DECLARATION OF PRINCIPLES

Children's & Adult Versions

1 **We believe in God.** We believe in Infinite Intelligence.

2 **God is expressed through all Nature.**

We believe that the phenomena of nature, both physical and spiritual, is the expression of Infinite Intelligence.

3 **True religion is living in obedience to Nature's Laws.**

We affirm that a correct understanding of such expression and living in accordance therewith constitute true Religion.

4 **We never die.** We affirm that the existence and personal identity of the individual continues after the change called death.

5 **Spiritualism proves that we can talk with people in the Spirit World.** We affirm that communication with the so-called dead is a fact, scientifically proven by the phenomena of Spiritualism.

6 **Be kind, do good, and others will do likewise.**

We believe that the highest morality is contained in the Golden Rule, "Whatsoever ye would, that others would do unto you, do ye also unto them."

7 **We bring unhappiness to ourselves by the errors we make, and we will be happy if we obey the laws of nature.** We affirm the moral responsibility of the individual, and that we make our own happiness or unhappiness, as we obey or disobey nature's physical and spiritual laws.

8) **Every day is a new beginning.**

We affirm that the doorway to reformation is never closed against any soul here or hereafter.

9) **God speaks to man through man in the past, present and future.**

We affirm that the precept of prophesy contained in the Bible is a Divine Attribute proven through Mediumship.
