

Dear Mayor and Council,

I am a resident of the West End. I am writing to express my opposition to the imposition of additional building restrictions ("Design Guidelines") in my neighborhood. as currently being advanced by the West End Citizens Association.

Proposals that limit the rights of homeowners to do what they want with their property, aligned with existing zoning ordinances, should not be infringed on the basis of the aesthetic preferences of a small group.

I urge you not to adopt any proposal that comes to Mayor and Council regarding Design Guidelines.

Thank you,

West End Resident
