

Sign Our Petition and Join Other Lake Foresters who SUPPORT Electronic Voting!

Hello

We are incredibly proud of the work the Lake Forest Caucus and our community are doing to advance the "In-Person and Electronic Bylaw Amendment." **This amendment is designed to make participation in Caucus votes accessible to all Lake Forest registered voters.** It has already been endorsed by many community leaders, including those who have signed on to the letter of endorsement that can be found [here](#). In addition, over 300 Lake Forest residents have signed our petition in favor of the "In-Person and Electronic Voting Bylaw Amendment." You can sign the petition and show your support [here](#).

We only have one day to make electronic and online voting happen - **January 24, 2026!** Mark your calendars and come out to vote at **the Gorton Center between 8:00 am to 5:00 pm.** A 2/3rds affirmative vote is required in order for the "In-Person and Electronic Bylaw Amendment" to pass.

The Lake Forest Caucus Committee is committed to providing all registered voters in Lake Forest the ability to participate in future Caucus votes, regardless of whether they can appear in person during a certain window of time. The "In-Person and Electronic Voting Bylaw Amendment" is a critical means to achieve this goal!

We are excited to be leading the charge on making participation in Caucus votes more accessible to all registered voters throughout our community!
