

THE VILLAGE
CLUB & PRESERVE
EST. 2018

Our Founding Members have the ability to assign their membership at The Village Club & Preserve to a new owner/s of their residence only. This privilege is a “thank you” to our Founding Members for their early support of the organization’s rebuilding efforts. It is a one-time conveyance.

In order to complete an assignment, the existing owner must:

1. Be an original Founding Member (made their initial donation to the VCP before June 2019--the VCP will validate if the owner is unsure)
2. Be current on monthly dues.
3. Inform The Village Club & Preserve of their home sale by completing the below form (before the sale is ideal but no later than 7 days after closing)

If a Founding Member sells their home and does not assign their membership, it will be assumed that they have kept their membership and intend to remain responsible for monthly dues. The assignment of a membership is at the sole discretion of The Founding Member.

Once assigned, the new member (assignee) will be responsible for paying monthly dues if they wish to maintain their membership. The Village Club & Preserve will confirm membership status with the new owner/member and communicate membership details with them after receiving the below form. A lapse in payment for 60 days risks the loss of membership status; at 90 days past due, accounts become inactive/cancelled.

Important: The VCP MUST receive this form no later than 7 days after closing in order for us to honor a conveyance of membership.

Closing Date (date Founding Member is closing/selling their home to new owner): _____

Name/s of Founding Members: _____

Address: _____

Phone number: _____
