

Subject: Endorsement for Jeremy Ferguson as our SMART -TD Union President

I am writing this letter to endorse Jeremy Ferguson for SMART Transportation Division President. Having had the privilege of knowing him over the past 3 years, I can confidently attest to his exceptional leadership qualities, dedication, and unwavering commitment to the rights of our union members.

President Ferguson has a deep understanding of the issues we face and has shown an outstanding ability to navigate through all the challenges. He has been a driving force in negotiating a fair and equitable contract and has secured improved working conditions for our members.

One of the most outstanding qualities that I've seen in President Ferguson is his approach to leadership. I believe that he consistently seeks input from members in every department of this union which promotes a sense of unity from within. This leadership style has not only strengthened our union's internal structure but has also enhanced our collective bargaining power on a grander scale. I also believe that President Ferguson is known for his integrity and commitment to transparency. He has been upfront in keeping members informed about the union's activities and ensures that decisions are made with the best interests of the entire membership in mind.

In conclusion, I wholeheartedly endorse President Jeremy Ferguson for re-election as our Union President. His track record of accomplishments, dedication to the principles of fairness, and ability to inspire and lead makes him the ideal candidate to continue steering our union towards a prosperous and secure future.

Best Regards,

Sister April R. Ford
Wyoming State Legislative Director
