

Endorsement for President of SMART Transportation Division

As a General Chairman, I am extremely proud to endorse Jeremy Ferguson for President of SMART Transportation Division.

I have had the privilege to watched Jeremy lead this Organization, advocate for members of SMART- TD and work tirelessly to put their needs first. Under Jeremy our members wages, benefits, working conditions and quality of life have improved dramatically.

Jeremy's leadership has forged relationships with other labor leaders, federal agencies, and other parties involved in the transportation industry. He has made SMART Transportation Division the strongest and most effective labor union in the country.

I believe Jeremy is without a doubt the best candidate for President of SMART!

I am proud to call Jeremy not only President, but a friend! I urge you all to join me in support and cast your vote for Jeremy Ferguson for President of SMART Transportation Division.

Fraternally,

Justin Schrock

General Chairman GO-020
