Caucus Preservation Act

The Lake Forest Caucus mission is to find, vet, and recommend the best candidates to serve the City and its residents in our municipal government and school boards without personal or other pre-established agendas.

The Caucus Preservation Act ("CPA") is an amendment to the Caucus Bylaws to preserve the Caucus' objective and transparent process that has made Lake Forest municipal government free from agenda-based politics for 90 years.

As typically less than 1% of Lake Forest registered voters attend a Caucus Annual Meeting, individuals can exploit a small turnout to adversely influence our elections to serve their own agendas, thereby undermining the Caucus mission. The CPA shields the Caucus mission and process from such manipulative behavior.

Since Lake Forest residents vote for their Caucus Committee representatives, and also for their chosen candidate in a general election, a third, easily manipulated Caucus candidate ratification vote is not needed for residents to have sufficient opportunity to influence the election of their municipal government officials. Given the consistently very low turnout of residents for Caucus candidate ratification votes at a Caucus Annual Meeting, there is no reason to believe a vote at this meeting has been or will be representative of a large portion of the Lake Forest community.

The Caucus Committee operates on a short timeline to search for, vet, and recommend qualified candidates for elected positions. This timeline is dictated by the Illinois State Board of Elections. It is impractical to codify in its processes a timeline whereby a candidate search, vetting, and recommendation process must be repeated multiple times.

The Caucus process has served our community for 90 years as a primary driver for the quality of life we all enjoy in Lake Forest. Please support the Caucus in its mission to keep agendas out of Lake Forest municipal government. Vote in favor of the Caucus Preservation Act on **November 7th** at the [Caucus' Annual Meeting](#) at the Gorton Center. The proposed Caucus Bylaw amendments can be found [HERE](#). Frequently Asked Questions about the CPA can be found [HERE](#). Please feel free to reach out to a [Caucus Committee member](#) with any questions.

Caucus Preservation Act FAQ

What is the Caucus Preservation Act ("CPA")?

The Caucus Preservation Act ("CPA") is an amendment to the Caucus Bylaws to preserve the Caucus' objective and transparent process that has made Lake Forest municipal government free from agenda-based politics for 90 years.

What is the Caucus process?

Lake Forest residents elect their Caucus Committee representatives to objectively find, vet, and recommend the most qualified, agenda-free volunteers to serve on city boards and commissions and elected positions including mayor, city council, and school board.

Can I still vote for my preferred candidates?

Yes, you can still vote for any candidate of your choice in any general election. You can still vote for Caucus members to represent your interests in the Caucus candidate selection process. You can still run as a candidate in any general election.

What is a general election?

An election in the spring governed by the Illinois State Board of Elections in which a Lake Forest registered voter can vote for any Lake Forest municipal government (city council or mayor) or school board candidate, Caucus endorsed or otherwise.

Why act now to preserve the Caucus?

Typically, less than 1% of Lake Forest registered voters attend a Caucus annual meeting. Self-serving individuals can exploit a small turnout to adversely influence our elections to serve their own agenda, thereby undermining the Caucus mission.

Does this mean the Caucus will never hold a public vote on a matter?

No. The elected representatives on the Caucus Committee can hold a public vote on any matter as and when necessary to best serve the residents of Lake Forest and support the Caucus process.

Who benefits from the CPA?

Every resident in Lake Forest.

What if we don't act now to preserve the Caucus?

The effectiveness of Lake Forest municipal government and school boards can be compromised by groups or individuals with self-serving agendas. This is one of the main risks the Caucus process mitigates.

What are other benefits of the CPA?

The CPA also allows the appointment of qualified Officers to lead the Caucus without disruption. Officers are appointed by Caucus Committee members who themselves are elected by the residents to represent their interests. Committee members know who among Committee members are the best qualified and experienced to support the Caucus mission as Officers.

Removes a Ward Chair's service from counting against the 3-year term limit of serving as an Officer on the Executive Committee.

Allows for the Spring Meeting to be held in March or April to provide more flexibility in scheduling.

Where can I find the proposed Bylaw amendments?

The proposed Caucus Bylaw amendments can be found [HERE](#).

When does the CPA start protecting the residents of Lake Forest?

After a ¾ favorable vote at the [Caucus Annual Meeting](#) on November 7th, 2023 at Gorton Center.
