Daughter of the siren queen summary

Daughter of the siren queen spoilers. What happens in daughter of the siren queen. Daughter of the siren queen characters. Daughter of the siren queen book summary.

Jump to ratings and reviewsAlosa's mission is finally complete. Not only has she recovered all three pieces of the map to a legendary hidden treasure, but the pirates who originally took her captive are now prisoners on her ship. Still unfairly attractive and unexpectedly loyal, first mate Riden is a constant distraction, but now he's under her orders. And she takes great comfort in knowing that the villainous Vordan will soon be facing her father's justice.When Vordan exposes a secret her father has kept for years, Alosa and her crew find themselves in a deadly race with the feared Pirate King.

Despite the danger, Alosa knows they will recover the treasure first . . . after all, she is the daughter of the Siren Queen. Initially from a small town in Oregon, Tricia now lives next to the Rocky Mountains with her bossy dog, Rosy. She received her degree in English Language and editing and is thrilled that she never has to read a textbook again. When she's not writing or reading, Tricia enjoys putting together jigsaw puzzles, playing volleyball, playing OVERWATCH, and watching shows while eating extra-buttered popcorn.Displaying 1 - 30 of 9,291 reviewsHailey (Hailey in Bookland)February 27, 20193.75"This duology was super fun! Such a fast paced and steamy romance that had me swooning many times. The storyline with pirates and sirens was interesting too, so the story had many dimensions I enjoyed. Overall a very enjoyable series!Melissa ♥ Dog/Wolf Lover ♥ MartinJune 7, 2022"Reread 2022 4.5 Stars Sirens & Pirates! Oh My! Alosa is back and bad to the bone! I loved the first one and love this one even more. The sound of my knife slitting across a throat feels much too loud in the darkness. I catch the pirate before his corpse hits the ground and gently lower him the rest of the way.

He is only the first of Theris's - no, Vordan's, I remind myself - crew who will die tonight Alosa is now a captain of her own ship and has her own female pirates and we might just have some sirens too ☺But will they defeat the Pirate King and get the gold? Read and find out. Oh and lovely, Riden. Lord have mercy. I could say something naughty but I won't. Lol. "Have you decided you want to be a permanent member of the crew, then?" I tease. "Aye, Captain." He lifts the tricorne off my head and runs his fingers through my hair.

"I'll sail with you anywhere. I don't care where we go it what we do as long as I'm with you Gah! I need me a Ridein!!" And that was without even a single drop of rum."-Captain Jack Sparrow- Pirates Of The Caribbean: At The World's End Happy Reading! Mel 4-5-stars fantasy-all hardback-own March 18, 2018Sheer Delight!Tricia Levenseller's duology is utterly enjoyable! What I love the most about it is that it made me feel genuinely, truly happy! Was I petrified most of the times?

Daughter of the Siren Queen Audiobook free download | Daughter of the Siren Queen Audiobook mp3 for pc

Aye! Did I want to murder Kalligan with a seething passion? Aye! Did I nearly lose myself to the perils of the deep blue, searching for hidden treasures and singing rich melodies with the sirens? Aye! Still, Tricia Levenseller made my heart swell with longing, joy and laughter! Daughter of the Siren Queen was enchanting, and while I'll never wield a sword or become a badass lady pirate or kiss Riden *cue ear-piercing wail*, I got a taste of mindblowing adventures thanks to Alosa, I became a part of her crew and I fell in love, and I did all those things without risking my life or getting eaten by cannibals! And that, my friends, is a privilege granted only to readers. "I may not have been born in the sea, but I was born to rule it. I am the daughter of the siren queen." In Daughter of the Siren Queen, Alosa retrieves the last piece of the ancient map leading to the world's greatest treasure, all too eager to please her father and prove her value. But when secrets of her father come to surface, and her life is turned upside down, she has no choice but to find the sirens' lair on her own, and claim their treasure for herself. The voyage of the Ava-lee is nothing but dangerous. With her father's entire fleet on her heels, her only chance at defeating him is to control her siren nature, and use it to save her crew. But the siren is a murdering beast, trying to eradicate her humanity, and make Alosa use her abilities only for death and pleasure.

Will she manage to outmaneuver her father? Will she save her crew, and be the Captain they deserve? And, most importantly, who will prevail, the siren or the human? That's exactly the most frequent (and decent) exclamation that left my lips while I was reading Daughter of the Siren Queen. Tricia Levenseller, being the cunning siren that she is, erased everything from my brain, and left only the desire to inhale her story, to follow the adventures of the Ava-lee and get drunk in adrenaline and elation. The stakes were even higher, the losses many, and I cursed like a pirate every time Kalligan and his foul men were one step ahead. The action was non-stop, Alosa's inner turmoil well-depicted, and the call of the sea, simply magical. We got to spend time with the sirens, to explore uncharted territories, to smirk at hilarious banters and witness loyalty and friendships that defied the wicked and the cruel. Daughter of the Siren Queen was pirate adventure at its finest! "Your enchantments last long after your song fades." Be still my thawing, dark heart. Riden was more delicious than ever, and I'm surprised the tension between him and Alosa didn't set the Ava-lee's sails on fire! I relished all those charged and angry and heated and tender moments so much that I had to discreetly wipe the drool from my chin! Phew, for a book taking place in the sea, Tricia Levenseller surely knew how to consume me in flames! If you're in the mood for a fun, light-hearted and amusing read, then look no further! Let's hoist the colours, me hearties, set sail for faraway lands, and sing one last time, with rum running in our veins, March 22, 2021 Simply amazing "THE SOUND OF MY KNIFE SLITTING ACROSS A THROAT FEELS MUCH TOO LOUD IN THE DARKNESS." You know the kind of book that just pulls you in from the start and doesn't let go until you've turned the last page? The one you can hardly put down, because you just have to know what happens next? This is one of those Daughter of the Siren Queen is an action packed adventure where the author puts so much love into creating her characters that you can't help but love them yourself. After having recovered all three pieces of the map, all is set for the big fleet to set out for the legendary Siren island and the promised treasure. When Vordan exposes a secret the Pirate King has kept hidden for years, Alosa and her crew find themselves in a deadly race against her ruthless father. Now their only hope is to find the island and retrieve the treasure themselves, or suffer the consequences. Alosa is the brutal, strong willed and level headed heroine who puts her crew before everything. "If I have to ask you one more time, I'll start singing," I warn. "What should I make you do first? Break your legs? Draw pictures on the walls in your own blood?" Not only is she a badass pirate, but the author managed to make her even more awesome by making her a half-siren feminist. "To be a siren is to never be afraid. To never hunger or thirst.

Never doubt or worry. Never fear." "You wouldn't give a second thought to a couple of men aboard your ship behaving in such a way or talking such talk. You do not get to judge us more harshly for being women. It's not fair, and it doesn't make sense. Not to mention I'll throw your arse overboard if I catch you doing it again." Not to mention she has her priorities straight. "I will go to her as soon as we're safe. For now, I need to be captain." "I need to swallow my nausea and pride in this moment. Forget what it does to my dignity." I was hooked from start to finish, and even though I would have loved to read more about Alosa, Riden and their crew, I feel like this is a worthy ending to an epic adventure. Now we need more Sorinda and Kearan! "Part of me will always miss it. I think. This place where my family resides. But I will be back when we can spare the time." I think this sentence was created for all of her readers, because I will, with out a doubt, re-read this duology, when I have time to spare. August 2, 2023 And now DAUGHTER OF THE SIREN QUEEN hit the USA Today bestseller list!!! So happy that these books are receiving so much love. Thank you, readers! Jessi ♥ H. Vojsk (if villain, why hot?) March 10, 2018 Story Reactions why it is absolutely freakin cool to be a siren - breathtaking beautiful - Pretty strong - Can dry your clothes and hair in a few seconds - Swimming in the sea is no problem at all - Men are the weaker gender, because you can make them do things for you, hypnotize them with the perfect image of their dream woman or see what they're actually feeling - No one can beat you at karaoke because you have a breath taking voice - Also your hair is always on fleek ☺☺☺ The Island the la Carta is just one treasure map away, when Alosa and her new crew get into a new big adventure.

This book was even better than the first one. It was still super cool, funny and exciting, but now it had an even faster pacing and we got into more depth with the characters and relationships. We get fights, death, betrayal and a lot more! I really really liked this book. This is no book for people who love absolut perfect world building, detailed characters or beautiful different writing. It's for times when you need something funny and light to read. Something to travel to another world filled with pirates and sirens. Characters ☺☺☺ said it in the review for the first book and I say it again. Alosa is like the female badass version of Captain Jack Sparrow aka the best and funniest pirate in the world. She is strong, intelligent and extremely loyal to her own crew. Also we see how the siren part of her gets stronger and more developed. Riden - Alosa's love interest and partner in crime - was a great character with a beautiful personality. He was kind, loyal and the love he had for Alosa was so sweet. The rest of the crew - boys and girls - were so cool and I would have loved to be a part of this crew! All of the characters are a bit plain and not really developed, but the fun I had while reading it definitely helped forgetting this. World ☺☺☺ Did you love the Pirates of the Caribbean movies? Yes? Than you'll love this duology. It's filled with ruthless pirates, badass women, beautiful sirens and an island full of treasures. Also there were other monsters waiting on small islands.

Relationships ☺☺☺ If you want a fluffy romance, you should probably avoid reading this book. It was kind of sweet - but in his own kind of way. It was slow and filled with fear and insecurity. Fear of realizing their own weakness. It felt real and I was so happy for the both of them. They deserve to be happy. Writing style ☺☺☺ Oh, this book was so much fun! It was funny and filled with action and so cool. There weren't many beautiful lines, but I didn't really care, because that wouldn't really fit into this book. This book is for girls and boys who love adventures, who adore the sea, Pirates and sirens. May 22, 2018 "The sound of my knife slitting across a throat feels much too loud in the darkness." I absolutely adore it how the sirens have such a big part in this book. I'm obsessed with anything siren and pirates. So yeah, this books was just made for me. I expected this book to be a lighthearted read, and it was, sometimes, there was a lot more death then I expected and everything getting in the way of my OTP finally getting together was just irritating me so bloody much. All the time I was like Alosa is such a badass, seriously she never gives up even when things go to shit and when it seems like there isn't a way out she keeps going until she finds it. She's very sarcastic too. Riden is BAE. I wanted to see a book with his POV. Sad we didn't get that. All of the crew were just fantastic, and I adore them all. And all of them were shipping Alosa and Riden together. And we got a character that was drunk the majority of the time. August 24, 2022 **3.5-stars** Daughter of the Siren Queen accompanied me on my 2019-Labor Day holiday travels.

“I think you love me,” I say.
“I do.”
“And I think I love you.”
“You think?”
“I know.”

Well, that might not be the case, and we learn alongside Alosa throughout the book that there's so much more to him. "Your enchantments last long after your song fades." Ryden! Yep, he's still here. He has a very important role in helping Alosa learn more about herself. This helps their relationship grow in this book in a great way. It's not always romantic. They also connect in the similarities of their upbringing, which also lets us the readers learn more about them individually. And yes!! She's still half-siren, which I think is still very cool! How do her abilities help her learn more about herself and the people she loves? A part of me felt like a second book was not needed after reading the first book, but I still really enjoyed this book. I think it was somewhat needed because we did learn a lot about Alosa and other characters in the book. Overall, we get an adventure throughout!! If you're looking for that, pick up this book. August 5, 2023, 3.5-4!! Diese Reihe ist leicht, unterhaltsam und lässt sich unfassbar flüssig lesen - genauso wie in Band 1 hatte ich super viel Spaß und kann es dementsprechend weiterempfehlen. Im Vergleich zum ersten Teil sind mir hier nun aber doch einige Schwächen aufgefallen. So fühlte es sich eher wie eine Auserzählung an, in der alle Handlungsstränge von Band 1 aufgelöst wurden. Der Humor und die spannenden Dynamiken zwischen den Charakteren gingen dadurch etwas verloren. Jegliche Figuren fühlten sich weniger lebendig an, als wären sie in ihrer Entwicklung stehen geblieben. Das Potential der Geschichte und der Charakterkonstellationen wurde meiner Meinung nach nicht vollständig ausgeschöpft. Insgesamt fehlt mir die Tiefe, um mich als Fantasy-Reihe zu überzeugen, aber unterhalten konnte es mich allemal! July 18, 2023 CONTINUE IF YOU DARE (full of strong emotions and minor spoilers)! I'll always think of you ♥️👉👉👉👉 This... I don't even know what this is, definitely not a book... Anyways this impossible thing broke me in 8 ways!!! It was so emotional and I couldn't even put it down for a minute!!!! CAN SOMEONE PLS TELL ME WHY WAS THIS SOOO SAD????!!!!!! I honestly cried most of the time! EVERYONE DIED! I mean ofc not everyone died, i admit I am exaggerating but AT LEAST 10 PIRATES FROM ALOSA'S CREW DIED!!!!!! so sad *sobbing uncontrollably* I'll always love this emotional piece of work 📖📖♥️📖📖 MAJOR SPOILER *Alosa - SHE IS POWER AND STRENGTH. SHE IS DEATH AND DISTRACTION. SHE IS THE DAUGHTER OF THE SIREN QUEEN 📖 Me to alosa: ' YOU ARE THE QUEEN AND YOUR REIGN WILL BE ENDLESS' ♥️📖📖♥️📖📖 The song 'Queen of mean' is sooo appropriate!! 📖📖 I don't have anymore words to describe this! 📖 - Alosa, The ocean's queen 📖 - Update- 18/7/23 I miss you soooo bad alosa and riden !!!!!!! May 19, 2018 Pure fun + Action + TV Romance (ughh) = Princess Alosa + Riden Alamos Certainly balanced equation! Concept: 3.0/5.0 Execution: 3.0/5.0 Characters Bepoken: 3.5 /5.0 World Building: 3.25 /5.0 Cover: 2.05.0 Overall: 3.5/5.0 Much more elaborate and colorful version than the first book, I never expected that it would turn out this good. (*I was expecting a movie script - Thankfully it is not but it could be turned into a movie.) Not a single second remained empty while reading it, the fast pacing and turn of events simultaneously is the most captivating factor of it. A simplest storyline so fantastically executed - Just like a Siren's song that kept me under its charm until the last page. Let us begin the war then! really appreciate the author's clarity for villainous and heroic sides. The so crystal clear motives of both sides with coated consequences. In addition, the most exquisite part - Ava lee 's crew that made me and Riden both fall in love with them. Start of the Journey for Riden: End of it! From little Roslyn to Princess Alosa's first mate - Niridia - the 90% crew is women with their strongest wills to fight any damn situations with any weapons handy! The clashes between Kalligan's army and the crew are epically portrayed that they strike your mind just like their cutlasses. There is no chance you miss: Alosa - Getting mad at Riden like all the times! Riden - Whip lashing at Alosa's every command with his sharp and witty words. Alosa - Doing something stupid just to irritate Riden. Riden - Irritating Alosa, even more, being so handsomely loitering around with girls to make her jealous as hell. Alosa - Saving Riden each time and then fighting about it. Riden - Saving Alosa each time and then fighting about why she even dared to save him. Alosa - Depending on Riden's words for taking decisions like her whole crew's life depends on it! Riden - Fighting with his own past demons to save Alosa's siren side from being monstrous. Alosa - Falling in love with the human Riden. Riden - Loving Alosa enough to bring her back to land and stay as Siren whenever she opts. Alosa & Riden - Their love for the crew! - Totally adorable! Clichéd romance and bantering which never ends! July 27, 2018 "I may not have been born in the sea, but I was born to rule it. I am the daughter of the siren queen." I didn't think it would be possible for me to like this book any more than I did the first, but let me tell you folks, THESE BOOKS ARE GREAT! The Daughter of the Siren Queen held all the swashbuckling and sword fighting that we didn't get much of in Daughter of the Pirate King. In this book we get to see Alosa not as a prisoner, but as a pirate of her own ship, fierce as ever. The tides have turned on poor Riden who is now her prisoner, and Alosa won't soon let him forget just how it feels to be locked up and under watchful eye. The action starts right away from the moment you open the book, and doesn't stop until the very last page. Alosa is still her witty self and the love for her crew is evident. She loves them, and they her, and there isn't much she wouldn't do to protect them. In return they would all lay down their lives for her as well. This is the kind of crew that you need to watch out for, because they are the ones that have everything to lose, and they will fight til the end to keep it safe. This is the kind of pirate ship you can respect, down to every last crew member, even little Rosalyn the lookout! (she might have been one of my favorite characters). "I braved the ocean for you. Will you brave land for your queen?" Alosa as a pirate is something that you wouldn't want to cross on a bad day. She is not only loved, but respected beyond measure for her tenacity and will to win no matter what circumstances in which she might find herself. She also seems to grow quite a bit over the course of this book when she finds out more about her family and upbringing and a few things she didn't know as well. Her father might not be everything she thought he was, but cutting ties with him might be just what she needed to become everything she was meant to be. But freeing herself from the Pirate King is no easy task and it will take the whole crew to pull off this insane feat. If there is one crew who could manage it though, it would be that of the Ava Lee. "Your enchantments last long after your song fades." Riden and Alosa's relationship was nothing if not beautiful. I love that it wasn't love at first sight, but more of a slow burning, hate-turned-love passion that took FOREVER to become something more, but once they finally do admit their true feelings, my god! I was dying inside from the wait! I felt my heart bursting from my chest with every interaction between the two of them, and I couldn't handle the slowness of their attraction at some points. I like that through even this, Alosa never lets her guard down as the Captain of her ship, and Riden respects her for it, if not making her more attractive to him in the process. Her fearless leadership is prevalent to all other emotions, and he can't get enough. And We are reunited with our fabulous cast of female pirates, our favorite first mate, Riden, and we finally get to meet Alosa infamous mother. And, as to be expected, nothing about Alosa's family is what she believed. Just like its predecessor, this book is a fast-paced, fun, action-packed pirate adventure. Traveling to the Pirate King's, across the seas and straight into the lair of sirens our crew takes on more than any sane person would ever dare to. But for their freedom and each other, they risk it all.

But being just the two amazing books works, the story was told and finished so perfectly. I only wish there was more for my own selfish benefit of never wanting to leave these characters and this world. I wish I could join the pirate crew of the Ava Lee and become a swashbuckling pirate along with Alosa and the rest of this amazing crew! What a fantastic journey that I won't soon forget. ARGH! Happy Reading :) February 23, 2018 "I may not have been born in the sea, but I was born to rule it." As was to be expected, this book was a roaring good time. It also got me out of my mini reading slump. We are reunited with our fabulous cast of female pirates, our favorite first mate, Riden, and we finally get to meet Alosa infamous mother. And, as to be expected, nothing about Alosa's family is what she believed. Just like its predecessor, this book is a fast-paced, fun, action-packed pirate adventure. Traveling to the Pirate King's, across the seas and straight into the lair of sirens our crew takes on more than any sane person would ever dare to. But for their freedom and each other, they risk it all.

In terms of romance, while there is still plenty of sexual tension and romantic moments, I do feel like we lost some of the clever banter between our dear captain and our newly captured Riden. Fortunately, the conversations and further development of our side characters filled some of this void. This time around there was no true obstacle standing in the way of our favorite ship, except for their trust issues. Alosa struggles to fully let Riden in for fear of making herself weak, vulnerable. While Riden refuses to do things in half measures and will not be with Alosa if he cannot have all of her. The writing was solid, and while I liked the fast pacing overall, there were moments I wish it would have taken a little more time. Like I do wish we could have spent more time at the Pirate King's hideout, and I wish we could have seen a bit more of the interactions between Alosa and her father. But ultimately I think the book did a good job of engaging the reader with its quick pacing and it answered pretty much all of the important questions we had. I had a lot of fun reading this and I am sure any fellow privateering fan will as well. I received an ARC through a Goodreads giveaway. A huge thank you to the publishers and Fierce Reads. arc first-reads kick-ass-heroes February 6, 2023 Fast paced, action packed, bad-ass heroine, what's not to like? In the first book, she had to play down her strengths, so she could steal a treasure map from another pirate 📖 ship. In this book there was no disguise, she was full blown captain of her own ship, commanding respect everywhere she went and protecting those she loves fiercely. There was not a single dull moment. Her father's betrayal was hard for her to digest at first, but when it became clear that her father was only using her for his gain and care nothing for her, she faced it like a big girl and fought hard. I really enjoyed this series. 4.5 stars! March 7, 2018 how to sum up this book • you know when your teacher gives you a review to study and says "it's going to be on the test" • and you basically study the shit out of that review • like dude, you're so confident for this test that you'll walk away with a 100% • and you're mentally prepared to post your test mark on social media with the caption, "I don't even know how I got this mark #imshook" • but then you get the test and sit there for 5 mins like, ".....what is this??" • that's right • everything you've prepared for wasn't there • just like my expectations • now you feel me??? because this was me • I don't even know what happened with this book • BUT HEY AT LEAST I ENJOYED SOME PARTS! June 28, 2018 I want this book to slay me, I'm ready give me dem badass pirates and death. Displaying 1 - 30 of 9,291 reviews Get help and learn more about the design. Edit Previous Next Daughter of the Pirate King N/A Daughter of the Siren Queen is the second book of the Daughter of the Pirate King (Series) duology by Tricia Levenseller. Description[] Alosa's mission is finally complete. Not only has she recovered all three pieces of the map to a legendary hidden treasure, but the pirates who originally took her captive are now prisoners on her ship. Still unfairly attractive and unexpectedly loyal, first mate Riden is a constant distraction, but now he's under her orders. And she takes great comfort in knowing that the villainous Vordan will soon be facing her father's justice. When Vordan exposes a secret her father has kept for years, Alosa and her crew find themselves in a deadly race with the feared Pirate King. Despite the danger, Alosa knows they will recover the treasure first . . . after all, she is the daughter of the Siren Queen.
