## Training & Equipping Laborers that are Reaching the World

### On a Personal Note:

When God first called us to leave our lives as we knew it behind and follow His direction to become Assembly of God Missionaries we were thrilled that He would choose us - that He would entrust us with this ministry. God promised us that we would be able to train and equip many new ministers and missionaries that would go out and reach a lost world. He assured us that we could reach far more than what we could have ever accomplished on our own.

As we moved forward in this calling - we didn't do it alone. We had you. You were there to walk with us - to believe for a harvest of souls with us - to fortify us with your love and prayers and financial support. We are so grateful for you. And because of this blessed partnership we have seen a fulfillment of what God promised us many years ago! Nearly one thousand students have gone through our Training Ministry. Many of these students have gone on to become Missionaries, Pastors, Teachers and just better equipped Christians and soul winners for the Kingdom of God. **You** made this possible and for this we humbly say, Thank you!!

### Our students are Doers of the Word!

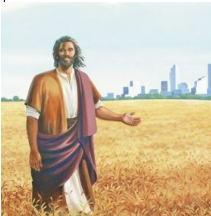

Jesus tells us (Mark 16:15): "Go into all the world and preach the gospel to all creation." Stacy Lamb, who is one of our DSOM students, takes this teaching to heart. She & her husband Lamar have begun a ministry in an area that others are afraid to go. It is an area known for drugs and violence. Stacy told us *"Our hearts are to see those in our city that have lost hope, have their hope revived through the truth of God's Word, the love He has for them, and the power of the Holy Spirit at work in their lives. The door has been swung wide open for us to share the Word with them and we know that only God could make this possible! We are believing for transformation in our city, and have a vision of someday having a place to serve the community by meeting their needs physically and most of all spiritually"*

Stacy - you are exactly what the Lord promised us all those many years ago and we are so proud of you.

**Thank you for Giving so we can Train & Equip laborers for the Harvest!**  
**"May the LORD reward you for what you have done, and may you receive a full reward from the LORD" - Ruth 2:12a**

### When the Desire of your Heart comes true...

We saw the drama Heaven's Gates & Hell's Flames 25 years ago and it had an impact on us that we never forgot. One of the desires of our hearts was to someday have a part in seeing that drama presented. God chose to fulfill that desire this year. A series of supernatural events came and allowed us to present this drama as an outreach to our community. When the opportunity came up, our minds presented many reasons why this could not work, things like we didn't have the finances - we didn't have the space & we didn't have the amount of people it would take. "But God"! Soon finances were donated from unexpected places and right before our eyes there was enough. People from our community, from other churches, and even other states joined with us to make this happen. We cleared everything off the space we thought was too small and realized it was big enough! Then the last hurdle in our mind was "what if no one comes". Fortunately for us, God is bigger than our concerns and people came out for 4 performances. When it was all said and done, over 50 people had received Christ as their Savior for the first time, and over 50 had rededicated their lives back to Him! Can we get an "Amen?" Our community will never be the same. Thank you for making this possible. ❤️
