Treasury Report:

General Account \$ 6,668.74 accepted

Savings Account \$ 25,986.59 accepted

Gaming Account \$ 13,327.00 accepted

Introductions

Presidents Report:

NFAA: Went off without a hitch, 20 participants, some of JAC adults and children placed, a tradition we hope to continue, this will be brought up at next meeting, annual shoot scheduled for 3-5 Mar.

ASAA: Shoot turned out to be a bad experience for the club, we were disqualified from shoot by change in scoring that we were alerted of two weeks after we sent in the scores sheet. We appealed through proper channels, and were denied with no monies returned which caused heartache with JAC board for months to follow. Club was not satisfied with ASAA boards professionalism, they have changed some members, we will review our participation with them in 2017 to see if we want to participate in 2018 shoots. Club remained professional throughout frustrating appeal process.

League: Best league turnout in history over 50 members shot, new handicap system worked well, plans are to start league shoot in February, changes this year will be everyone will be shooting from 20-yard mark. league will run 10 weeks.

Membership: Memberships has shown a decrease; club will work on advertising perhaps with Gross Alaska Movie theatres or public service announcements. We will need more active members for club to thrive in 2017.

Outside Targets: Working with City and Borough of Juneau, Trial Mix and Alaska Fish and Game, we have made upper range our first priority. We have purchased new targets for upper range. We will need to make enclosures and place when weather allows. Safety concerns were addressed with closing lower range. Note: inside range Rinehart targets holding up well.

Special Shoots: The Club held four special shoots throughout 2016, both 3d and trash can events had low numbers, Turkey and Legislative were well attended and we look forward to working with our partners at Juneau Shooting Sports Foundation(JSSF).

Summer Hours: Summer hours of opening 2 days during summer will continue unless there is a need for more use which will require range master's participation.

Square One Point of Sale: The club purchased a new square one point of sale register. This has provided benefits with accounting as well as keeping accurate membership data.

Saturday Closure: Club is looking for newly qualified range masters to step up and occupy open Saturday slot which will allow club to be open every day of the week.

Election Results: Juneau Archery is Club is proud to announce newly elected Board for 2017

President: Chis Lombard

Vice President: Andy Gray

Treasurer: Diane Tersteeg

Secretary: Kevin Dugan

Historian: Jess Lujan
