The Law of the Game governing the sport of Sepaktakraw had been constantly revised to ensure that the rules and regulations therein are kept up-to-date.

A review team comprising some representatives from the various Sepaktakraw Federations have reviewed the existing Law of the Game with the view to fine-tuning the rules and regulations so that any ambiguity is removed.

In its deliberation, the team had taken great care to ensure that the spirit and intended meaning of the rules and regulations are not altered.

It is my hope that everyone concerned with the sport of Sepaktakraw will familiarise themselves with the amended version of the Law of the Game so that we will be able to maintain consistency in its application, no matter where the sport is played.
