

## THIRD WEBSITE SCROLL ..... PAPER COLLAGE

These are in website scroll order...Most works are in the 6" to 10" size range. The four that have one or several "DROPS" within the image are part of a small series called *ORBS*, created during the COVID pandemic. Those same four are each custom framed with the artwork "floating" above white backing; with a crisp white painted wood frame 1-1/2" deep x 1/2" wide (frontview).

Counting from upper left across the rows:.....pieces SOLD are #'s 7, 10, and 11. The first six, plus #15, are part of the *SIDETRIP* series, photos taken across the surface of several of my map-based paintings, much as an airplane view offers new perspectives on terrain below. The remaining later works, *FRAGMENTS*, are collaged (cut) and designed into what you see here. There are others...Come visit! [lynn@lynnbenson.com](mailto:lynn@lynnbenson.com)... (I have a stash of small booklets from the *SIDETRIP* exhibition...free)
