

徹底解決祛水器排水洩漏蒸氣的問題

YT steam trap will solve the steam leakage from the machanical steam trap thoroughly

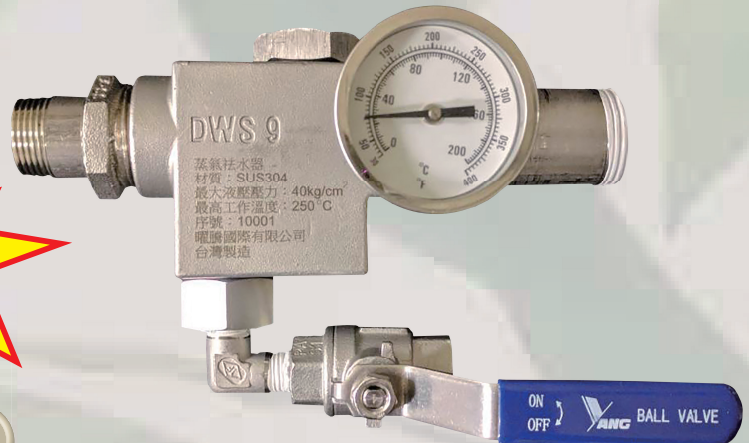

使用蒸氣的行業皆適用曜騰蒸氣祛水器

YT steam trap is suitable for all kinds of steam facility in all industry

### DWS 9

DRAIN WITHOUT STEAM

節能 15% 以上  
15% ↑ steam saving

#### 關鍵核心 Core values

流孔式連續排水比較開 / 閉式間歇排水，可以節省 15% 以上蒸氣的使用量。

Orifice Nozzle the consecutive condensate discharger to compare with the open / close intermittent condensate discharger, there are more than 15% of working steam saved.

#### 產品特點 Features

- ① 整體不鏽鋼 (SUS304) 設計 & 使用壽命長  
Stainless steel (SUS 304) designed with no moving part inside provide longer service life
- ② 容易維護或更改製程 Easy to maintain or change the manufacturing process
- ③ 單一規格符合市場需求 One size specification meets market demands
- ④ 排水狀況可一目瞭然  
The condensate status can be seen from the thermometer at a glance
- ⑤ 只排水不洩漏蒸氣 Only drain condensate without steam leakage
- ⑥ 台灣製造 Made in Taiwan

設計專利  
PATENT D217209

#### 曜騰蒸氣祛水器型號及規格 Model and specification of YT steam traps

型號 Model	最大液壓 Maximum hydraulic pressure	操作溫度 Operating temperature	尺寸 Size	材質 Material
DWS 9	10 Kgf/cm <sup>2</sup>	200°C	108*40*67mm	SUS304
