President Ferguson
3687 14 Mile RD NW
Sparta, MI 49345

Brother Ferguson,

It is with great pride, that I offer you my endorsement for SMART-TD President. I appreciate your continued willingness to step up and lead the Transportation Division in to the future. Because of the relationship you and I have formed over the last almost 30 years, I know that you are the person to lead us in that fight. It is reassuring to me, knowing you, like me, have several years before you are retirement eligible.

As a State Director, I also appreciate your dedication to the Legislative Department. You and I have had many discussions about the importance of the legislative side of our union. Your willingness to listen and provide support to our state legislative boards is of the utmost importance to our success.

In closing, I would like to say that I believe SMART-TD has thrived due to your strong leadership. Communication from the top, down was desperately needed to keep our ever changing membership engaged. Because you have proven to me that you are a leader that will make decisions that are carefully thought out, while seeking feedback from others, I strongly support you in your campaign for reelection as TD President.

In Solidarity,

Kamron Saunders
Delegate Local 0508
