Illuminati & the New World Order

"The individual is handicapped by coming face to face with a conspiracy so monstrous he cannot believe it exists"

- J. Edgar Hoover

Illuminati (plural of Latin *illuminatus*, "enlightened") is a name that refers to a secret society, both historical and modern. Historically, it refers specifically to the Bavarian Illuminati, a secret society founded on May 1st, 1776. In modern times it is used to refer to the organization which acts as a shadowy power behind the throne, controlling world affairs through present day governments and corporations. In recent years, the Illuminati is often used in reference to a **New World Order**. Many people from around the world that have done extensive research over the years, determined the Illuminati are still around today and are the masterminds behind events that will lead to the establishment of such a New World Order.

The Illuminati's members include the wealthiest, most powerful and influential people on the planet. Top members of known yet secretive groups like the Freemasons, Knights of Malta, and Skull & Bones hold key positions in the Illuminati. Main members of the group are from famous banking families like the Rothschilds (England) and Rockefellers (U.S.). The Royal Families around Europe, especially the British Monarchy, hold top positions due to their bloodlines. Many other influential families are members and have passed down membership and knowledge over generations. Other members have been recruited over the years using bribery and fear. They hold positions in government, business, churches, charitable organizations, educational institutions, medicine, military, scientific institutions, law enforcement, media, etc. Certain musicians and individuals in the entertainment industry have also been recruited over the years, especially those with the most influence on society.

There have been several individuals, some even famous in society today, who have come forward with information to the public after learning of the groups plans and refusing to join. Everyone who has tried to warn the public of their plans have all told similar information, many have died suspiciously in years recently following. The Illuminati have built their worldwide organization for the purpose of taking over the entire world by controlling currency and resources. Their goal is to establish a one-world government, one-world currency, one-world bank, a one-world army, and to have everyone implanted with a microchip. This plan to carry out their goals is what is referred to as the New World Order.

Here is a brief breakdown of the main groups which make up the Illuminati secret society:

The Freemasons play a huge role. Their roots go back hundreds of years, and are well documented in history books. Today they have millions of members worldwide and own Masonic Temples in almost every city. There is a strict hierarchy in the group where members must work their way up over the years to get promoted. To maintain their secrecy and their true motive, only the highest ranking members are told the most important information and plans. The rest of the members engage in business networking, charity work, and exchanging of ideas, seeming innocent to the general public. It is important to understand the majority of Freemasons around the world are not directly involved in the manipulation that is occurring. The highest levels of Freemasonry are guided by, and work together with, the elite Knighthood orders and high priests of the Vatican (Jesuit Order, Knights of Malta, etc).

As key members of both the Freemasons and the Vatican, the Rothschilds and their agents, such as the Rockefellers, have been engineering America and its foreign policy since the beginning. You may have heard of the Rothschilds as the entrepreneurs of the banking system as a whole, and the Rockefellers for starting the Federal Reserve Bank as well as owning the Standard Oil Company, which still owns many of the businesses in the U.S today. They and their Skull and Bones Wall Street partners staged and funded both sides in World War II. George Bush Seniors' father, Prescott Bush, a Knight of Malta and member of the Skull and Bones at Yale (as is both of his sons) was Hitler's banking partner in the United States. Hitler, Himmler, Goebbels, and most of the top Nazis were Catholics and Knights of Malta. This is why there was so much cooperation and collaboration between Nazi Germany and the Vatican, as endlessly revealed in the decades since. The Knights of Malta and Jesuits coordinated the escape of the most vicious Nazis, scientists, and mind manipulators like Josef Mengele, to continue their horrors in America after the war. Many were issued passports through the Knights of Malta and Red Cross and were secretly taken out of Europe – a fact which has been revealed over recent years and is finally acknowledged as part of history. One of many examples is Nazi General and war criminal, Reinhard Gehlen, Hitler's head of intelligence for the Eastern Front, was given the highest honour of the Knights of Malta, the 'Grand Cross of Merit', for services rendered. Out of World War II was born the start of the Illuminati's global government, the United Nations, and their tool, the CIA. The father of the CIA, William "Wild Bill" Donovan, was a Knight of Malta. Charles Joseph Bonaparte, a trustee of The Catholic University of America, started the FBI and was a known Knight of Malta. In order to be a director of the CIA, FBI or reach the highest levels in the Pentagon establishment, you must be a high level Freemason and/or a Knight of one of the major Knighthood orders of the Vatican. There are no exceptions. This is the same for the governments in Europe.

The Knights of Columbus are another large group whose top members are working for the Illuminati. They have been labeled by the Pope as the "right arm of the Vatican and the Catholic Church", similar to the Knights of Malta. They are more of a charitable organization than any other group, and its lower members are kept completely clueless to its real leaders or who they are ultimately assisting. They have the understanding that they are to have complete allegiance to the Vatican (Roman Catholic system) and nothing else. The Knights of Columbus have many connections with the school systems, politicians, and especially key members in law enforcement. Its top members are given orders to manipulate policy as needed.

The main group in charge from the start, which is far from a 'secret' society, is the Jesuit Order. Heavily intertwined with the Roman Catholic Church system, the Jesuit Order is a group extremely old and spoken of in history. They are top members in the Illuminati, and are the real powers at the Vatican. They function as the high priests and intelligence organization of the Holy See. They have been running and controlling the top school systems in the world since the beginning of modern education, which explains why people don't learn of the Illuminati and other important facts, as well as historical events which redefine history. The Jesuit Order was banned from over 80 countries in the past due to charges of conspiracy and political manipulation. Hitler was quoted several times referencing the Jesuit Order, mentioning the impact the group had on the Nazi regime.

At the very top of the Illuminati with the Jesuit Order, you will find the elite knighthood orders of the Vatican which include the various Royal Families around the earth and their relatives (especially the British Monarchy). They claim to be the bloodlines, or descendants of, past kings of the Roman and Germanic Empires. The Jesuits and top knighthood positions, like the Order of Malta and Order of the Holy Sepulchre of Jerusalem, have always had close ties to the Kabbalists - the high priest equivalent of the Jewish religions. The Jesuits and high level Kabbalists are the modern day version of the ancient high priests of Babylon and Egypt. They use the same symbols, perform the same rituals, conduct the same sacrifices, and worship the same gods as thousands of years ago.

History of the Illuminati

This should only be your ground work so conduct your own research on the complete history

The Templar Knights, spoken about heavily throughout history, were the personal guards and soldiers of the Roman Church and the King. They became extremely powerful and wealthy over the years, functioning as an elite order of the Roman Church hierarchy. The Templar Knights were known to start the system of banking, loaning wealth over the years to the King of France among others around the world. They studied the ancient mystery religions from ancient Egypt and Babylon, and were known to secretly worship the gods from those times. They were caught on several occasions practicing what would be known as black magic rituals and witchcraft today, and many were called 'sorcerers' of their time.

The King of France, who was in debt to the Templars, eventually labeled the Templars as heretics and attempted to get rid of them. On Friday the 13th, 1307 they were rounded up and put to death wherever they were found, especially in France, yet many were not found. Some of the Knights had escaped underground, taking with them their vast wealth, power, and knowledge. They were assisted by the other elites in the Roman Church and royal families. Any remaining members of the Order of the Knights Templar, along with their remaining wealth and land, were merged into the other major Orders of the Roman Church at the time, the Order of Knights Hospitaller and the smaller but elite Order of the German Teutonic Knights. The Order of Knights Hospitaller many years later changed their name to the Order of the Knights of Malta, which it still uses to this day.

The elite order of Templar Knights, before they were exposed, were heavily involved in the same ancient occult practices as their masters. The Roman Church (modern day Vatican) needed to fill the void of the famous Templar Knights, as they had already been exposed to the world and been involved in too much controversy. They needed an elite military order which could be seen in public view without the dark history. In 1540 the elite priests within the Roman Church formed the Jesuit Order headed by former Spanish military Knight, Ignatius of Loyola. From that point on, the Jesuit Order functioned as the military and intelligence organization for the Roman Church hierarchy. Members of the Jesuit Order and the elite Knighthoods infiltrated Freemasonry in Europe and North America. They used the group as a front to carry out their plans, making it possible to control individuals that would otherwise not be involved with the Roman Church hierarchy. They added several 'degrees' to the Freemasonry hierarchy ensuring they would completely control the most influential Masons at the highest levels around the world.

After years of manipulation and expulsion from countries around the world, the Jesuits true intentions were in danger of being exposed to the world just as the Templar Knights before them. Adam Weishaupt, a known influential member of the Jesuit Order, was instructed by the Jesuits to form the Order of the Illuminati on May 1, 1776, the secret society whose name means "Enlightened Ones". By forming the Illuminati, they united the high priests and royal families with the top level Freemasons to all work towards the same goal of world control.

An Italian revolutionary leader, Giuseppe Mazzini (1805-1872), a 33rd degree Freemason, was selected by the Illuminati to assist their worldwide operations in 1834 following Weishaupt's death. Mazzini also founded the Mafia by recruiting street gangs and revolutionaries in Italy, organizing them under key connected families. They were used by the Illuminati to assist in gaining more power in Europe and the United States. The Mafia family leaders in Europe and the U.S. reported to The Commission (even mentioned in the famous Godfather movies) which is directly connected to, and takes orders from, the powers at the Vatican.

Many disturbing events and world problems have been linked directly to the Illuminati as they rapidly push for their end goal

-World Wars I and II, & the Vietnam War were organized by them, funding and pushing both sides to further their goal of the one world government. Countless other small wars and conflicts around the world have been started over the years to also further the same goal. They use a motto "Ordo Ab Chao", which means "order out of chaos".

-Many diseases have been linked to wide scale vaccinations conducted over the years. Fluoride and other elements have been purposefully placed in our public water supplies, preaching it as good teeth care when it's been proven to have severe physical and psychological effects on humans when ingested. The Nazi's also put Fluoride in the public water supply, as stated in history books and private studies. The food industry is continuing to be nationalized and taken over by Illuminati-run organizations like Monsanto. Chemtrails are being reported all over the world, where large planes are seen flying over the same area making criss-cross patterns leaving a thick chemical-type trail which does not go away. This has made local news stations several

times after complaints. Scientists and farmers detected much larger than normal quantities of Barium, Aluminum Oxide, and other harmful elements & chemicals in the areas which the chemtrails have been seen. The chemtrails have been tied to weather manipulation as well as several other purposes.

-Large scale brainwashing through the media (TV, Newspapers) has been conducted since the beginning in several countries, especially the U.S. False flag terrorist operations, similar to the ones done by Hitler and the Nazi's (Reichstag fire) have been carried out in the U.S. and other countries. The September 11, 2001 terrorist attacks were actually carried out by these people, not the 'terrorists'. It was done in order to implement the Patriot Act, create Homeland Security, and institute new laws as well as simultaneously making an excuse to dominate areas in the Middle East and further their plan. It is also psychological warfare, because now citizens are afraid of an enemy which they can't see, which are suppose to be able to attack at any time. This forces people to depend on the 'government' for protection, therefore allowing the rights of the people to be taken away slowly for their 'safety'. Similar false flag terrorist attacks have been carried out in London (7/7 bombing) and many other areas around Europe, the Middle East and Africa to manipulate the same results.

-Bank collapses & consolidation since the very beginning of banking have been staged. The Great Depression was conducted by the Federal Reserve System, which the Rockefellers started and implemented in 1913. The same was done simultaneously in Europe and England owned by the Rothschilds in the same way. The bank collapse of 2008, in which banks collapsed and were bought up and bailed out by the governments of the world, was completely manipulated by the Illuminati as well. They implemented similar policies as the great depression, years before 2008, just waiting for the banks and markets to eventually collapse over time due to these policies. As all countries around the world are simultaneously pushed into debt, banks and institutions begin to consolidate into larger ones, and the goal of the one-world bank (International Monetary Fund and U.N. World Bank), one-world currency and one-world government gets further into motion.

Evidence of the Illuminati's control is everywhere. The symbols that the group has used since the beginning to identify themselves are well known. These symbols are, not coincidentally, the same symbols seen used over and over by Freemasons and the ancient secret societies of Egypt, Babylon, Rome, etc. The main symbols can be seen on the back of the dollar bill. The 'all seeing eye' above the pyramid is their main symbol taken from the original group from 1776. This is the Eye of Ra, also worshipped by previous Egyptian secret societies. Pyramids are also used by themselves or in combination with the eye. Directly under the pyramid on the dollar, written in a script in Latin, is the three words discussed above, 'Novus Ordo Seclorum', New World Order, showing how far back the plan goes. The pentagram, or five pointed star is a symbol used heavily by the Freemasons / Illuminati also, seen on the floor of every Masonic lodge. The pentagram is a symbol seen used in the occult for thousands of years dealing with black magic and energy manipulation. The last symbol used heavily is the symbol of the serpent or dragon, which has been used by all ancient secret societies and rulers throughout time, on literally every continent on the earth. The Illuminati have purposefully placed these symbols all around society throughout the years and are prevalent in many of the famous companies which own everything today.

Quotes by Historic figures and Past Presidents referencing Illuminati and the New World Order

"We have before us the opportunity to forge for ourselves and for future generations a New World Order, a world where the rule of law, not the rule of the jungle, governs the conduct of nations. When we are successful, and we will be, we have a real chance at this New World Order, an order in which a credible United Nations can use its peacekeeping role to fulfill the promise and vision of the U.N.'s founders."

-- President George Bush, 1991

"We are grateful to The Washington Post, The New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But, the work is now much more sophisticated and prepared to march towards a world government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national auto determination practiced in past centuries."

*-- David Rockefeller, founder of the Trilateral
Commission, in an address to a meeting of The Trilateral Commission, in
June, 1991*

"The man who reads nothing at all is better educated than the man who reads nothing but newspapers."

-- Thomas Jefferson

"A holy war will now begin on America, and when it is ended America will be supposedly the citadel of freedom, but her millions will unknowingly be loyal subjects to the Crown. Your churches will be used to teach the Jew's religion and in less than two hundred years the whole nation will be working for divine world government. That government that they believe to be divine will be the British Empire. All religions will be permeated with Judaism without even being noticed by the masses, and they will all be under the invisible all-seeing eye of the Grand Architect of Freemasonry."

-- British General Charles Cornwallis to General George Washington

"Today Americans would be outraged if U.N. troops entered Los Angeles to restore order; tomorrow they will be grateful. This is especially true if they were told there was an outside threat from beyond, whether real or promulgated, that threatened our very existence. It is then that all peoples of the world will plead with world leaders to deliver them from this evil. The one thing every man fears is the unknown. When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well being granted to them by their world government."

-- Henry Kissinger speaking at Evian, France, May 21, 1992 Bilderbergers meeting. Unbeknownst to Kissinger, his speech was taped by a Swiss delegate to the meeting.

"The high office of President has been used to foment a plot to destroy the American's freedom, and before I leave office I must inform the citizen of his plight."

--John F. Kennedy, at Columbia University, 10 days before his assassination.

"The secret to success is to own nothing, but control everything."

--Nelson Rockefeller

"I want to own nothing and control everything"

--J D Rockefeller I

"The drive of the Rockefellers and their allies is to create a one-world government combining supercapitalism and Communism under the same tent, all under their control.... Do I mean conspiracy? Yes I do. I am convinced there is such a plot, international in scope, generations old in planning, and incredibly evil in intent."

--Larry P. McDonald, US Congressman, 1976, killed in the Korean Airlines 747 that was shot down by the Soviets

"The real menace of our republic is this invisible government which like a giant octopus sprawls its slimy length over city, state and nation. Like the octopus of real life, it operates under cover of a self created screen....At the head of this octopus are the Rockefeller Standard Oil interests and a small group of powerful banking houses generally referred to as international bankers. The little coterie of powerful international bankers virtually run the United States government for their own selfish purposes. They practically control both political parties."

--John F. Hylan, 1922, then mayor of New York City

"There will be in the next generation or so a pharmacological method of making people love their servitude and producing dictatorship without tears so to speak. Producing a kind of painless concentration camp for entire societies so that people will in fact have their liberties taken away from them, but will rather enjoy it, because they will be distracted from any desire to rebel by propaganda, or brainwashing, or brainwashing enhanced by pharmacological methods. And this seems to be the final revolution."

-- *Aldous Huxley, Tavistock Group, California Medical School, 1961*

"The world is governed by very different personages from what is imagined by those who are not behind the scenes."

--*Benjamin Disraeli, first Prime Minister of England, in a novel he published in 1844 called Coningsby, the New Generation*

"Beware the leader who bangs the drums of war in order to whip the citizenry into a patriotic fervor, for patriotism is indeed a double-edged sword. It both emboldens the blood, just as it narrows the mind. And when the drums of war have reached a fever pitch and the blood boils with hate and the mind has closed, the leader will have no need in seizing the rights of the citizenry. Rather, the citizenry, infused with fear and blinded by patriotism, will offer up all of their rights unto the leader and gladly so. How do I know? For this is what I have done. And I am Caesar."

-- *Julius Caesar*

"Our job is to give people not what they want, but what we decide they ought to have."

-- *Richard Salent, Former President CBS News.*

"One cannot wage war under present conditions without the support of public opinion, which is tremendously molded by the press and other forms of propaganda."

-- *General Douglas MacArthur*

"The money powers prey upon the nation in times of peace and conspire against it in times of adversity. It is more despotic than a monarchy, more insolent than autocracy, and more selfish than bureaucracy. It denounces as public enemies, all who question it's methods or throw light upon it's crimes. I have two great enemies, the Southern Army in front of me and the Bankers in the rear. Of the two, the one at my rear is my greatest foe... corporations have been enthroned and an era of corruption in high places will follow, and the money powers of the country will endeavor to prolong it's reign by working upon the prejudices of the people until the wealth is aggregated in the hands of a few, and the Republic is destroyed.

-- *Abraham Lincoln*

"Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it."

--*Woodrow Wilson, from his book The New Freedom (1913)*

"I am a most unhappy man. I have unwittingly ruined my country. A great industrial nation is controlled by its system of credit. Our system of credit is concentrated. The growth of the nation, therefore, and all our activities are in the hands of a few men. We have come to be one of the worst ruled, one of the most completely controlled and dominated Governments in the civilized world - no longer a Government by free opinion, no longer a Government by conviction and the vote of the majority, but a Government by the opinion and duress of a small group of dominant men."

--*President Woodrow Wilson (The president whose administration passed the Federal Reserve Act)*

"If the American people ever allow private banks to control the issue of their currency, first by inflation, then by deflation, the banks and the corporations which grow up around them will deprive the people of all property until their children wake up homeless on the continent their fathers conquered."

-- *Thomas Jefferson*

"The real rulers in Washington are invisible, and exercise power from behind the scenes."

--*Felix Frankfurter, Supreme Court Justice*

"The Federal Reserve Banks are one of the most corrupt institutions the world has ever seen. There is not a man within the sound of my voice who does not know that this Nation is run by the International Bankers."

--*Congressman Louis T. McFadden (Rep. Pa)*

"We have, in this country, one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board. This evil institution has impoverished the people of the United States and has practically bankrupted our government. It has done this through the corrupt practices of the moneyed vultures who control it".

-- *Congressman Louis T. McFadden in 1932 (Rep. Pa)*

"I care not what puppet is placed on the throne of England to rule the Empire,... The man that controls Britain's money supply controls the British Empire. And I control the money supply."

--*Baron Nathan Mayer de Rothschild (1777-1836)*

"If we were merely dealing with the law of averages, half of the events affecting our nation's well-being should be good for America. If we were dealing with mere incompetence, our leaders should occasionally make a mistake in our favor. We . . . are not dealing with coincidence or stupidity, but with planning and brilliance."

--*Gary Allen, from his book None Dare Call It Conspiracy*

"In politics, nothing happens by accident. If it happens, you can bet it was planned that way."

--*Franklin D. Roosevelt*

"A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself. For the traitor appears not a traitor; he speaks in accents familiar to his victims, and he wears their face and their garments, he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of the city, he infects the body politic so that it can no longer resist. A murderer is less to fear."

--*Marcus Tullius Cicero 42 BC*

"When a well-packaged web of lies has been sold gradually to the masses over generations, the truth will seem utterly preposterous and its speaker a raving lunatic."

--Dresden James

"Naturally the common people don't want war: Neither in Russia, nor in England, nor for that matter in Germany. That is understood. But, after all, it is the leaders of the country who determine the policy and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament, or a communist dictatorship. Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is tell them they are being attacked, and denounce the peacemakers for lack of patriotism and exposing the country to danger. It works the same in any country."

--Hermann Goering at the Nuremberg Trials

"This present window of opportunity, during which a truly peaceful and interdependent world order might be built, will not be open for too long - We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order."

- David Rockefeller, Sept. 23, 1994

"It cannot happen without U.S. participation, as we are the most significant single component. Yes, there will be a New World Order, and it will force the United States to change its perceptions."

--Henry Kissinger, World Affairs Council Press Conference, Regent Beverly Wilshire Hotel, April 19, 1994

Further global progress is now possible only through a quest for universal consensus in the movement towards a New World Order.”

-- *Mikhail Gorbachev 1988*

“The Trilateral Commission is intended to be the vehicle for multinational consolidation of the commercial and banking interests by seizing control of the political government of the United States. The Trilateral Commission represents a skillful, coordinated effort to seize control and consolidate the four centers of power—Political, Monetary, Intellectual, and Ecclesiastical.”

-- *Barry Goldwater, U.S. Senator*

“I believe that if the people of this nation fully understood what Congress has done to them over the last 49 years, they would move on Washington; they would not wait for an election...It adds up to a preconceived plan to destroy the economic and social independence of the United States.”

-- *George W. Malone, U.S. Senator speaking before congress 1957*

“The invisible money power is working to control and enslave mankind. It financed Communism, Fascism, Marxism, Zionism, and Socialism. All of these are directed to making the United States a member of a World Government...”

-- *American Mercury Magazine, December 1957*

“Whoever controls the volume of money in our country is absolute master of all industry and commerce...and when you realize that the entire system is very easily controlled, one way or another, by a few powerful men at the top, you will not have to be told how periods of inflation and depression originate.”

-- *James A. Garfield, 20th President of the United States*

"Banking was conceived in iniquity and was born in sin. The bankers own the earth. Take it away from them, but leave them the power to create money, and with the flick of the pen they will create enough deposits to buy it back again. However, take it away from them, and all the great fortunes like mine will disappear and they ought to disappear, for this would be a happier and better world to live in. But, if you wish to remain the slaves of bankers and pay the cost of your own slavery, let them continue to create money."

-- *Sir Josiah Stamp, Director of the Bank of England 1928*

"In the United States today, we have two governments. We have the duly constituted government and then we have an independent, uncontrolled and uncoordinated government in the Federal Reserve System operating the money powers which are reserved for Congress by the Constitution."

-- *Rep. Wright Patman 1893-1975*

"The Council on Foreign Relations is the American Branch of society which originated in England and believes national boundaries should be obliterated and one-world rule established."

-- *Professor Carroll Quigley*

"This regionalization is in keeping with the Tri-Lateral Plan which calls for gradual convergence of East and West, ultimately leading toward the goal of one world government. National sovereignty is no longer a viable concept."

-- *Zbigniew Brzezinski, National Security Advisor to President Jimmy Carter*

"By the end of this decade we will live under the first One World Government that has ever existed in the society of nations... a government with absolute authority to decide the basic issues of survival. One world government is inevitable."

-- *Pope John Paul II*

Quotes regarding the Jesuit Order

"My history of the Jesuits is not eloquently written, but it is supported by unquestionable authorities, is very particular and very horrible. Their restoration is indeed a step toward darkness, cruelty, despotism, and death. ... I do not like the appearance of the Jesuits. If ever there was a body of men who merited eternal damnation on earth and in hell, it is this Society of Ignatius de Loyola."

John Adams (1735-1826; 2nd President of the United States)

"It is my opinion that if the liberties of this country – the United States of America – are destroyed, it will be by the subtlety of the Roman Catholic Jesuit priests, for they are the most crafty, dangerous enemies to civil and religious liberty. They have instigated MOST of the wars of Europe."

Marquis de LaFayette (1757-1834; French statesman and general. He served in the American Continental Army under the command of General George Washington during the American Revolutionary War.)

"The Jesuits...are a secret society – a sort of Masonic order – with superadded features of revolting odiousness, and a thousand times more dangerous."

Samuel Morse (1791-1872; American inventor of the telegraph and co-inventor of the Morse Code; author of the book Foreign Conspiracy Against the Liberties of the United States)

"And who are these agents? They are for the most part, Jesuits, an ecclesiastical order proverbial through the world for cunning, duplicity, and total want of morals principle; an order so skilled in all the arts of deception that even in Catholic countries, in Italy itself, it became intolerable, and the people required its suppression."

Samuel Morse (Foreign Conspiracy Against the Liberties of the United States, Boston, Mss:Crocker & Brewster 1835Vol I, p.55.)

"The Jesuits...are simply the Romish army for the earthly sovereignty of the world in the future, with the Pontiff of Rome for emperor...that's their ideal. ...It is simple lust of power, of filthy earthly gain, of domination – something like a universal serfdom with them as masters – that's all they stand for. They don't even believe in God perhaps."

Fyodor Dostoyevsky (1821-1881; famous Russian novelist)

"The organization of the Hierarchy is a complete military despotism, of which the Pope is the ostensible head; but of which, the Black Pope, is the real head. The Black Pope is the head of the order of the Jesuits, and is called a General. He not only has command of his own order, but directs and controls the general policy of the Church. He is the power behind the throne, and is the real potential head of the Hierarchy. The whole machine is under the strictest rules of military discipline. The whole thought and will of this machine, to plan, propose and execute, is found in its head. There is no independence of thought, or of action, in its subordinate parts. Implicit and unquestioning obedience to the orders of superiors in authority is the sworn duty of the priesthood of every grade..."

U.S. Army Brigadier General Thomas M. Harris (1817–1906; Author of the book Rome's Responsibility for the Assassination of Abraham Lincoln)

"The Jesuits are a military organization, not a religious order. Their chief is the general of an army, not the mere father abbot of a monastery. And the aim of this organization is power – power in its most despotic exercise – absolute power, universal power, power to control the world by the volition of a single man. Jesuitism is the most absolute of despotisms - and at the same time the greatest and most enormous of abuses."

Napoleon I (Napoleon Bonaparte; 1769-1821, Emperor of France)

"The Jesuit Order, therefore, stands before us as the embodiment of a system which aims at temporal political domination through temporal political means, embellished by religion, which assigns to the head of the Catholic religion - the Roman Pope - the role of a temporal overlord, and under shelter of the Pope-King, and using him as an instrument, desires itself to attain the dominion over the whole world."

Count von Hoensbroech, German Noble and ex-Jesuit, Author of Fourth Years a Jesuit, translated by Alice Zimmern, New York. Cassell and Company, Ltd., 1911 Vol. II, p. 430)

"The SS had been organized by Himmler according to the principles of the Jesuit Order. The rules of service and spiritual exercises prescribed by Ignatius de Loyola constituted a model which Himmler strove carefully to copy. Absolute obedience was the supreme rule; every order had to be executed without comment."

Walter Shellenberg (Chief of the Nazi Foreign Intelligence)

"If you trace up Masonry, through all its Orders, till you come to the grand tip-top head Mason of the World, you will discover that the dread individual and the Chief of the Society of Jesus [the Jesuit General] are one and the same person."

James Parton (Noted American historian and popular biographer late 1800's)

"For over 200 years, the goal of the Jesuits has been the complete destruction of the United States Constitution. In the religious arena, the goal of the Jesuits is to wipe out any trace of Protestantism and other religions, and to restore worldwide domination by the pope."

Bill Hughes (from his book "The Secret Terrorists")

"The Jesuit Order at last reached the pinnacle of its power and prestige in the early eighteenth century. It had become more influential and more wealthy than any other organization in the world. It held a position in world affairs that no oath-bound group of men has ever held before or since..."

Boyd Barrett (Author, Ex-Jesuit)

"Nearly all the Kings and Sovereigns of Europe had only Jesuits as directors of their consciences, so that the whole of Europe appeared to be governed by Jesuits only."

Giulio Cesare Cordara (1704–1785) an Italian historian littérateur, and Jesuit

"Never before in the course of the world's history had such a Society [Jesuit Order] appeared. The old Roman Senate itself did not lay schemes for world domination with greater certainty of success."

Friedrich von Hardenberg (German philosopher 1800)

MILITARY MONETARY & SPIRITUAL CONTROL BY ILLUMINATI

The Illuminati use their control over the three most powerful cities in the world to manipulate policy and take over. There are three cities which have been made into City States over the years by top members of the Illuminati. These three cities belong to no nation and pay no taxes.

They are:

Washington's District of Columbia, which is not part of the city of Washington or the United States.

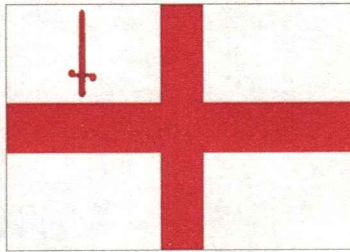

The inner city of London named the Corporation of London, which is not part of London or England.

Vatican City, which is not part of Rome or Italy.

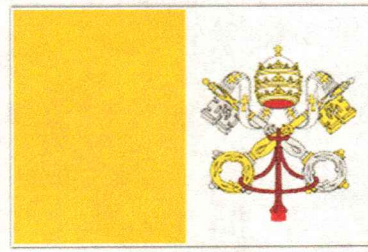

These cities, called City States, have their own independent flag, their own separate laws, their own police force and post office, and their own separate identity.

District of Columbia (Washington DC)

Vatican City

The Illuminati use these three City States to completely manipulate world events.

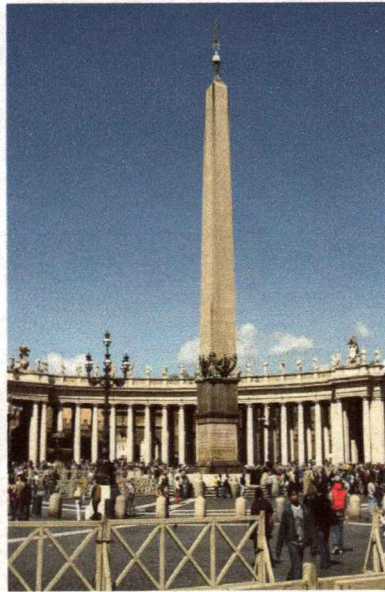

Washington D.C. is used to control military policy and decision making. The Corporation of London is used to completely control banking and finance – as it is the financial center of the world. Vatican City is used to control people and manipulate policies through religion, as the Vatican has influence over many religions and countries. Military, Monetary, & Spiritual control by the Illuminati.

At the centre of each city state is a towering phallic shaped stone monument called an obelisk that points skyward. Obelisks are phallic shaped monuments honoring the pagan sun god of ancient Egypt called Amen Ra.

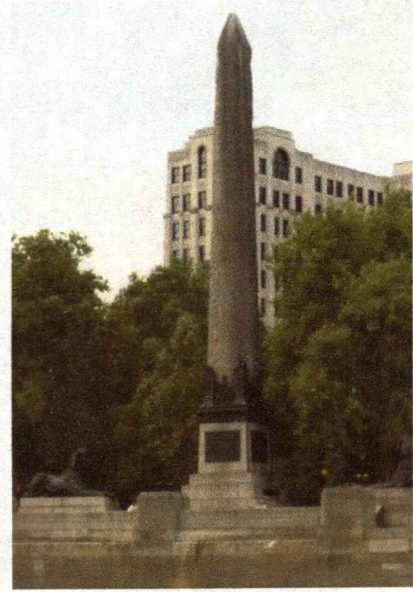

- In Washington D.C., the obelisk known as the Washington monument was dedicated to the freemason George Washington by the Freemason grand lodge of the District of Columbia. 250 Masonic lodges financed the Washington obelisk monument.
- At the heart of London city state is an Egyptian obelisk called Cleopatra's Needle. It was transported from Egypt and erected on the banks of the river Thames.
- In Vatican City, an Egyptian obelisk towers high above St Peter's square.

The female figure we know as The Statue of Liberty is older than most people realize. She has been worshiped by the controlling elite as far back as 4500 BC. She went by another name when she was first printed on currency in the Babylonian times. Her name was Queen Ishtar, or more commonly known as Queen Semiramis.

Knights of Malta

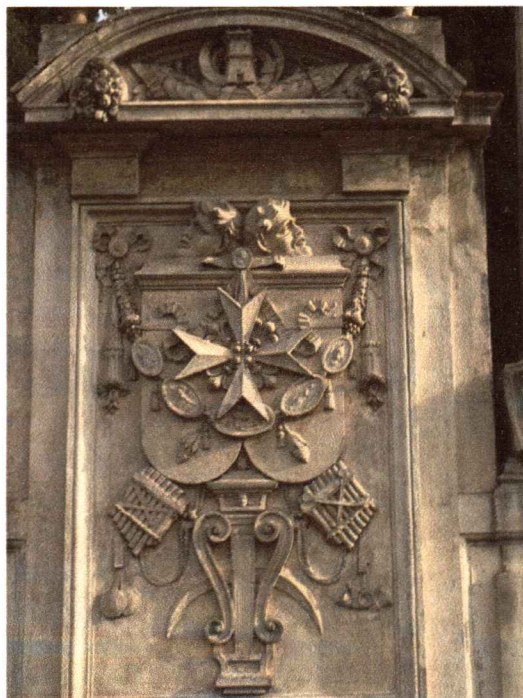

The official name of the Order of Malta is the Sovereign Military Hospitaller Order of St. John of Jerusalem of Rhodes and of Malta. Abbreviations of the name – Sovereign Military Order of Malta (SMOM), Sovereign Order of Malta, or Order of Malta – are often used for legal, diplomatic or communication purposes.

The knights were initially called the Knights Hospitaller. They were also called the Knights of St John because of the Order's patron saint, St. John Baptist, and also of Jerusalem because of their presence in the Holy Land. After conquering the island of Rhodes in 1310, they became the Knights of Rhodes. In 1530, the Emperor Charles V ceded the island of Malta to the Knights. Since then the Order's members are commonly referred to as the Knights of Malta. To protect this heritage, the Order of Malta has legally registered 16 versions of its names and emblems in over 100 countries.

There are several titles and positions within the Order of Malta. The **Sovereign Military Order of Malta (SMOM)** is the highest of positions in the Order – and functions as the military arm of the Jesuit Order.

The Rothschild Family

The Rothschild family has owned and managed all major banking systems in Europe, North America, parts of Asia and Africa. They set up the Federal Reserve Bank in the U.S. in 1913 which is in fact a private bank. During the 19th century, the Rothschild family is believed to have possessed by far the largest private fortune in the world and continues today to have the largest fortune in modern world history. Five lines of the Austrian branch of the family have been elevated to Austrian nobility, being given five hereditary titles of Barons of the Habsburg Empire by Emperor Francis II in 1816. Another line, of the British branch of the family, was elevated to British nobility at the request of Queen Victoria, being given the two hereditary titles of Baronet (1847) and Baron (1885).

THE ORDER'S GOVERNMENT

The Sovereign Order of Malta is a sovereign subject of international law. The Order – which is based in Rome, in via Condotti – has its own Government, an independent magistracy, bilateral diplomatic relations with 104 countries and is granted the status of Permanent Observer in many international organisations, such as the United Nations in Vienna, Geneva and New York. Its operational activities are managed by the six Grand Priors, six Subpriors and 47 National Associations of Knights in the five continents. The Order issues its own passports and stamps and creates public institutions, endowed with independent juridical personality. Order's life is governed by the Constitution and the Code, reformed in 1997.

The Grand Master governs the Order both as sovereign and religious head. He is elected for life, within the professed knights in perpetual vows. He is assisted by and presides over the Sovereign Council, which is composed of four high offices – Grand Commander, Grand Chancellor, Grand Hospitaller, and Receiver of the Common Treasure – as well as six other members, all elected by the Order's Chapter General for a five-year term. The Council of Government and the Board of Auditors, whose compositions reflect the international character of the Order, assist the Grand Master and the Sovereign Council. The Chapter General also elects these two bodies for a five-year term.
