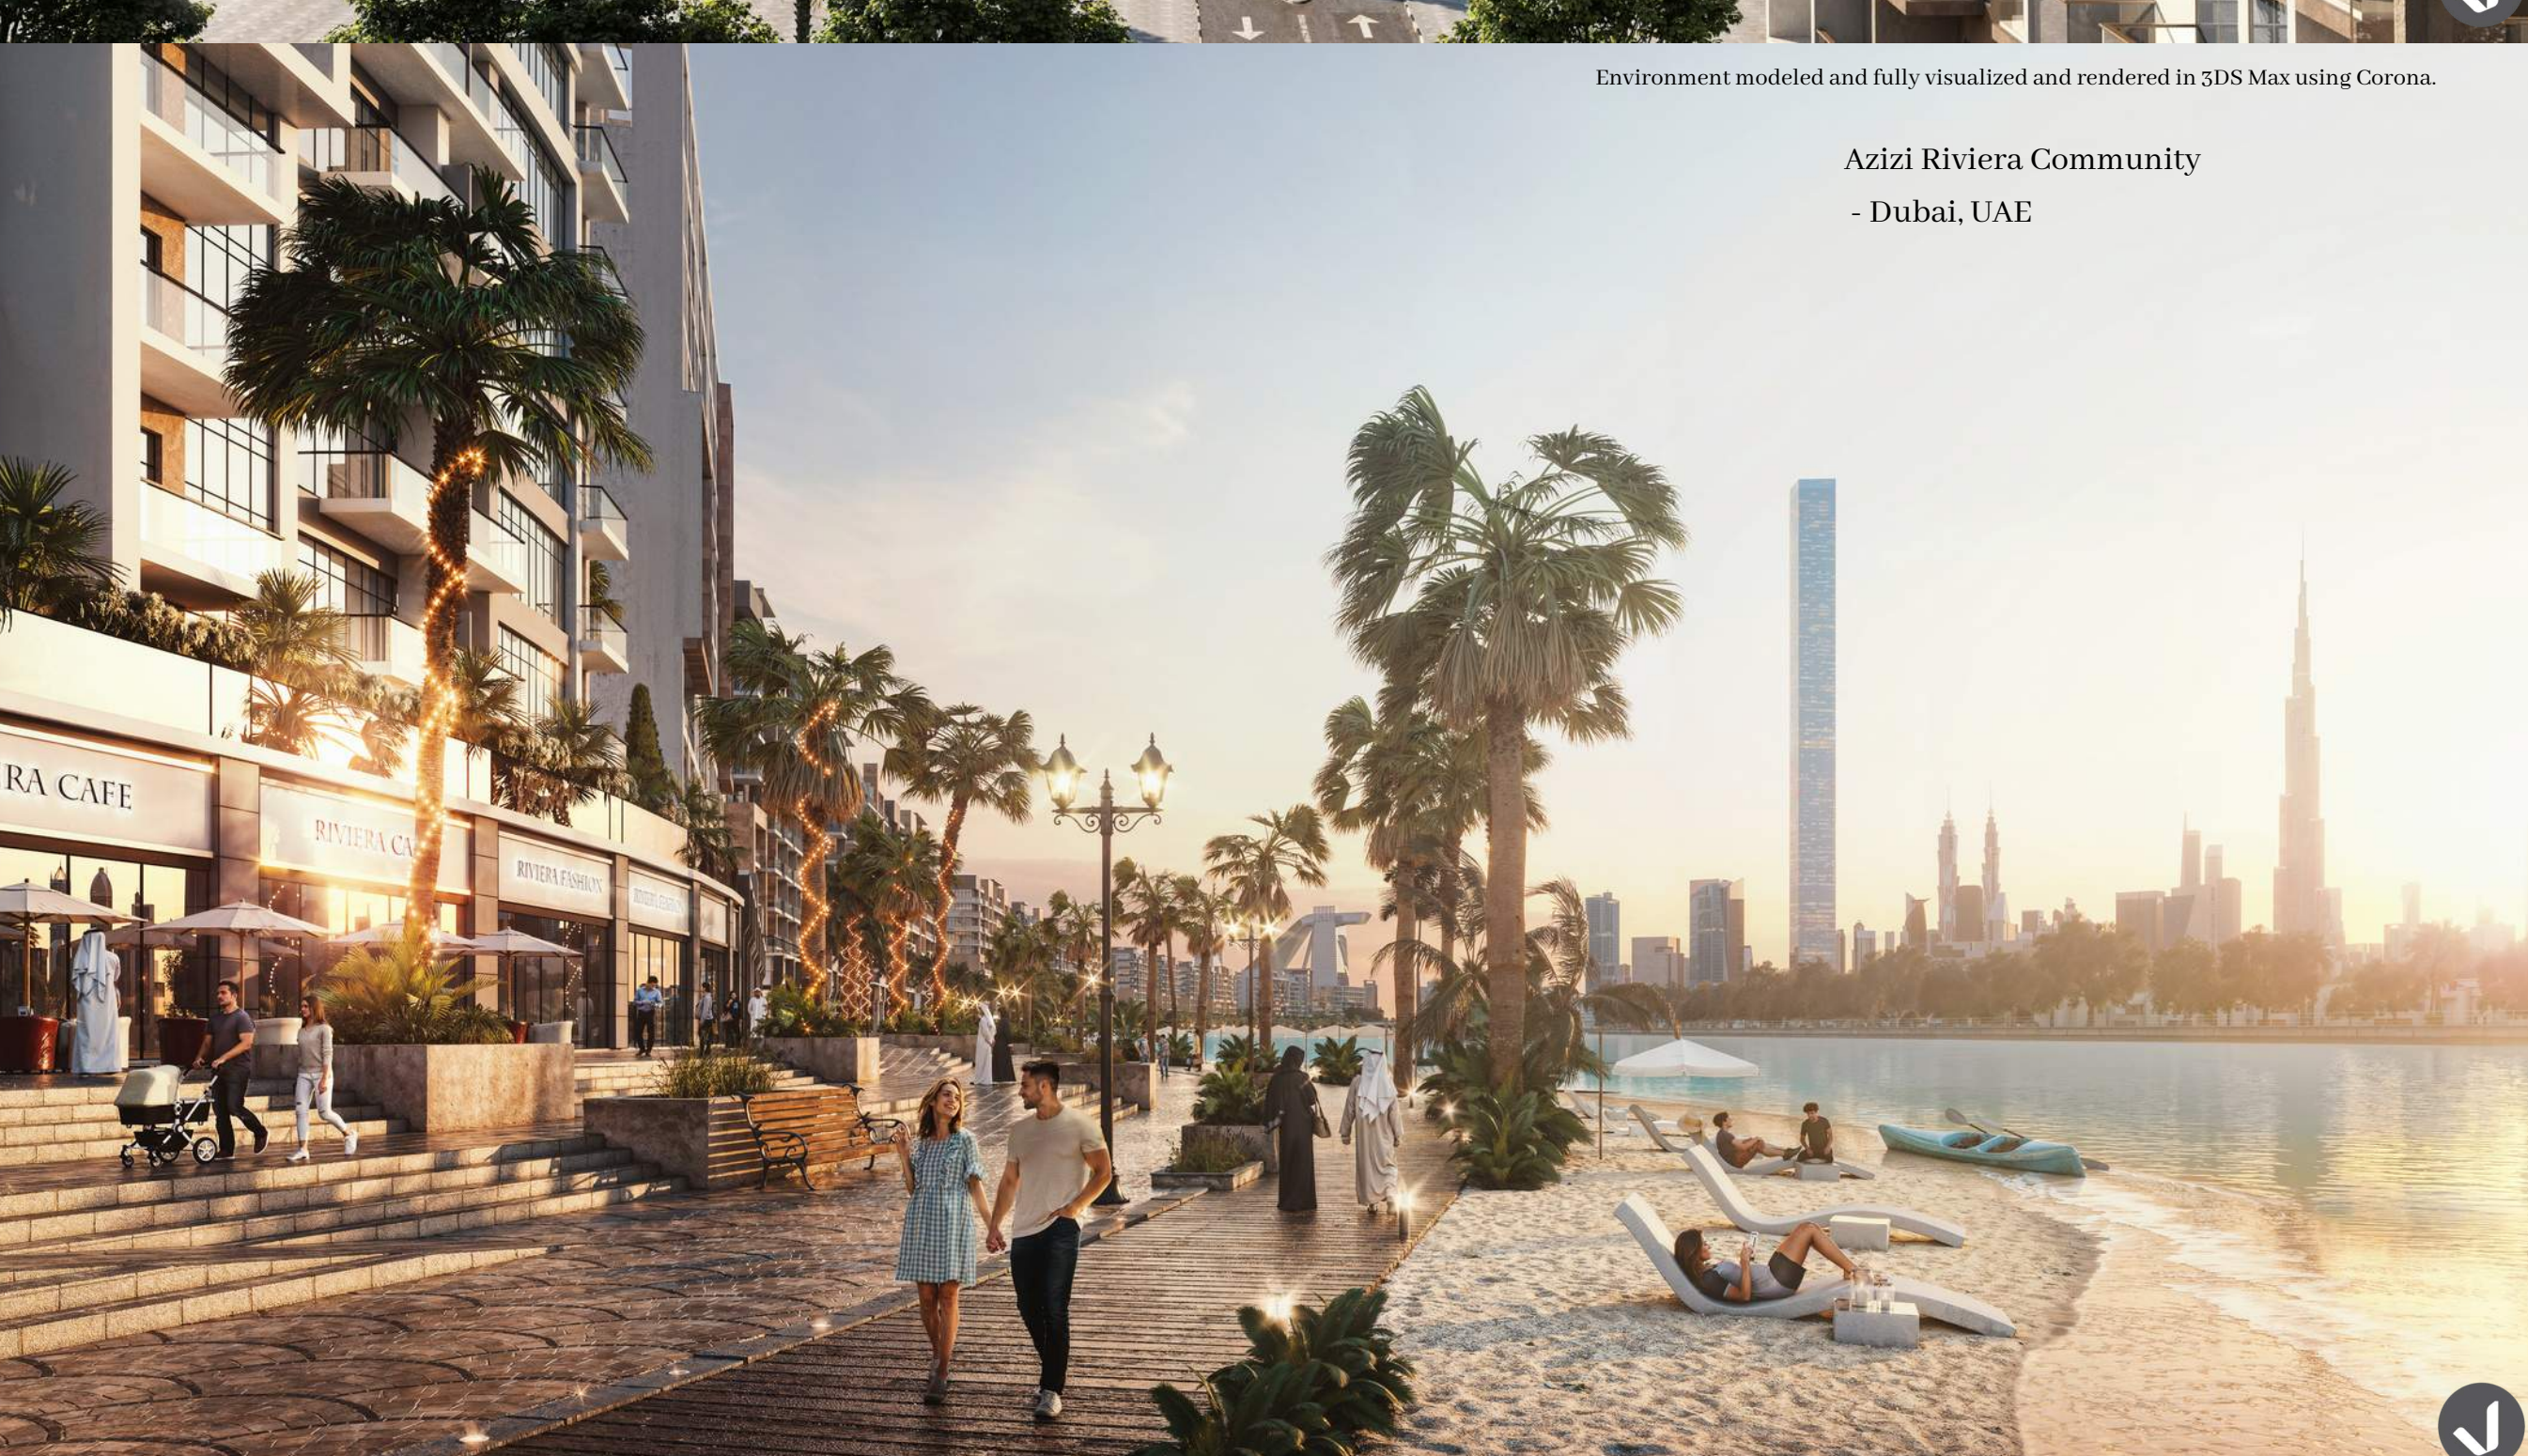

Environment modeled and populated with team effort and fully visualized and rendered in 3DS Max using Corona.

Azizi, Al Furjan
- Dubai, UAE

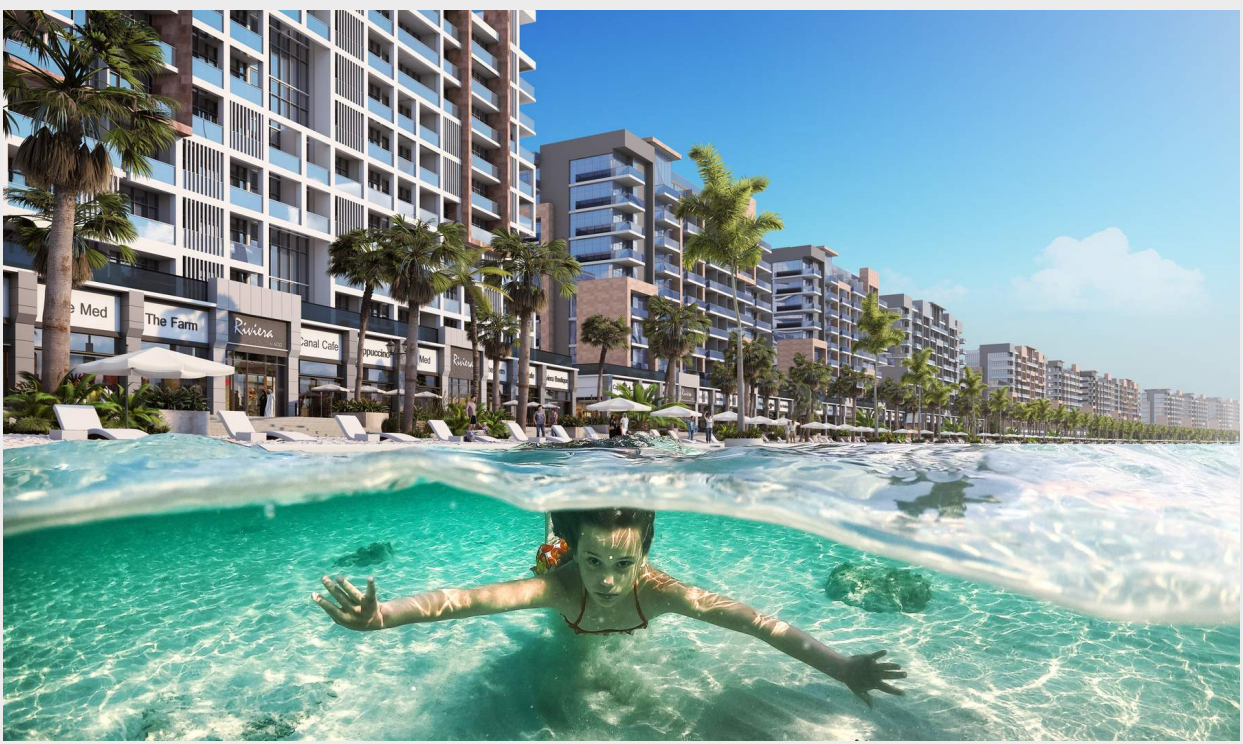

Environment modeled and fully visualized and rendered in 3DS Max using Corona.

Azizi Riviera Community
- Dubai, UAE

A few samples of Waterfront areas rendered in 3DS Max using Corona for Azizi Developments, Azizi Riviera Community in Meydan, Dubai, UAE.

Environment modeled and fully visualized and rendered in 3DS Max using Corona.

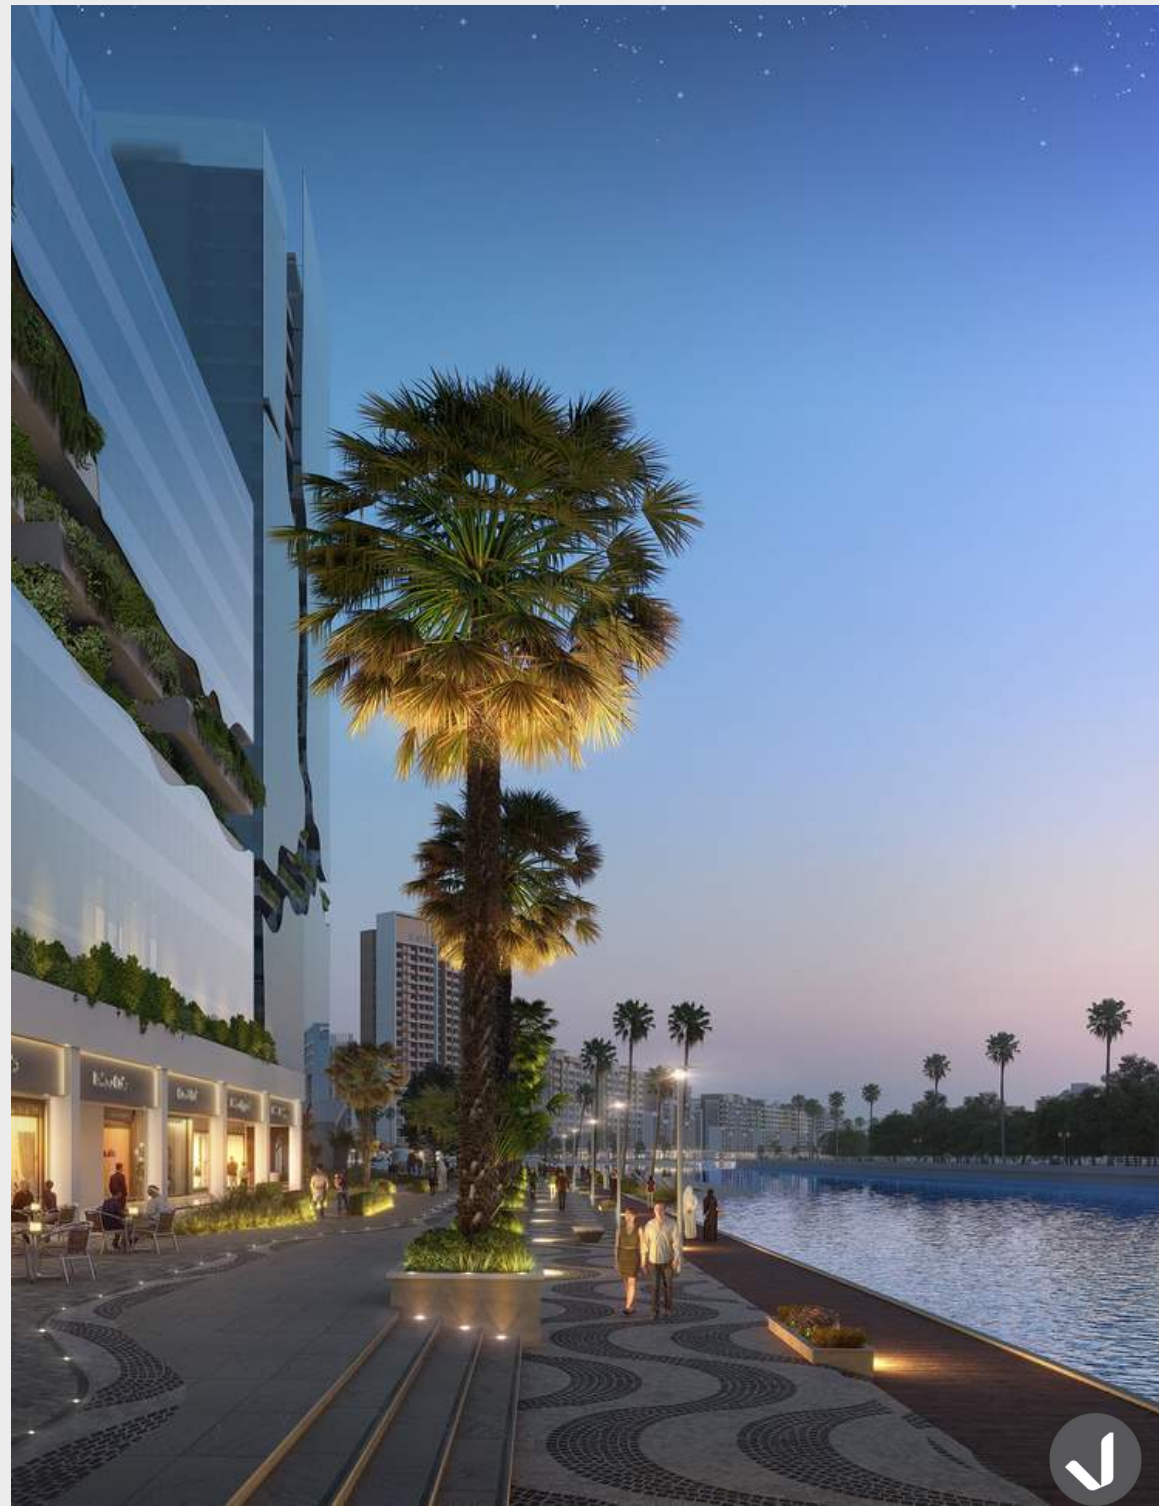

Azizi Venice - Commercial Area
- Dubai South, UAE

Environment modeled and fully visualized and rendered in 3DS Max using Corona.

Azizi Mina - Penthouse

- Palm Jumeirah, Dubai, UAE

A photo-montage of Qatar skyline purchased from Shutterstock and the concept tower rendered in 3DS Max using Corona.

Concept Tower - Qatar

A photo-montage of Qatar skyline purchased from Shutterstock and the concept tower rendered in 3DS Max using Corona.

Concept Tower
- Qatar

Masterplan rendering

Dubai South properties.

Dubai masterplan

The creation of environmental 3D assets being a collective team effort, while Texturing, Rendering and Post Production done in Photoshop.

Fully modelled the Villa and the environment including rendering in 3DS Max - Corona. This specific render was also used for advertising through-out Dubai Airports.

Azizi Venice Community
- Dubai South, UAE

INTERIOR VISUALIZATION

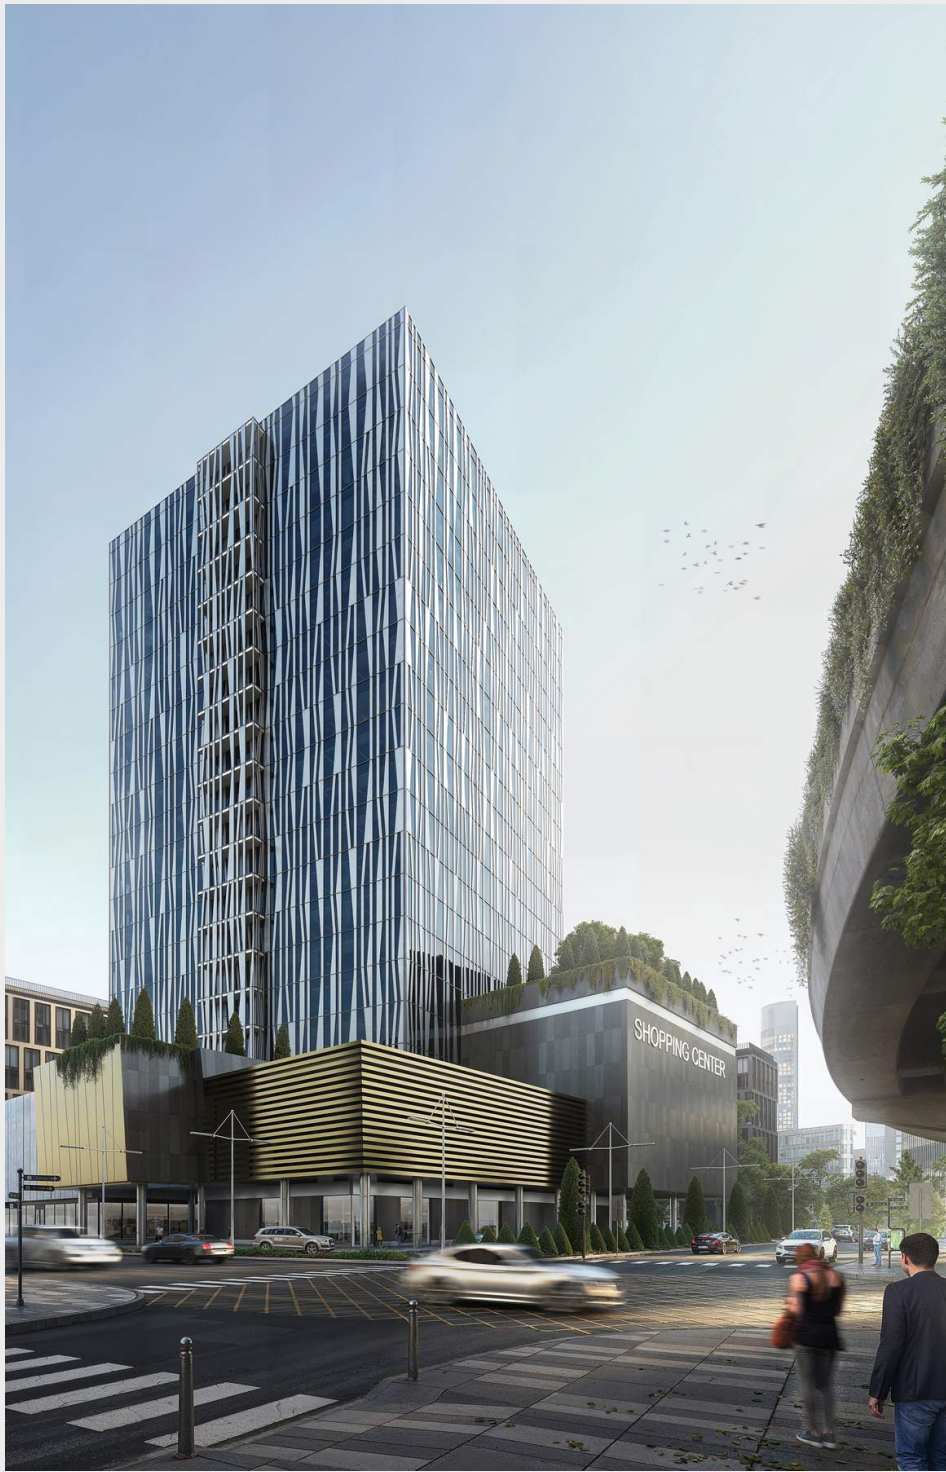

CREATIVE WORKS

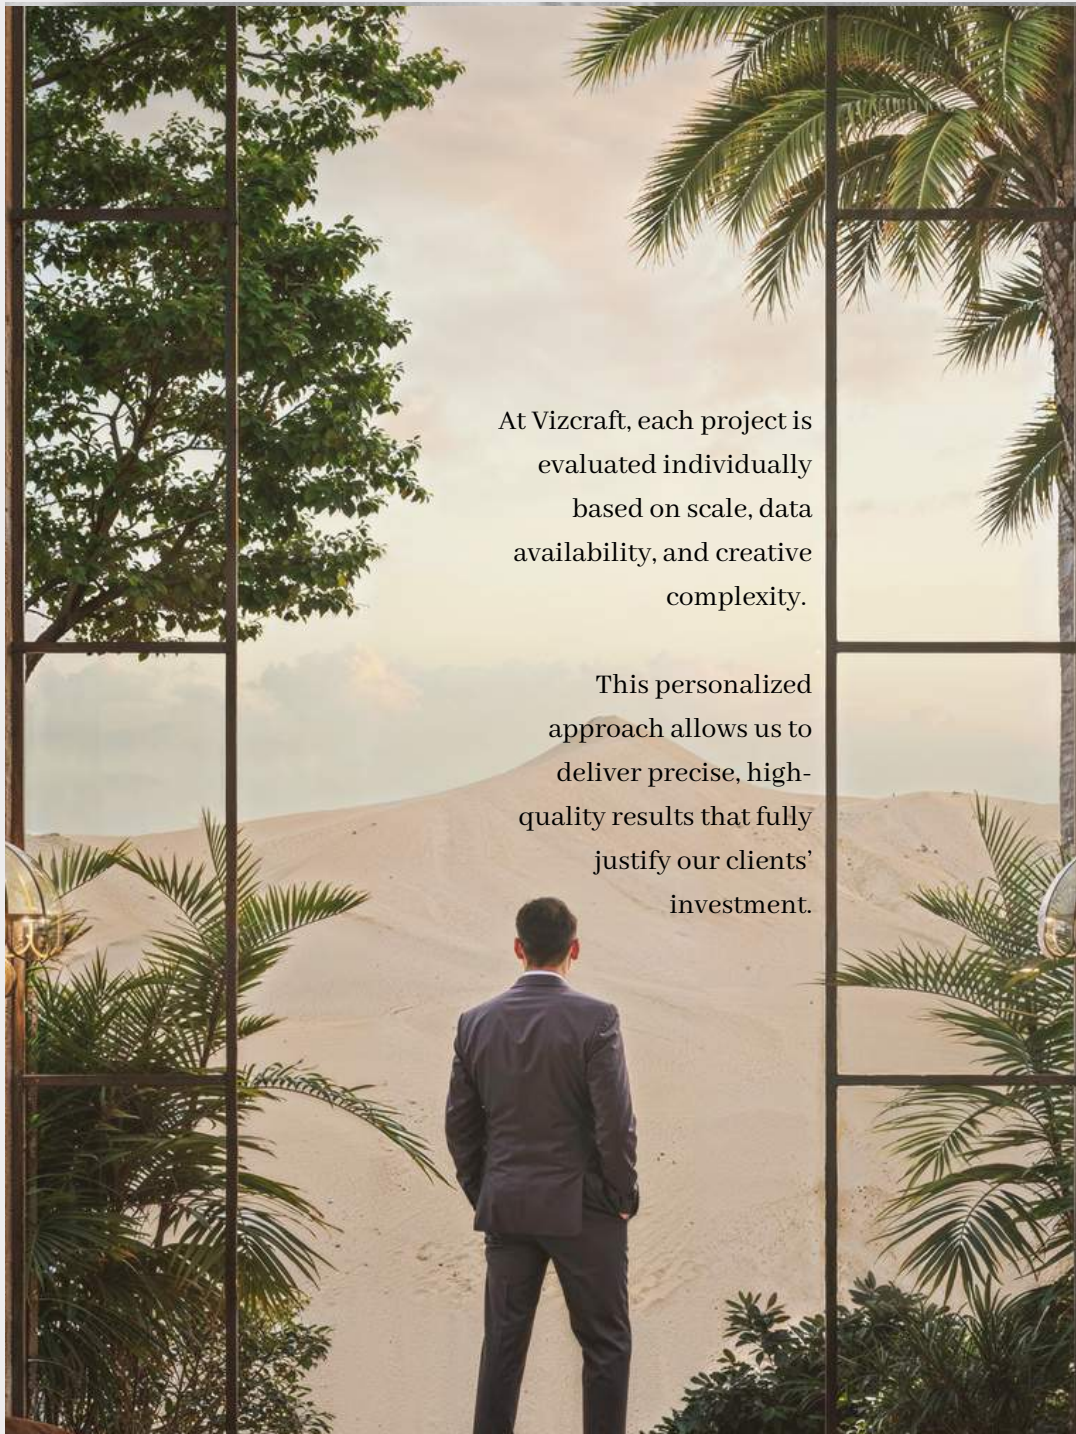

At Vizcraft, each project is evaluated individually based on scale, data availability, and creative complexity.

This personalized approach allows us to deliver precise, high-quality results that fully justify our clients' investment.

OUR FLEXIBLE PRICING

GRADE A : [Gold Package]

- Small scale project
- Less than 10 renders
- Less than 6k resolution
- No animation
- Project data provided, [example : 3D files, AutoCAD, References]

GRADE B : [Silver Package]

- Medium scale project
- More than 10 renders
- 6k or more than 6k resolution
- Animation less than 1 minute / Videography & Editing
- Project data provided, [example : 3D files, AutoCAD, References]

GRADE C : [Premium Package]

- Large scale project : Full Marketing Package
- Masterplan rendering
- More than 15 renders
- 6k or more than 10k resolution
- Animation more than 1 minute / Videography & Editing
- Project data provided, [example : 3D files, AutoCAD, References]
