

THE VILLAGE
CLUB & PRESERVE
EST. 2018

Our Founding Members have the ability to assign their membership at The Village Club & Preserve to a new owner/s of their residence. In order to complete an assignment, the existing owner must inform The Village Club & Preserve of their home sale and complete the below form. If a Founding Member sells their home and does not assign their membership, it will be assumed that they have kept their membership and intend to remain responsible for monthly dues. The assignment of a membership is at the sole discretion of The Founding Member.

Once assigned, the new member (assignee) will be responsible for paying monthly dues/pledges if they wish to maintain their membership. The Village Club & Preserve will confirm membership status with the new owner/member and communicate membership details with them after receiving the below form. A lapse in payment for more than 60 days may risk the loss of membership status.

Name/s of Founding Members: _____

Address: _____

Phone number: _____
