

# US Missionaries Tim & Beverly Buchholtz

*Training & Equipping Laborers that are Reaching the World*

## Our God is Jehovah Rapha!!

Here is the update on Tim’s cancer. His procedure was done on February 28 but he had to wait 90 days post-surgery before he could take a test to see the outcome. On June 1 he took the test and got the results back the next day. His PSA levels are now **.9!!!** That is less than **1** – and a normal non-cancer range is 1 – 4. This represents the miracle we had prayed for. We cannot adequately express our appreciation for all of you!! You were used by God to be a part of this miraculous outcome because YOUR prayers and donations allowed us to do this surgery so YOU helped make this possible! **We thank you & pray you are blessed above anything you could ask or think!**

### Dawn Siegel—DSOM Graduate

After her last arrest while in jail, Dawn had an encounter with Jesus that left her forever changed. She was given the court-ordered opportunity to go into Teen Challenge Women’s Center in Pensacola and after 16 months as a student, completed and graduated in December

2015. Dawn then began faithfully attending Emerald Coast Assembly where her pastor, Tim Black, introduced her to the District School of Ministry. Passionate about her call to ministry, she began her ministerial studies with the DSOM in January 2017. She completed her final and third year of schooling, January 2020. Upon obtaining her AG credentials to minister, Dawn continues to move forward, radically obedient to the promise of God. Today, she serves as the Executive Director of Saving Grace Women’s Home. She was called from a jail cell and plucked from a pit. Dawn was chosen to help release women from the bondage of addiction, rebellion, incarceration, abuse, anger, and self-destructive behaviors all the while building a firm foundation in biblical principles and Christian discipleship. The end result is a transformed life! And, we couldn’t be more proud of her!

**Outcomes like this are exactly why we answered the call from God to train and equip laborers for the Kingdom!!**

***Thank you for Giving so we can Train & Equip laborers for the Harvest! “May the LORD reward you for what you have done, and may you receive a full reward from the LORD” - Ruth 2:12a***

### Church Plant News

James started attending TLC about two years ago. While he had been saved as a teenager at a tent revival, he had only been baptized as an infant. When we

talked about water baptism last, he assured us he would think about it and let us know. After many months, James came over to talk to us about something on his mind. He began to share with us how in two days it would be his birthday and that he was born at 7:50 am on a Sunday. He had a desire to be baptized on his birthday, at 7:50 am in the river. So, early Sunday morning we drove down to the cold spring fed Wacissa River and James was baptized!

He told us that 7/12/59 at 7:50 am was his birthday and 7/12/20 at 7:50 am was his Re-Birthday! We know that God has great things in store for him as he faithfully follows after Jesus!

### Special Prayer Request

As you may be aware, we offer our ministerial studies in both English and Spanish. Our Spanish Orange Beach, AL, location has been hit particularly hard with COVID-19 infections. Could you please join us in praying for Pastor Raul Salazar, our facilitator at this location, and his family and his students.
