

## Greetings from the Board of Directors

As you step into the month of February, may happiness, love and joy stay with you. For many people, the new year starts off with ambitious goals for a better life, only to have those resolutions fizzle by mid-March. Bringing more dance into your life, however, might be a way to increase mental and physical health that actually sticks. Whether you are drawn to ballroom, latin or a two-step or a tango, jazz , hip-hop. Dance professionals say there are ways for people of every taste and experience level to bring more dance into their lives to find better fitness, joy and social connection.
