MENTAL HEALTH RESOURCES

Good day Black Mountain Community Members. I would like to talk about the importance of mental health. For some of us our lives are not utopian where we live stress free and free from sorrow, pain, heartache, and loss. Mental health issues can develop for various reasons, either through genetics or traumatic events. Regardless of the cause, there are numerous resources that are available to whomever may need help.

Sometimes we can feel helpless when someone we know is having a mental health crisis. City of Phoenix is partnered with several locally owned mental health facilities throughout the valley. A list is provided at the end of this article for your convenience, they are there to not only help you with a crisis but can walk you through steps helping or getting assistance with a loved one. They are trained in aiding in behavioral health issues, addiction, crisis, and much more.

The Phoenix Police Department has implemented its own contribution to handling situations with individuals experiencing mental health issues and who may be in crisis. The Crisis Intervention Team (CIT) have developed partnerships with several community resources in the valley and are a vital resource to providing care to those who are experiencing an issue and following up with those who may have long standing issues. Additionally, there are several Patrol Officers who have taken the Crisis Intervention training course and can respond to initial calls for assistance and can reach out to the necessary resources.

When these situations occur, they can be confusing and can cause anxiety when people are searching for answers. Here are a few resources that you may find helpful during a difficult time for yourself and or a loved one. Take care of each other.

Community Assistance Program

For when you need help

When you need help, where do you turn?

That is the question many Phoenix residents have when dealing with a crisis. Sometimes it's not clear what is the right place to call for help, especially when the issue involves someone having a mental health crisis.

That's where the City of Phoenix Community Assistance Program (CAP) comes in.

CAP is the City's program to respond to mental and behavioral health issues that might otherwise be addressed by police or fire department personnel.

The Phoenix City Council recently approved an expansion of the CAP to improve service delivery to individuals, contacting 911 experiencing behavioral and mental health issues or in need of emergency crisis response.

Behavioral Health Specialists

What is CAP?
It's an all-civilian group that includes five crisis response units with 17 full-time and more than 20 part-time positions, managed by licensed civilian professionals in social work and counseling.

Why is CAP Important?
Many times, police are called out to situations that don't require a law enforcement presence and can unintentionally increase the stress of someone experiencing a crisis. With CAP responders available the person in crisis can be helped to find the assistance they need.

What does CAP Provide?

- Grief support
- Mental and behavioral health supportive service
- Substance use disorder supportive services
- Short term case management
- Connectivity to community resources and supportive services

WE WANT TO HEAR FROM YOU!

CAP is looking for ways to better assist you and our community. Please scan the QR code or use the link to participate in a brief 5-minute survey.

CITYWIDE PHOENIX NEIGHBORHOOD PATROL

Detective Brian Kornegay

Monthly Citywide PNP Meetings

We will continue to meet on the 3rd Tuesday of the month from 6pm to 8pm in 2022. The City still has restrictions on us hosting in-person meetings and classes, so we will continue to meet virtually but when those restrictions change, we will set up in-person meetings.

I will send an email later with the link to the online meeting.

PNP Basic classes

Below is the class schedule for 2022. Please share with anyone you know who might be interested. Anyone wishing to attend must register at pnpcordinator@phoenix.gov to receive the login information and other needed documents. So far, we have only scheduled online classes for 2022. The City still has restrictions on us hosting in-person meetings and classes, when that changes, we will get in-person classes set up and post those.

• 2022 Online PNP Class schedule

- Online classes so far are on Wednesday and Thursday nights 5pm to 7pm, both nights are required. We are unable to offer interpretation on this platform.
- **May 18 & 19**
- **July 20 & 21**
- **September 21 & 22**
- **November 16 & 17**

PNP Hours for 2021

We are quickly approaching the end of 2021 (where did it go) please to a few minutes finish entering your December logs and make sure all of your hours are in for the year. I want everyone to get credit for the time they have worked.

Mileage Reimbursement Rate Change for 2022

The IRS has announced that the mileage reimbursement rate will change effective January 1, 2022 to 58.5 cents a mile. All PNP patrols prior to January 1, 2022 will still be reimbursed at the IRS rate at the time of the patrol, for all of 2021 it was 56 cents a mile. Remember the PNP mileage reimbursement is only available to groups that successfully applied for mileage reimbursement funds in a BW grant for their neighborhood and are subject to the NBWGP guidelines and requirements.

PNP merchandise order forms and cost updates:

As you are writing your grants, you might be budgeting for PNP equipment, like clothing, street signs and/or vehicle signs and are curious about expected prices for 2022. If any of you have bought groceries or filled up your gas tank you know there has been an increase in the cost of just about everything recently. I have reached out to our suppliers asking for their expected prices for 2022. So far, we have only received 2022 prices from the supplier of our magnetic vehicle signs. Our clothing supplier will not be able to give us a price list until later in November. Predicting the future is always difficult.

Next Dinner will be on Monday, April 25th at 5:30 pm at the [DoubleTree Hilton in MetroCenter \(10220 N Metro Pkwy E, Phoenix, AZ 85051\)](#) RSVP at council.district.1@phoenix.gov

Message from Councilwoman Ann O'Brien

We are ramping up for Budget Season! SAVE THE DATE, please! Our **District One Budget Hearing is April 15th at 8:30am**. Our meeting will be held virtually; hopefully, this will make it more convenient for you all to participate. If you are unable to participate at this time, you can participate in another District's meeting or in a citywide meeting. More information will be shared regarding all the meeting dates and times. And why should you participate? This is YOUR opportunity to convey to City Officials how you'd like to see the budget spent. As we have seen the last two years, a minority of people call into these meetings to complain about our public safety and advocate for less and less of our budget be allocated to public safety. However, we know most of our constituents support our police and are proud to stand with our public safety officials. We NEED to hear that during our meetings!

We also need to hear from you about other programs which keep our neighborhoods safe, like the Gated Alley Program. If we want to help block more of our alley from being accessed by transients and people illegally dumping, then you need to call in to the meeting, and share your priorities with the City. As we get closer to the meeting date, I will be providing you with ways to sign up and ensure your voices are heard.

Speaking of ensuring our neighborhoods are safer, a brief update on drones for police. During last night's Council Meeting, the Council unanimously voted to approve a contract with a vendor to officially make the purchase for police drones! City staff is continuing to work with each council office to schedule community meetings to hold listening sessions the usage of police drones. To date, I've been to 9 community meetings and solicited feedback from just under 400 citizens. We will be holding another listening session and formal presentation from staff about drones at our Community Breakfast tomorrow.

Finally, I want to give a warm farewell to Lieutenant Brian Rimsza who will be leaving the Black Mountain Precinct and taking on a position in the Robbery Unit located at Police Headquarters Downtown. Lieutenant Rimsza was a familiar face to so many in the Black Mountain Precinct community and will be greatly missed. We also want to welcome Lieutenant Ben Sywarungsymun who will be taking over for Lieutenant Rimsza. We look forward to working closely with him!

All my best, **Ann** Councilwoman, District 1

Join us for our District 3 Community Coffee Chat Wednesday, April 27th 8:30 – 9:30 am at North Mountain Park (Havasupai Ramada), 10600 N. 7th St. Our new Fire Chief Michael Duran will join us to talk about the Fire Department and his priorities. Please RSVP

BUDGET HEARINGS

It's almost April, which means it's almost Phoenix's budget season. Every year, the City of Phoenix undergoes a budget process to allocate the City's \$1.6 billion General Fund toward the city services, functions, and departments that keep our city running. This includes our Police, Fire, Parks, Streets, Libraries, Senior Centers, PHX CARES and so much more. The Phoenix City Charter requires a balanced budget each year.

In April, the City of Phoenix will host 11 Virtual Community Budget Hearings to gather feedback on the proposed FY22-23 Trial Budget. Community feedback is a vital part of the budget process and will be considered in the development of the City Manager's budget. **We want to hear from you!** What are the services and functions that you enjoy, that are vital, and you want to keep? What are areas that need increased funding? What are new programs and services the City should consider? Now is the time to advocate for those needs. The time limit for residents to speak is 2 minutes (4 minutes if Spanish translation is needed).

The District 3 Virtual Budget Hearing will be Thursday, April 7 at 8:30 a.m. via Webex. Please know that while each councilmember was able to select a district-specific date, residents are encouraged to attend any and all meetings they would like

A schedule of all Budget Hearings, along with information on how to access the meeting and register to speak, is available at <https://www.phoenix.gov/budget/hearings>.

Residents can also send their questions and comments to the Budget and Research Department by emailing budget.research@phoenix.gov or calling 602-262-4800.

ANGELS ON PATROL

Provides police officers a direct means of helping families in crisis with immediate assistance before they move on to their next urgent call. The most common situation officers request Angels on Patrol assistance are for families involved in domestic violence. SROs are also helped with Youth Enrichment. Angels on Patrol support all Police Departments, Troopers and Deputies in the Phoenix Metropolitan Area and hope to go statewide. Over 17,000 individuals have been served since 2009. The assistance can range from providing a new pair of shoes to sex trafficking victims and domestic violence survivors. This is the only non-profit offering support to on-duty officers going above and beyond the call.

ADOT project helps save endangered species

Partnership with Desert Botanical Garden sees more endangered cactus returned to Pinto Creek bridge site

The recent completion of an Arizona Department of Transportation bridge replacement project near Globe means new life for an endangered species of cactus.

The location of the US 60 Pinto Creek bridge is also home to the endangered hedgehog cactus, which grows only within a several mile radius of the site. About a foot high, usually covered in spines and often with red flowers at the top, Arizona hedgehog cactus looks something like the small animal it's named after. The species is listed as endangered by the U.S. Fish and Wildlife Service and is protected under Arizona law.

When the project began in 2018, a team from Desert Botanical Garden in Phoenix safely removed 34 cactus that would have been impacted by the construction work, then nurtured and propagated more, replanting a total of 61 cactus earlier this month.

This environmental protection effort took on added importance in the summer of 2021. At that time a wildfire swept through the project site, threatening some of the cacti in that area that were not removed because they were not threatened by construction.

The plants on site could have easily been destroyed in the fire which is why it was a good thing these plants were taken back to Desert Botanical Garden out of harm's way", said Steve Blackwell, Conservations Collections Manager for Desert Botanical Garden. "That was an important side benefit of taking cactus out when we did. Another valuable part of this process was that we were able to hand pollinate the plants at the Garden, clone the mother plants and develop a seed bank for future preservation. This is a great win for the environment"

"ADOT has a responsibility to respect the environment and to make sure the plants and animals that make Arizona special are protected," said Josh Fife, ADOT's biology team lead. "We're proud that the work we did will make sure the Arizona hedgehog cactus will continue to exist in the one special place in the world where they thrive."

ADOT to host two public meetings for I-17 Improvement Project

March 31 and April 26 set for virtual and in-person meetings about construction between Anthem Way and Sunset Point

With construction set to begin later this year on Interstate 17 between Anthem Way and Sunset Point, the Arizona Department of Transportation is hosting two public meetings to share information and answer questions.

ADOT encourages everyone to participate to find out what to expect while work is underway through 2025, and how the improvements will help reduce congestion and enhance safety and traffic flow along this busy 23-mile stretch of highway north of Phoenix.

Anyone can attend one or both meetings to learn more, provide input and ask questions.

- **PARTICIPATE VIRTUALLY:** A virtual public meeting is scheduled from 6 to 7:30 p.m. Thursday, March 31. ADOT's project team will provide an overview and answer questions from meeting participants. To join the meeting, visit improvingi17.com at 5:45 p.m. on March 31 and follow the link to the WebEx presentation.
- **PARTICIPATE IN PERSON:** Join the project team for an open house at Canon Elementary School, 34630 School Loop Road in Black Canyon City, on Tuesday, April 26. The open house begins at 5:30 p.m., followed by a presentation at 6 p.m. The open house will continue from 6:30 to 7:30 p.m.

- For those who can't make it to either meeting, there is a third option to find out about the project and ask questions. Beginning March 31 and continuing through April 26, anyone can walk through a virtual open house at improvingi17.com. This standing open house via the project website will provide the same information as the virtual and in-person public meetings, but can be viewed at your convenience. There will still be opportunities to ask questions or make comments through this virtual open house.

- Construction on the highly anticipated I-17 Improvement Project: Anthem Way to Sunset Point will begin later this year and is expected to take approximately three years to complete. Pre-construction work is currently underway. Once the major work officially begins, drivers can expect the entire 23 miles to be under construction at once and should plan their trips accordingly.
- Once complete, this project will help alleviate congestion and improve safety and traffic flow north of the metro Phoenix region. The 23 miles of improvements include 15 miles of roadway widening from Anthem Way to Black Canyon City, two bridge replacements, one bridge deck replacement, 10 bridge widenings, and the installation of an approximately eight-mile flex lane system from Black Canyon City to Sunset Point. Flex lanes are a new feature for Arizona's highway system and are proven technology to help reduce congestion on I-17 during peak travel times and allow for traffic movement during emergency situations.
- The I-17 flex lanes will operate as a separate, two-lane roadway carrying one direction of traffic at a time depending on the greatest need along the steep, winding 8 miles between Black Canyon City and Sunset Point. For example, the flex lanes will be able to carry heavy northbound traffic on a Friday or heavy southbound traffic on a Sunday. Similarly, ADOT will be able to open the flex lanes to accommodate traffic any time if a crash or other incident causes long delays. The flex lanes will be next to, but physically separated from southbound I-17 using concrete barriers. Access to the flex-lane entrances will be controlled by gates.
- For more information about the I-17 public meetings or this project, visit improvingi17.com, call 877.476.1717 or email info@improvingi17.com

Tips to Ease Your Individual Tax Filing Process

Phoenix, AZ—The Arizona Department of Revenue (ADOR) offers common answers and assistance this tax season as filing taxes can be complex and may lead to questions and errors. ADOR encourages taxpayers to view the common answers during and after filing their tax return.

Finalizing Your Return

- **Order of filing.** Complete your federal return before you start your Arizona return.
- **File early.** This year's deadline is April 18. Generally, about 30% of income tax returns are filed in April. Returns filed this close to the deadline increase the timeframe for refund delivery.
- **File electronically.** When e-filing and using direct deposit, the taxpayer benefits with a secure, faster, and easier refund.
- **Accuracy checks.** ADOR stops and reviews thousands of individual income tax returns each year to resolve errors or request missing information. Ensure all documents are included, double check the amounts, and verify the information before sending your return. Even better, e-file your return, which automatically calculates the fields and includes all the required documentation.
- **Rounding matters.** Round dollar amounts to the nearest whole dollar.
- **Contact information.** Make sure you include your daytime telephone number in case the Department has questions.
- **Declare all income:** Income from full-time, part-time, and temporary employment is subject to income tax. If you had multiple employers during the year, be sure to provide information for every W-2 you received. Failure to include all sources of income may result in substantial delays in processing your return.
- **Black ink on white paper.** If filing a paper return, print the return using black ink on white paper.
- **File on time:** To avoid penalties and interest on the amount you owe, file on time - even if you are not able to pay in full. The penalty for late filing is higher than late payment. If you can't file on time, file Form 204 on or before April 18. An extension does not extend the time to pay your income tax.

Common Tax Form Answers

- Even if you are not required to file, you must still file a return to receive a refund of any Arizona income tax withheld.

- Be sure to use your federal adjusted gross income and not your federal taxable income.
- If you are filing a joint return, enter your Social Security Number (SSN) in the same order every year.
- If your 65th birthday was January 1, 2022 (born 1/1/1957), you are considered to be age 65 at the end of 2021 for income tax purposes.
- You cannot claim a dependent tax credit for someone whom you have claimed either as a qualifying parent/grandparent or as an "Other Exemption."
- The family income tax credit will only reduce your tax and cannot be refunded.
- There are separate lists for Qualifying Charitable Organizations and Qualifying Foster Care Charitable Organizations, and they are claimed on different forms. A taxpayer can only claim a tax credit for donations made to [qualifying charities](#). For donations made in 2021 - use the 2021 list. For donations made in 2022 - use the 2022 list.

Instructions before Mailing

- If the U.S. Post Office postmarks your 2021 calendar year return by April 18, 2022, your return will not be late.
- Do not staple any documents, schedules, or payments to your return.
- Make sure you fill in all required boxes.
- If you requested a filing extension, make sure that you check box 82F.
- Sign your return and have your spouse sign if filing jointly.
- Do not include correspondence with your return.
- If you mail your return, ensure you send it to the correct address based on if you are making a payment or expecting a refund. Please check the form for mailing instructions.
- If you pay someone else to prepare your return, that person must also include an identification number where requested. A paid preparer may use any of the following:
 - his or her Preparer Tax Identification Number (PTIN);
 - his or her Social Security Number; or
 - the Employer Identification Number (EIN) for the business.

Refund and Payment Tips

- Enter the correct routing and account numbers, as you are responsible for this information.
- Check with your financial institution to get the correct routing and account numbers and to make sure direct deposit will be accepted.
- If the direct deposit is rejected, a check will be mailed instead.
- Include your check or money order with your return. Please do not send cash.
- Write your SSN and tax year on the front of your check or money order. Include payment with your return. If sending a paper payment separately, include your [voucher](#). Without a return or voucher, the Department spends time researching and connecting the payment to an account thus delaying the return process.
- If you change your address before you receive your refund, let the Department know. Complete [Arizona Form 822](#), Change of Address.
- If you receive a letter from ADOR asking for more information or to verify identity, the refund will be delayed until the requested information is received and reviewed by the Department. Reply as soon as possible so ADOR can process the return and refund/payment.

Be on Alert for Identity Thieves during Tax Season

Phoenix, AZ—Identity theft occurs year-round but the Arizona Department of Revenue (ADOR) advises taxpayers to be on heightened alert during tax season. Combating tax fraud is a high priority for the Department and works continuously to enact safeguards to protect the public from identity thieves and scammers.

In recent schemes, thieves impersonate tax personnel using phone calls, emails, or text to lure information such as Social Security Numbers (SSN), passwords, or banking information. Other scams may involve card-skimming devices, unsecure Wi-Fi networks, data breaches, computer viruses, unsafe smartphone apps, and hacking email accounts as ways identities are stolen.

The information thieves obtain are used to file a fraudulent tax return. Taxpayers may not be aware this has occurred until they file their taxes and learn one has already been filed using the same SSN. Delays in refunds can occur even if you are a victim and are left with the hassle of providing documentation as proof of identity to complete your return.

Ten tips to help prevent being the victim of identity theft:

- Do not carry identification with your SSN on it.
- If someone wants your SSN, always ask why because it is not always required.
- Keep personal and confidential information in a secure place.
- Take extra precautions when discarding personal or confidential information.
- Protect personal computers, smartphones, and other devices by using anti-virus software.
- Do not click on unexpected links, images or attachments in emails. Check links before clicking by hovering over the link and looking at the bottom left corner of the browser to verify the exact URL.
- Use strong passwords and never share your passwords. Remember to change your passwords at least every 90 days.
- Never give personal information through unencrypted email, social media, or text messaging.
- Check your credit report annually.
- Monitor and examine your bank and Social Security Administration statements.

The Arizona Department of Revenue advises taxpayers to file early and take steps to protect their information.

ADOR's Criminal Investigation Unit is cracking down on fraudsters this tax season. In a recent W-2 scam, companies have been targeted through a phishing email appearing to be from an executive requesting confidential payroll information. ADOR fraud detection systems review, check, and match against employer W-2s, IRS, and other systems, which may take a bit longer to ensure that taxpayers get their money rather than fraudsters.

If you have been a victim of tax-related identity theft, notify the Department of Revenue's Identity Theft Call Center at (602) 716-6300, toll-free: 844-817-9691, or <https://azdor.gov/individual-income-tax-information/identity-theft>.

If you suspect unemployment benefits fraud, see our [guidance](#) and contact the Arizona Department of Economic Security. The Arizona Department of Revenue's fraud prevention system has stopped more than \$83 million from fraudulent tax returns in the last five years.

County Attorney's Office Expands Efforts to Assist Community with Marijuana Expungement

Monday, March 7, 2022 (Phoenix, AZ) – Over seven months ago, individuals in Arizona with certain marijuana-related convictions became eligible to have their criminal records expunged, or cleared, of the conviction, under Proposition 207, the Arizona Safe and Smart Act.

In the summer of 2021, starting the day the new law went into effect, the Maricopa County Attorney's Office (MCAO) began proactively filing petitions to expunge the convictions for eligible people. These petitions included individuals convicted of certain marijuana-related offenses and individuals charged with a marijuana offense who successfully completed a diversion program but still had an arrest and dismissal on their criminal record.

Given our resource limitations, MCAO prioritized the most recent cases. To date, MCAO has filed over 10,000 petitions to expunge eligible closed cases involving marijuana; over 7,000 of those petitions were filed in cases handled by the office since 2016. MCAO limited the filings to about 500 a week to avoid overwhelming the court system.

In addition to proactive filings, MCAO also created a public website where individuals could ask prosecutors to review their case and, if eligible, have MCAO file a petition to expunge their conviction.

By the numbers:

- Since, July 12, 2021, MCAO has filed 10,607 expungement petitions in closed cases, including 1,094 petitions generated from 1,340 inquiries initiated through the public website.
- The office has also responded to approximately 1,186 petitions filed by individuals, either themselves or through an attorney.

"I believe that the will of the voters should be implemented as efficiently as possible," said Maricopa County Attorney Allister Adel. "My office is working diligently to continue to identify those cases and assist individuals who have a right to have their records expunged under this voter approved law."

Immediately following the certification of the election, the Maricopa County Attorney's Office filed motions to dismiss pending cases in Maricopa County affected by the new law. The MCAO proactively filed to dismiss or drop over 5,000 charges related to the use, transportation or cultivation of recreational marijuana.

CRIME TIPS:

NO RELIEF FROM SHAM DEBT RELIEF OFFERS

Debt is something that can creep up on anyone, and before long, you are looking for a way out of it. But use caution — sometimes, tempting offers of debt relief will only make your own problems worse, while lining the pockets of scammers.

HOW IT WORKS:

Debt relief scams promise "guarantees" to get you out of debt quickly and cleanly.

You may be asked for advance payment, or to pay ongoing fees, for the "services" they provide.

You may receive an offer to enroll in a debt relief program without having your own financial situation specifically reviewed.

You may even be told to stop paying your creditors.

WHAT YOU SHOULD KNOW:

There simply is no guarantee that any debt relief program will get you out of debt or stop collection calls or lawsuits. Anyone promising this is lying to you.

Debt relief plans can only work for you if they are based on your specific financial situation. Offers to enroll you without considering that are bogus.

It's illegal for debt relief companies to seek upfront payment before they provide services to you.

In a scam scenario, you might be led to believe fees you are paying to the debt relief company are going to your creditors. If you follow their guidance to stop paying your creditors, those creditors could bring a lawsuit against you.

WHAT YOU SHOULD DO:

Check with your state Attorney General's office before working with a debt relief service to see if it has been the subject of complaints.

Consider negotiating with creditors directly or connect with a debt counselor through a nonprofit credit counseling organization, such as the [National Foundation for Credit Counseling](#).

Report any debt relief scams to the Federal Trade Commission by calling 1-800-382-4357 or going online to [reportfraud.ftc.gov](#).

WAR IN UKRAINE SPAWNS CHARITY SCAMS

Scammers follow the headlines and take advantage of them when they can. Public desire to support Ukraine in this critical time of need is no exception.

HOW IT WORKS:

You receive a communication — by phone, email, text, on social media — even in person, soliciting donations for the people of Ukraine.

The name of the charity sounds familiar.

You may feel pressured to act quickly, and they may direct you to donate through a payment app, by text, or by purchasing gift cards and sharing the numbers off the back.

WHAT YOU SHOULD KNOW:

Bogus charities may use names similar to existing charities to legitimize themselves.

The pressure to act quickly is a red flag; a real charity will take your donation when you are ready to provide it.

Less common forms of payment are also a red flag, though criminals may seek checks, cash or credit card payments as well. (Always opt for a credit card, which carries greater consumer protections than other payment forms.)

WHAT YOU SHOULD DO:

Legitimate charities — those whose fundraisers pass through most of the donations to the actual cause — need support. They, just like you, lose out when a criminal intervenes.

Research charities before you donate. It's easy to do at sites like Give.org or Charity Watch. In addition, Charity Navigator has a page specifically dedicated to high-performing charities engaged in relief efforts in Ukraine.

Block Watches come in all sizes. They can be a few houses in a cul-de-sac to a whole square mile neighborhood. They help to develop a "sense of community" and strengthen and sustain neighborhoods by bringing residents/neighbors together with a common interest.
Every Block Watch starts with one person and their concern for the safety and well-being of themselves and their families. Their motivation may be to meet or get to know their neighbors to protect the children, to keep property values up by eliminating blight and graffiti, to stop speeding on the streets by installing speed humps to protect the children, to have peace of mind by discouraging barking dogs and loud parties, and to be safe from crimes like burglary, theft and assault.
We all want to live in a safe and secure environment. Our homes should be safe havens. By rights there should be several layers of protection from the national level to our own neighborhoods. National and state governments provide control of our borders; state and city governments provide police and fire protection, education, and other resources, community member groups provide Phoenix Neighborhood Patrollers and the posting of PNP signs on neighborhood streets; Block Watch provides neighbors watching out for neighbors; and we provide our own home security alarms, lighting and burglary prevention measures.

PHILOSOPHY, POETRY, AND ART

OBLIGATION SENDS THE CHILDREN TO
BED ON TIME, BUT LOVE TUCKS THE
COVERS IN AROUND THEIR NECKS AND
PASSES OUT KISSES AND HUGS.
YESTERDAY IS ABOUT EXPERIENCE;
TOMORROW IS ABOUT HOPE; TODAY IS
ABOUT TRANSITIONING FROM ONE TO
THE OTHER. THE HAPPIEST PEOPLE
ON EARTH DON'T HAVE THE BEST OF
EVERYTHING.. THEY MAKE THE BEST
OF EVERYTHING. I CANNOT TEACH
ANYBODY ANYTHING, I CAN ONLY
MAKE THEM THINK.
