WVPEC and Simply Achieve wants to make sure every single Virginia student has the opportunity to reach his or her full potential, and that starts with making sure our students have the reading skills that will set them on a pathway to lifelong success.

Join us for a four-part virtual series where we will explore how to:

- Rapidly advance struggling readers to grade-level literacy
- Fill gaps in literacy learning and ensure strong foundational skills
- Build student experience with literary and informational text
- Prepare students for literacy in the content areas
- Meets specific student needs with multiple entry and exit points and ongoing differentiation
- Increase reading volume in your classroom and your school

Each session will be led by
