For your Consideration

Who are Jetstream?

Jetstream are an emerging band for the digital era. Smashing out a hybrid sound of energetic British indie rock guitars, BIG American rock vocals and sweet new wave pop synths this band are hard to label but impossible to resist.

Their mainstream rock/ pop sound is a unique blend that draws from a big bank of influences such as Springsteen, Bowie, Queen, The Killers, Kings of Leon, Imagine Dragons, Coldplay & Zeppelin.

Hailing from the British Rock of Gibraltar, Jetstream quickly thrust themselves out of the shadows delivering notable performances at MTV festivals in 2017 & 18 alongside bands such as the Script, Jessie-J, John Newman, Roger Hodgson, Bastille & the Kaiser Chiefs.

Best known for their award-winning single Starlight (2017 International Song Festival Winner GISF), the five-piece band are frequently on tour throughout Europe and will play the Islington Academy in London alongside Toploader on 16th February next year.

Jetstream are now focused on elevating their profile in the UK and Europe and are actively pursuing management & label interest.
