UPDATE ON e-BIKES

There have been ongoing concerns about the use of e-bikes and the safety risks associated with them. These concerns are not limited to the Black Mountain Precinct but are shared across many precincts and cities throughout the valley. In response, supervisors and officers in the Black Mountain Precinct have launched several crime suppression initiatives aimed at addressing illegal activities related to e-bikes. This effort has included numerous educational contacts as well as some enforcement actions involving e-bike operators.

To enhance public awareness, the Department is working on updating a brochure to educate both e-bike operators and parents about the dangers, legal requirements, and potential consequences of improper use. Additionally, the Department is developing guidelines for supervisors and officers detailing the traffic statutes that apply to e-bike operators, outlining when citations may be issued during traffic stops. These guidelines will also address illegal modifications to e-bikes, ensuring that unlawfully altered devices are removed from the streets. The Department's Legal Unit, Public Affairs Bureau, Traffic Bureau, Mountain View Precinct, and Black Mountain Precinct are all working collaboratively on this project.

Once these measures are finalized, the Department's Public Affairs Bureau will launch public service announcements, media, and social media campaigns to further educate the community on e-bike safety. The goal is to promote the responsible use of e-bikes in legal areas while discouraging unsafe practices that pose risks to the public. Updates on these efforts will be shared as they progress. In the meantime, the Department remains committed to addressing e-bike-related concerns as they arise.

Please continue being an active member of the community in Black Mountain Precinct, and do not hesitate to reach out to any of us with your concerns.

DVPNBWO, BMCA & BLACK MOUNTAIN PRECINCT COMMUNITY MEETING HIGHLIGHTS

with 47 in attendance at the DVCC

Meeting called to order at 6:36 pm

Black Mountain Precinct Updates

Lt. Ben said that the next Academy Class has 40 participants! The PD will be doing a rebid in the near future. There is still a decline in crime in our precinct. The pool of applicants for Chief has been reduced and we are waiting to see the list.

Area 22 met with CAO Tim Tewers

CAO Tim talked about working with the Office of Homeless Solutions and they did a big project with Transit and made 17 arrests. PD has been working on the bus stops and washes along Bell and Union Hills. They are working with Phx C.A.R.E.S. and offer services to all of the homeless we encounter. The protests have slowed down. The homeless on Greenway btw 20th & 21st Street are on the sidewalk and trashing it. Martin vs. Boise has been overturned so now the homeless can be arrested for camping and trespassing. Coffee with Cops is on Thursday, March 27th at 8:30 am at Biscuits Café. There have been issues with the kids on the scion motorbikes north of the 101. When they take off we use drones to follow them home and can write them tickets.

PRESENTATION: MARICOPA COUNTY SUPERVISOR VICE CHAIR KATE BROPHY MCGEE

Candice introduced third generation Arizonan Kate. She thanked everyone for being here and being involved in their neighborhoods. Maricopa County is the 4th largest county in the U.S. It is funded by property taxes and has no debt. The County performs city-like services in unincorporated areas, PUBLIC SAFETY Sheriff Department Search and Rescue, CRIMINAL JUSTICE Courts, Jails, and Diversion, AIR QUALITY Clean Air Act Compliance, PUBLIC HEALTH OUTBREAK PREVENTION Healthy Citizens and Communities, COMMUNITY

DEVELOPMENT Planning, Zoning, and Environmental Hazards, TRANSPORTATION PUBLIC WORKS Operations and Planning, DOMESTIC ANIMALS & ANIMAL CARE Mitigation and Control, COUNTY RECORDING & ELECTIONS County Recorders and Elections Directors. Please talk to your legislators about renewing the funding for 211. It is an invaluable compliment to 911. Since the DOJ Consent Decree was put on the Sheriff's Department it has cost the County over \$300,000,000. There was discussion on the new chip plant funding new schools and if there would be power outages which there wouldn't be.

DVPNBWO, BMCA & BLACK MOUNTAIN PRECINCT COMMUNITY MEETING HIGHLIGHTS

with 56 in attendance at the DVCC

Meeting called to order at 6:38 pm

DVCC:

DVCC Director Noreena Ortega announced the Eggcellent Adventure event coming up this Saturday from 10 am to Noon. We are planning our After Dark in the Park Event on June 21st. It is our biggest event with around 6,000 people in attendance. This year we are making a big change and instead of fireworks we will be doing a DRONE SHOW! Our summer program starts May 25th and we are already full. The pool will open on April 24th at noon.

Black Mountain Precinct Updates

Cmdr. Matt announced that Interim Chief Sullivan has resigned and will leave on April 18th. The city manager has opened the hiring process again, so it starts over again. Our overtime has been cut, so we are working on making changes to the CAO schedules. There won't be an April Coffee with Cops. The next one will be on May 22nd. Our crime rates are still down in our precinct. We have been working on new e-bike laws and enforcement; The kids have been modifying them to go faster. We don't chase them, but our drones do. Since the operator's age has been lowered to 16, we are working on a PSA to alert parents, and we are working on updating a brochure to educate both e-bike operators and parents about the dangers, legal requirements, and potential consequences of improper use. He was asked about a large police presence on 7th Street north of Union Hills on Friday night. It was a loud party with bikers due to bike week.

PRESENTATION: CONSUMER FRAUD & SCAMS with Nancy Juarez, Community Engagement Coord., AZ Attorney General's Office

Great presentation by Nancy! She talked about the warning signs of consumer fraud and scams such as high-pressure tactics and urgency, demands for personal information or money or promises of free goods or services through unsolicited communications such as calls, emails, or texts. Some consumer tips are: if it sounds too good to be true, it probably is, stop and do your research, credit cards are the safest way to pay, never do gift cards, crypto, wire transfers, or Zelle, regularly check your credit card and bank statements, and always protect your personal information. No legitimate business or government agency will ever ask for gift cards. Do not fall for door-to-door sales! They are almost always high-pressure and offer a limited time limit. Post a No Soliciting sign on your front door. If you engage with someone, ask for their identification and verify their credentials by calling their business. Never pay for services in advance. Never let anyone inside your home. Beware of Government Imposter calls about the IRS, Jury Duty or Social Security. Romance scams are heartbreaking. They profess strong feelings for you, ask for money, don't keep promises and won't meet in person. Some safety tips for social media are to: set your accounts to private, be selective on friend requests, be mindful of what you post – don't advertise being on vacation, do not click on suspicious links, report and block suspicious or abusive accounts, have a good anti-virus program and VPN, only visit secure websites and look for the lock, avoid clicking on pop-ups and ads, and do not do online surveys or quizzes.

Message from Councilwoman Ann O'Brien

602-262-7444 council.district.1@phoenix.gov

On Monday, May 19th I had the incredible honor of being sworn in for my second term as your Councilmember. It's hard to put into words what a meaningful moment it was — standing there with family, friends, and our amazing staff by my side, I couldn't help but feel an overwhelming sense of gratitude. Thank you for trusting me once again to represent our community. It's a responsibility I take seriously, and I'm excited for what's ahead.

Thinking back to when we first took office, it's clear how much has changed. The world looks very different today, but what hasn't changed is our shared belief in the power of community. Even when we don't agree on every issue, I'm proud to work alongside a Mayor and Council who love Phoenix and want to see it thrive. I also want to give a warm welcome to our newest Councilmember, Anna Hernandez, who's now representing District 7 — we're lucky to have her voice at the table.

Phoenix's momentum is undeniable. Right now, we're seeing historic economic growth, with projects like the \$165 billion investment from Taiwan Semiconductor Manufacturing Company (TSMC) leading the way. This isn't just about one company — it's about building careers that will sustain families for generations. We're teaming up with places like ASU West Valley, Grand Canyon University, Maricopa Community Colleges, and West-MEC to make sure Phoenix students are ready to step into these new opportunities.

At the same time, we know growth has to be smart and sustainable. Huge projects like Halo Vista — a \$7 billion investment bringing new jobs, homes, and commercial space to North Phoenix — are setting the stage for the next generation. But it's not just about big developments; it's about keeping Phoenix affordable and welcoming for everyone. Over the last four years in District 1, we've approved nearly 5,000 new housing units, and I'm committed to keeping that momentum going. Whether it's single-family homes, duplexes, or apartments, we're cutting red tape and encouraging the kinds of housing options people actually need.

Another big piece of our future is protecting our water. New growth, especially in North Phoenix, depends on it. That's why I worked directly with the White House to push for nearly \$300 million to build the North Gateway Advanced Water Purification Facility. Along with two other facilities we're moving forward on, we're making sure Phoenix can grow sustainably without putting more pressure on the Colorado River.

And when it comes to some of the hardest challenges we face, like homelessness, we're not backing down. We're showing that you can pair compassion with accountability. I led efforts to create a Community Court to give people a real second chance. I also helped launch the Community Assistance Program, where trained behavioral health professionals — not police — respond to mental health calls. We've expanded shelters, added services, and created a new Eviction Legal Services Program to help people stay housed in the first place.

At the end of the day, it all comes down to making Phoenix a place where everyone feels safe, supported, and proud to call home. That's what motivates me every day, and I'm more energized than ever as we kick off this next chapter.

Thank you again for believing in me. Monday's ceremony was a powerful reminder that we're in this together — and that when we stay focused on opportunity, community, and compassion, there's no limit to what Phoenix can achieve.

Here's to the next four years!

All my best, **Ann** Councilwoman, District 1

DON'T GIVE TO INDIVIDUALS GIVE TO SHELTERS

To end panhandling, we have to end directly giving to people panhandling. Phoenix is full of compassionate and charitable citizens. They want to help those in need. However, giving money to people panhandling doesn't fix problems. In order to truly help those in need, stop giving money to panhandlers and instead support organizations and services that provide long-lasting care. — Central Arizona Shelter Services — Andre House — Salvation Army — St. Joseph The Worker — UMOM New Day Centers — The Phoenix Rescue Mission — St. Mary's Food Bank For more organizations and information that can provide housing, or other services, please visit the Homeless Shelter Directory at:

Fire Prevention Public Information

Fireworks

State Law regulates the use and sales of fireworks in Arizona

The Phoenix Fire Code prevents the sales and use of consumer fireworks in the City of Phoenix. However, during specific dates, Arizona State Law supersedes this requirement and allows the sale and use. Arizona Revised Statutes section 36-1606 regulates when permissible fireworks can be bought, sold and used in Arizona. The law does not apply to novelty items: snappers, snap caps, glow worms, snakes, party poppers, and sparklers.

This law may be updated at times so please refer to <https://www.azleg.gov/ars/36/01606.htm> for current requirements and dates. Below are only for references based on State Law at the time of this page's publish date.

The sale of permissible consumer fireworks is allowed:

- April 25th through May 6
- May 20th through July 6th
- December 10th through January 3rd
- Two days before the first day of Diwali through the third day of Diwali each year.

The use of permissible consumer fireworks is allowed:

- May 4th through May 6th
- June 24th through July 6th
- December 24th through January 3rd
- The second and third days of Diwali of each year.

Prohibit use all days the use of permissible consumer fireworks between the hours of 11:00 p.m. and 8:00 a.m., except:

- Between the hours of 11:00 p.m. on December 31 of each year through 1:00 a.m. on January 1 of each year.
- Between the hours of 11:00 p.m. on July 4 of each year through 1:00 a.m. on July 5 of each year.

Permissible fireworks include: cylindrical and cone fountains, illuminating torches, wheels, ground spinners, flitter sparklers, toy smoke devices, wire sparklers or dip sticks. Click [Here](#) for a chart that will help you to determine if a product is legal or illegal to use in the City of Phoenix.

Permissible fireworks for sale under state law may not be sold to person(s) under the age of 16. The penalty for selling, buying, or using fireworks outside the permissible dates is a fine of \$1,000. Use of fireworks on preservation land owned by the City of Phoenix is prohibited and is a Class 1 Misdemeanor with a \$1,000 fine. In accordance with NFPA 1124, 2012 ed., the sale of permissible consumer fireworks requires a Fire Prevention permit. Per State law, signage is required at places of sale and display that advises purchases of permissible consumer fireworks is prohibited to persons under the age of 16. Additional tent permits and zoning approval may be required by the [Planning & Development Department Zoning Division](#).

The dangers of fireworks

Recommendations for the Safe Use of Permissible Fireworks:

1. Observe all laws concerning the use of fireworks.
2. Young children should not be allowed to play with fireworks under any circumstances.
3. Older children should only be permitted to handle fireworks under close adult supervision.
4. Light fireworks outdoors in a clear area away from houses, dry leaves or grass, and flammable materials.
5. Keep a bucket of water nearby for emergencies and to douse fireworks that do not properly ignite.
6. Keep a hose with a shut-off nozzle nearby. The water should be on and the hose should be ready to instantly douse any wayward fires.
7. Do not attempt to re-light or handle malfunctioning fireworks. Soak them with water and throw them away.
8. Be sure people are out of range before lighting fireworks.
9. Never have any portion of your body directly over a firework while lighting. Be sure to wear protective eyewear. An errant ember could cause permanent eye damage or, in extreme cases, blindness.
10. Don't experiment with homemade fireworks.
11. Sparklers should only be handled by kids older than 12.
12. Make sure that people with lit sparklers stay at least 10 feet apart.
13. Put all used sparklers in a water bucket for 24 hours.

SWIMMING POOL SAFETY TIPS

Pool season is in here, so take these steps to keep your park visitors safe this summer:

1. Remove toys and floats from the pool immediately after use; they can attract children.
2. Always assign a designated watcher for children in and around the pool.
3. Make sure there is a self-closing gate around your pool, and always keep it maintained.
4. Gates and fences around the pool area should be at least 4 feet high.
5. All pools should have regulation drain covers; discuss local regulations with your pool maintenance provider.
6. Keep a fully stocked first aid kit and rescue equipment near your pool area.
7. Never swim alone.
8. Learn to perform CPR on both adults and children.
9. Post pool signs in prominent locations and make sure they are easily seen and read.
10. Inspect pool areas for slipping hazards and install safety tape as a precaution.

CRIME TIPS

FAKE JOBS, REAL LOSSES— WITH NEW TWISTS

Job hunting is stressful enough without having to worry about criminals posing as legitimate employers. These scammers aim to steal personal information and money or to make their victims into unwitting accomplices in crime.

Business and job opportunity scams have surged since the pandemic. According to the [Federal Trade Commission \(FTC\)](https://www.ftc.gov), reports nearly tripled, and losses soared from \$90 million to \$501 million between 2020 and 2024. If you're not job hunting, chances are someone you know is. Please share this information to help protect them against [fake employer scams](#).

HOW IT WORKS

You spot a listing on a job board or social media or get a text message offering a work-from-home opportunity — like processing paperwork, stuffing envelopes or data entry.

The job often promises remote work with high pay and requires little to no experience.

You may be asked to pay up front for training and specialized equipment or [receive a check](#) to "cover" these expenses

WHAT YOU SHOULD KNOW

Criminals advertise jobs the same way real companies do, often impersonating well-known businesses or inventing fake ones. Their listing

may include bogus testimonials and personal success stories to make the offer seem real.

The goal of the scam could be straight up identity theft, or it could be to steal money or turn you into an unwitting money mule.

In the [money mule](#) scenario, the criminals who "hire" targets ask them to set up a bank account to receive and transfer funds. Others hire work-from-home employees to receive, repackage and reship stolen merchandise, which can land you in trouble with law enforcement.

WHAT YOU SHOULD DO

To ensure a job listing is legitimate, contact the company directly through its verified website or phone number.

Research the employer by searching the company's name alongside words like "scam", "review" or "complaint" to see what other people are saying. Ask detailed questions before accepting any work-from-home offer. Clarify how and when you'll be paid and whether there are any up-front costs. Protect your personal information. Never share personal or financial details until you verify a job offer is legitimate.

HAVE YOU TAKEN THESE STEPS TO PROTECT AGAINST IDENTITY FRAUD?

In 2024, 40 million Americans reported \$47 billion stolen through identity fraud and scams according to a [new report](#) co-sponsored by AARP. It's a massive and growing problem—but there are things each of us can do to protect against identity fraud even if our data has been exposed.

In a previous edition, we shared key steps like creating stronger passwords, using multi-factor authentication, and reviewing your credit report. Here are three more ways to safeguard your personal information.

Enable Automatic Updates

Any device that stores information or connects to the internet can be a target for cybercriminals seeking to steal your personal information.

[Regularly update your operating system](#) and antivirus software, especially when new versions are released.

Better yet, [set up your devices and software](#) to update automatically when available.

These updates often fix known security vulnerabilities that could be exploited by criminals.

Just Say No to Unsolicited Communications

Be wary of unsolicited calls, texts, emails and social media messages.

Criminals spoof phone numbers and impersonate trusted sources to appear legitimate.

Avoid clicking on links in emails, texts or online ads. Type web addresses into your browser to ensure you aren't sent to a copycat site and only visit sites you know and trust.

[Let your voicemail or answering machine handle unfamiliar calls](#). If the call is important, the person will likely leave a message, and you can verify the number and information before calling back.

Check with your phone carrier for ways they can help block or flag suspicious calls.

Shred Sensitive Documents You No Longer Need

Despite the rise of online threats, criminals still rely on traditional methods like dumpster diving to steal personal information.

[Shred](#) anything containing sensitive information that you don't need to keep for specific purposes. For example, shred paid credit card statements, sales receipts, medical statements and credit offers that you no longer need.

If you shred paper yourself, consider using a micro-cut shredder for added security.

AARP offers free document shredding and other fraud-related events across the country. To see if one is planned near you, visit aarp.org/local

Knowledge gives you power over scams. The [AARP Fraud Watch Network™](#) equips you with reliable, up-to-date insights and connects you to our free fraud helpline so you can better protect yourself and loved ones. We also advocate at the state, federal and local levels to enact policy changes that protect consumers and enforce laws.

And one more thing...

AARP Fraud Watch Network™ offers free [emotional support sessions](#) for people affected by fraud. Trained peer facilitators conduct hour-long small group online sessions. Experiencing fraud can be devastating, but it doesn't have to define you.

988 988 988

People experiencing a mental health crisis have a new way to reach out for help in the U.S. They can simply call or text the numbers 9-8-8.

Modeled after 911, the new three-digit **988 Suicide & Crisis Lifeline** is designed to be a memorable and quick number that connects people who are suicidal or in any other mental health crisis to a trained mental health professional.

"If you are willing to turn to someone in your moment of crisis, 988 will be there," said Xavier Becerra, the secretary of the federal Department of Health and Human Services, at a recent press briefing. "988 won't be a busy signal, and 988 won't put you on hold. You will get help."

The primary goal of the new number is to make it easier for people to call for help. Lawmakers and mental health advocates also see this launch as an opportunity to transform the mental health care system and make care easily accessible everywhere in the United States. The Biden administration has invested more than \$400 million in beefing up crisis centers and other mental health services to support the 988 system.

The **CRISIS LINE** is available 24/7/365 to anyone experiencing a mental health crisis.
In an emergency, always call 911.

COMMUNITY CATS

Helpful Information and Tips for the Community

A Community Cat is a catch-all term often used to describe any outdoor cat that may appear to not have an owner. Feral cats, which are under- or not socialized, fall under this umbrella, as do free-roaming, friendly cats.

In Maricopa County, cats are not subject to the same licensing and leash laws as dogs. Because of this, Maricopa County Animal Care and Control (MCACC) cannot pick up stray or feral cats or take action against those feeding cats in their neighborhoods.

Many times, members of the community act as colony managers to ensure that a feral cat colony is a managed colony. Cats in these communities are usually fed, watered, vaccinated, spayed, or neutered, and monitored for overall health. Other times, the cats are self-reliant and can survive in the neighborhood on their own, without any direct assistance.

TNR

TNR (Trap-Neuter-Return) is a long-proven and effective method for humanely addressing community cat populations across the world.

Trap: The cats are humanely trapped and brought to a clinic.

Neuter: The cats are fixed, vaccinated, and their left ear is "tipped" to indicate they have been fixed.

Return: The fixed cats are safely returned to their colony.

Benefits of TNR

- Cats become better neighbors as it reduces or eliminates unwanted mating behaviors (e.g., yowling, fighting, spraying).
- Cats will be healthier when treated with this humane solution and typically are less likely to wander from their food source.
- Halts the breeding cycle which allows community cat populations to stabilize and eventually decline.
- Protects and respects cats' lives.

HOW TO HELP KEEP COMMUNITY CATS AWAY FROM YOUR PROPERTY

- Remove or secure all potential food and water sources from your property, including dog food.
- Spray concentrated orange juice or hang orange or lemon peels in areas where cats are spraying — cats do not like the citrus scent.
- Keep all trash and recycle bins tightly closed as cats are considered opportunistic feeders/hunters.
- Use a motion-detecting device that turns on a sprinkler or bright light in response to motion on your property, such as ScareCrow™.
- Remove or secure potential shelter areas — secure access under houses, sheds, decks, porches, and buildings with wire fencing.
- Use plastic carpet runners spike-side up and covered lightly in soil to prevent cats from digging in your garden.
- Keep landscaping trimmed to avoid creating hiding/nesting spots.
- Spread dried wild animal manure in the areas you notice feral cats in your yard; wild animal urine also may work to deter the cats.
- There are also many commercial cat repellants (chemical and non-chemical options) available in garden stores, pet shops, and online.

For more information about TNR, please call the Spay Neuter Hotline at 602-265-7729 or complete the online form: <https://adlaz.org/spay-neuter-hotline/outdoor-cats/newrequest-for-tnr-services/>.

NEED YOUR HELP!

Our **DVPNBWO TNR TASK FORCE** has trapped and fixed almost 100 Community Cats since last Spring from several colonies around our neighborhood! This will ultimately decrease the population of feral cats! **Did you know that our community cats keep down the large populations of RATS, MICE AND PIGEONS in our neighborhood?**

Many neighbors do not know that the tip of an ear cut off means that the cat has been fixed or what the laws are concerning feral cats. **"They are free-roaming animals. It is not legal to harm a cat, or abandon or dump a cat in someone else's neighborhood, public property, or the desert. It is a violation of state statute, ARS 13-2910A, Animal Cruelty, to intentionally harm any animal; this can be a criminal Class 1 Misdemeanor or a Class 6 Felony charge."**

If you have a colony that needs TNR, our task force is willing to help you. TNR costs \$45 - \$90 per cat. We have spent our own funds and received some donations for TNRs but must ask for more donations to help cover the cost. Please call 480-215-2845 and leave a message and we will get back to you with all the information on how to donate to a TNR organization we are partnering with for the cats in our Deer Valley Park Neighborhood.

THANK YOU!!!

BLOCK WATCH IMPROVES THE QUALITY OF LIFE WITHIN OUR DEER VALLEY PARK NEIGHBORHOOD!

Block Watches come in all sizes. They can be a few houses in a cul-de-sac to a whole square mile neighborhood organization. They help to develop a "sense of community" and strengthen and sustain neighborhoods by bringing residents/neighbors together with a common interest.

Every Block Watch starts with one person and their concern for the safety and well-being of themselves and their families. Their motivation may be to meet or get to know their neighbors to protect the children, to keep property values up by eliminating blight and graffiti, to stop speeding on the streets by installing speed humps to protect the children, to have peace of mind by discouraging barking dogs and loud parties, and to be safe from crimes like burglary, theft and assault.

We all want to live in a safe and secure environment. Our homes should be a safe haven. By rights there should be several "Layers of Protection" around our homes starting with National and State Governments controlling our Borders, then State and City Police Departments with local precincts and City Governments that provide education and resources, then Community Member Groups providing Phoenix Neighborhood Patrollers and PNP signs posted on neighborhood streets and then a Block Watch on our own street with neighbors watching out for neighbors and then our own home security alarms and lighting from burglary prevention education.

If you are interested in starting up a Block Watch on your street please contact our Black Mountain Police Precinct Community Action Officers are Tim Tewers #8698 at 602-495-5213 or 480-506-6454 tim.tewers@phoenix.gov and Jon McQuillan #8926 at 602-495-5238 or 602-904-9985 jon.mcquillan@phoenix.gov

Come to the Black Mountain Community Alliance Meeting on the second Wednesday of each month (except July, August & November) at 6:30 pm at the Deer Valley Community Center where we hold our Deer Valley Park Neighborhood Block Watch Organization Meetings and meet with our Community Action Officer!

Meetings have been on ZOOM. Check the website for updates at www.dvpnbwo.com

HELP STOP CRIME IN YOUR NEIGHBORHOOD BY STARTING A BLOCK WATCH GROUP ON YOUR STREET TODAY!

Distribute this announcement to invite people to the Block Watch Meeting:

You're Invited to an Important Meeting!

If you are as interested as I am about maintaining and improving the quality of life on our street and in our neighborhood, please attend an important meeting to be held:

DAY _____ DATE _____ TIME _____

LOCATION _____

A representative of the Phoenix Police Department will be there to discuss a way we can impact and improve our community. It is called BLOCK WATCH, and we will be informed how to combine our efforts to make our homes and our neighborhood a safer place to live.

Please Plan to Attend and RSVP to:

NAME _____

BLIGHT AND ZONING LAWS

STRUCTURES: The maintenance of a home is the responsibility of the property owner. Any wood, siding, shingles, roof covering, railings, fences, walls, ceilings, porches, doors, windows, screens, and other exterior parts of any structure on the property must be maintained in weather tight, sound condition and in good repair. The property owner is responsible for making sure there are no doors or windows left open and not secure to the outside. **FOR HELP call the Preservation Division of the Neighborhood Services Dept. at 602-495-0700 to see if you qualify for a free Grant!**

OUTDOOR STORAGE: All outside storage that can be seen from the street should be inside sheds or cabinets. Items should not be set in car ports in view of the street. Please use enclosed areas or backyards.

JUNK, TRASH & DEBRIS: Junk, trash and debris cannot be left in the yard or car port and must be properly disposed of. This includes junk auto parts, appliances, furniture, building and/or landscaping material, trash such as discarded papers, cardboard, plastics, etc. including tree trimmings and fallen limbs or any other items that appear to have been discarded. The only exception is during the Bulk Trash Collection weeks four times a year.

PARKING: Parking is only permitted for passenger cars and motorcycles on residential streets, on driveways or in garages. A driveway or parking area must be constructed with an approved dust free parking surface. The stone must be 1/4 - 3/4 in size with a permanent border holding it in. 1/4 minus size stone is not allowed for parking. There are limits to the amount of front yard area that can be used for parking. Only 35% of the front yard may be converted to driveway or dust free parking.

GRASS AND WEEDS: Grass and weeds must not be allowed to grow over 6 inches high due to fire hazard, allowing the weeds to go to seed and spreading throughout the neighborhood and causing insect infestation.

ELIMINATE GRAFFITI: Keeping the neighborhood graffiti free is something we can all do. If there is graffiti on your property, please remove it as soon as possible. The Graffiti Busters Program provides paint, supplies and training to assist groups with eliminating graffiti. The City will also remove the graffiti from private property with written permission from the property owner. Call 602-495-7014.

What - is your location? GIVE EXACT LOCATION

What - happened? WHAT TYPE OF CRIME?

When - did this happen?

These questions will determine if it is a priority call. Give as much of this necessary information as you can.

Was - anyone hurt?

Weapons - are there weapons involved?

What - manner did they leave or arrive - foot, vehicle, bicycle...?

Who - did it? -Suspect description

Where - did the suspect go? - What direction

What - did the suspect obtain? - type and amount

Who - is calling? - Give your name location and

phone number (You can remain anonymous.

If you do give your name, the info is redacted from the public record access.)

SIGN UP FOR REVERSE 911 IN CASE OF EMERGENCY

Getting an emergency message out to those living near a catastrophe can be difficult. In Arizona, there is a reverse 911 system.

The Community Emergency Notification System helps those managing a disaster send a message to potential victims, alerting them to stay away and stay safe.

The Community Emergency Notification System is a robo-voice message alert going straight to your phone.

The system automatically dials the landlines in the area of the active scene, but with landline phones nearly extinct, you must register your cell phone if you want to get the message.

[Click here to register your phone]

<https://maricoparegion911.onthealert.com/Terms/Index/?ReturnUrl=%2f>

The system will be able to send text messages out and not only to those who are registered but also to anyone who is near a cell tower where the situation is ongoing.

VISIBLE HOUSE NUMBERS

Please take a moment to step out in front of your home and look for your address. Seriously, if you were an emergency responder is your address visible? Have bushes grown and now obscure or is there an RV parked in such a way that the house numbers are not easily seen? DO NOT rely on the painted curb because a parked vehicle can cover it up. If you have an alley, please take the time to be sure your address is visible on your fence also. Also, make sure the address numbers are visible after dark! Solar LED Spotlights work great!

DVPNBWO GRAFFITI WATCH

Our neighborhood needs help! If you would like to join our Graffiti Team to paint over the graffiti as soon as it shows up around the neighborhood, please e-mail dvpnbwo@aol.com. When you see it in and around our neighborhood, please call Laura Robins at 623-533-0847. THANKS!

IMPORTANT INFO ABOUT NEXTDOOR!

The Police can only post information and events, they cannot see any posts by you or your neighbors unless the posts are directly responding to the Police post. When you or your neighbors talk about suspicious activity, burglaries, etc. on the neighborhood list, the police cannot see it. So, you need to call the information in to CRIME STOP 602-262-6151 or to be anonymous, call SILENT WITNESS at 480-WITNESS.

Website: www.IdentityTheft.gov

Recovering from identity theft is easier with a plan. If someone has stolen your identity, or you've gotten a notice about a data breach, visit the FTC's new site at IdentityTheft.gov for help. IdentityTheft.gov is the federal government's one-stop resource to help you report and recover from identity theft. It's also available in Spanish at RobodelIdentidad.gov. If you visit the website for the Federal Trade Commission www.ftc.gov and go to Publications (type publications in the search bar) you should be able to locate approximately 187 different FREE publications on all types of different topics. This may be a good resource for community information without the burden of paying for printing.

You can also get on the DO NOT CALL REGISTRY!

The Do Not Call Registry accepts registrations from both cell phones and land lines. To register by telephone, call 1-888-382-1222 (TTY: 1-866-290-4236). You must call from the phone number that you want to register. To register online (donotcall.gov), you will have to respond to a confirmation email.

BULK TRASH PICKUP

There is no longer Quarterly BULK TRASH PICKUP!

All bulk trash collection must be scheduled online. Customers will have the freedom to schedule bulk trash pickup based on when they need it, rather than according to a citywide calendar. Residents will schedule a pickup date online. The portal will offer available collection dates based on the customer's address. Upon selecting a date, customers will get an email confirmation and then begin to place their large items at the edge of their property no more than 7 days ahead of their pickup appointment. The new program will eliminate the collection of bulk trash in alleys. Customers will be allowed up to 10 cubic yards of trash per collection (approximately 17 ft. X 4 ft. X 4 ft.).

What's the same?

Customers are still allowed up to four bulk trash collections each year. **General guidelines** on permitted/prohibited items for bulk trash will remain the same.

What are the benefits of Bulk Trash by Appointment?

Convenience - The scheduling model will also allow residents flexibility and convenience according to their own needs. For example, a customer could avoid placing bulk items out during the heat of summer months and schedule appointments only in the winter. Or someone who is slowly cleaning out their garage could schedule all four collections in the same month if they wanted to.

Blockout dates -- The new model will not allow customers to schedule collection on dates surrounding Halloween, Thanksgiving, Christmas, and New Year's Day each year. This will help eliminate unsightly trash piles during times when visitors and trick-or-treaters are out and about.

Streamlined process -- Because Public Works will be able to build collection routes according to scheduled appointments, items won't be sitting outside as long, staff workloads will be more equitable, and equipment operators will spend less time outside during the hottest parts of the day.
