Patti was born and raised in Miami and is a rare 2nd generation native! She graduated from the University of Florida with a degree in Business Administration/Marketing and later received her MBA from FIU. Patti is a member of Zeta Tau Alpha and served as Scholarship Chairman and Secretary while at UF and felt very fortunate to live in the beautiful ZTA house. She is currently the ZTA Miami Alumnae Service Chair, the House Advisor for the ZTA Chapter at UM and served for many years as the ZTA Volunteer Coordinator for the MSABC and Komen Miami breast cancer walks. Patti was nationally recognized by ZTA as Outstanding House Advisor!

Patti is retired from a long career in banking both in branch management and then operations, reaching the position of First Senior VP heading up the Corporate Services Division (Operations). She has found a new passion in her volunteer work with Branches, a South Florida non-profit serving under-resourced children and families. She has developed an Operating Manual and completed many other special projects for Branches but her greatest joy comes from working with high school seniors and college students supporting and mentoring them from the application process through graduation. She administers the Branches college scholarship program which will serve 40 students this year. For her amazing love and dedication to this endeavor, Patti was recognized as Branches Outstanding Volunteer.

Patti and her husband, Rick, have two grown children, a son and a daughter, and little Bella, a Frenchton (French bulldog Boston Terrier mix).

Patti enjoys her volunteer work, sports, (especially college football), re-finishing and re-purposing items particularly woodwork, working in the yard and reading
