Home Phone: 305-445-2894

Cell Phone: 305-632-7103

Birthday: October 24

Business Affiliation: Retired

Margaret is a Delta Gamma member who was in the colony pledge class at Florida State University. She graduated with a B.S. from FSU and an MSSW from the University of Tennessee. Margaret then worked for Family Service, Children's Service Bureau and Family and Children's Service for 20 years. She retired from her profession to assume the joyful experience of being a mother to her daughter, Margaret Elizabeth. Retirement didn't last long as her husband needed her to work part time on managing his dental practice where she remained for another 20 years! Thereafter, her long-time hobby of painting took her to the adult education program at Coral Gables as a part-time art instructor. In the meantime, her family hosted over 50 foreign exchange students with some staying a week but most remaining for a year or two.

Margaret also served as President of the Delta Gamma Alumnae Chapter and as Advisory Board Chairman to the ΔΓ chapter at the University of Miami, and as President of Miami Women's Panhellenic on two occasions. In addition, Margaret served as President of Chapter K of PEO, the Women's Guild at the University of Miami, as well as the Board of Coral Gables Merrick House and Choir member and Altar Guild at Coral Gables First Methodist Church.

When her husband's Alzheimer disease worsened, they made the move to The Palace at Coral Gables. Dr. Jordon Steele, passed away about a year after moving there. While at The Palace, Margaret has organized and played the piano for their Songbird singing group, and participated in the many stimulating activities that are available. Margaret regrets that she cannot attend many of our meetings but she continues her support and interest in Miami Women's Panhellenic!

Thank you, Margaret, for your all your work for MWP throughout the years and your continued support!
